

(4) The *yield to maturity*, or *yield*, is the annualized rate of return to maturity on a fixed principal security expressed as a percentage. For an inflation-indexed security, yield means real yield, as defined in 31 CFR part 356.

(d) On the settlement date, our agent will release the settlement proceeds, less the fee, to the account at the financial institution that you designated.

(e) When the transaction is complete, our agent will send you a confirmation. The confirmation will include the price, trade date, settlement date, settlement amount or net amount, transaction fee, and yield to maturity.

(f) We are not liable for changes in market conditions affecting the price received for the security, or for any loss that you may incur as a result of the sale or the inability of our agent to complete the sale.

(g) We reserve the right to terminate the Sell Direct® service at any time.

**§ 363.210 Is there any period of time during which I will be unable to process certain transactions regarding my security?**

A closed book period will be in effect for four business days prior to the date a marketable security interest or redemption payment is made. This means that certain transactions made during the closed book period will be delayed until after the closed book period is completed and the payment is made. You will be unable to transfer the security, change the payment destination, change the registration of the security, or use Treasury's Sell Direct® service during this closed book period.
