Employee Exceeds Maximum Authorization

- Employee is authorized to move 18,000 Lbs.
- Weight Ticket identifies 22,000 Lbs. (example)
- $22,000 - 18,000 = 4,000$ Lbs. (employee responsible)
 - $4,000 / 22,000 = 18\%$ (charges to employee)
- Agency pays all charges due to TSP
- Agency recoups additional overage amounts from employee

Pre-move Survey *115% Weight Variance Rule

- Pre-move survey indicates 15,000 Lbs. of HHGs.
- Weight Ticket identifies 18,000 Lbs. (example)
- $15,000 \times 115\% = \mathbf{17,250 \text{ Lbs.}}$
 - TSP must notify agency of 115% overage
 - Agency may waive the penalty if TSP justifies weight differential.
 - TSP does not notify agency of overage
 - Agreed weight for assessing charges will be 115% overage (17,250 Lbs)
 - Copy of pre-move survey should be included with billing

*VA Shipments adhere to 110% weight variance rule.

Increase to Valuation

- Full Value Protection (General Rates) = \$5 / Lb. ($\$5 \times \text{Weight}$)
- FVP Service Charge increase = .85 per \$100
 - Applies to household goods shipment
 - *Identified on Bill of Lading, agency pays – recoup from employee
 - Some agencies elect employee to pay charges
- FVP Service Storage Liability Charge = .18 per \$100
 - Applies to shipments going into SIT

Increase to Valuation - Calculation

- 10,000 Lb Shipment (X \$5) = \$50,000
- Increase total valuation on household goods to \$80,000
 - $\$80,000 - \$50,000 = \$30,000$
 - $\$30,000 / \$100 = 300$
 - $300 \times .85 = \$255$ paid by employee
- Storage-in-Transit valuation:
 - $300 \times .18 = \$54$
