

or other services of U.S., Freely Associated State, or foreign carriers by air—through U.S., Freely Associated State, or foreign places—that provide access to the U.S. air transportation system;

(4) Alternative modes of transportation that may be available; and

(5) The peculiar needs of the Freely Associated States for air transportation services.

(b) The Guidelines for Individual Determinations of essential air service set forth in part 398 of this chapter shall be applied only to the extent the Department concludes that they are applicable to the special circumstances affecting transportation to the Freely Associated States and reflective of the provisions of this part.

(c) Nothing in this part shall be construed as providing for a level of essential air service that would exceed the level of service justified by the considerations set forth in paragraph (a) of this section.

#### § 272.7 Notice of discontinuance of service.

(a) An air carrier or Freely Associated State Air Carrier shall not terminate, suspend, or reduce air service to any eligible Freely Associated State place, unless it has given notice as specified in this section, if as a result of the reduction of such service the aggregate of the remaining air service provided to such place would be below:

(1) If the Department has not made a determination of essential air service for such place, the level of service specified in Order 80-9-63; and

(2) If the Department has made a determination of essential air service for such place, that level of essential air service.

(b) An air carrier or Freely Associated State Air Carrier wishing to terminate, suspend or reduce air service under paragraph (a) shall file a notice of such proposed reduction in service at least 90 days prior to such service reduction, in accordance with the procedures specified in §§ 323.4, 323.6, and 323.7 of this chapter.

(c) The notice shall be served on the President and the designated Authorities of the Freely Associated State con-

cerned, in addition to the persons specified in § 323.7.

(d) The procedures specified in §§ 323.9-323.18, to the extent applicable to 90-day notices filed by certificated air carriers, shall also be applicable to notices of terminations, suspensions or reductions in service filed under this section.

#### § 272.8 Obligation to continue service.

(a) If the Department finds that a proposed termination, suspension, or reduction in service by an air carrier or Freely Associated State Air Carrier will, or may, reduce service to an eligible Freely Associated State place below the level of essential air service to such place, whether or not the Department has previously determined the level of essential air service to such place, the Department may direct the air carrier or Freely Associated State Air Carrier concerned to maintain service to such place at a level the Department determines will ensure essential air service to such place, pending the commencement of alternative service as required to maintain the level of essential air service previously, or thereafter, determined by the Department.

(b) During any period the Department requires an air carrier or Freely Associated State Air Carrier to maintain a level of service proposed to be terminated, suspended or reduced, following the filing of a 90 day notice in accordance with § 272.7, the Department will provide for the payment of compensation to such carrier for any losses incurred by that carrier as a result of such required continuation of service in accordance with the procedures set forth in part 271 of this chapter. If the carrier is already receiving compensation pursuant to § 272.9 of this part, the Department will continue to direct payment of such compensation during any period the carrier is required to maintain service. Such payments shall be made by the Department of Interior from funds appropriated for this purpose.

(c) The Department will review its order from time to time and will revise

the level of required service as necessary to maintain only the level of essential air service determined by the Department for that place, considering all other service to such place in accordance with § 272.6(a)(3).

(d) During the period any such air carrier or Freely Associated State Air Carrier is required to maintain service under this section, the Department will make every effort to obtain alternative service, with compensation if necessary, as required to maintain essential air service to such place.

### **§ 272.9 Selection of a carrier to provide essential air service and payment of compensation.**

(a) If the Department finds that essential air service will not be maintained to an eligible Freely Associated State place, the Department shall invite applications to provide the service required to maintain essential air service to such place.

(b) If the Department determines that essential air service will not be provided to such place in the absence of the payment of subsidy compensation to a carrier or carriers, the Department shall determine the compensation necessary, considering all other service to such place in accordance with § 272.6(a)(3), to maintain the level of essential air service determined by the Department under § 272.5, and the times and manner of the payment of such compensation.

(c) The compensation determined by the Department to be necessary to maintain essential air service to such place shall be paid by the Department of Interior out of funds appropriated for that purpose, to the carrier or carriers selected by the Department.

(d) The Department shall continue to specify compensation to be paid to a carrier or carriers under this section only as long as the Department determines that essential air service will not be provided to the Freely Associated State in the absence of the payment of such compensation.

(e) Except as permitted in paragraph (f) of this section, the Department shall select a U.S. air carrier or car-

riers to provide essential air service for compensation.

(f) The Department may select a Freely Associated State Air Carrier, holding a foreign air carrier permit issued in accordance with subpart D of part 211 of this chapter, to provide essential air service for compensation, only if—

(1) No U.S. air carrier is available to provide the required essential air service; or

(2) The compensation necessary for the provision of the required essential air service would be substantially less than the compensation necessary if such essential air service were to be provided by a U.S. air carrier.

(g) Any order of the Department selecting a Freely Associated State Air Carrier to provide such essential air service shall be submitted to the President of the United States not less than 10 days prior to its effective date and shall be subject to stay or disapproval by the President.

(h) Among the criteria that will be considered by the Department in its determination of the carrier or carriers to be selected to perform the required essential air service are:

(1) The desirability of developing an integrated linear system of air transportation whenever such a system most adequately meets the air transportation needs of the Freely Associated States concerned;

(2) The experience of the applicant in providing scheduled air service in the vicinity of the Freely Associated States for which essential air service is proposed to be provided;

(3) The amount of compensation that will be required to provide the proposed essential air service;

(4) The impact of the proposed service on service provided to other Freely Associated State points; and

(5) The views of the Governments of the Freely Associated States concerned.

(i) The Department may from time to time, on its own motion, or upon application of any carrier or government, review and change its selection of a carrier to provide essential air service, or its determination as to the compensation necessary to provide such essential air service.
