Indirect costs mean those costs of a Head Start agency, as approved by the cognizant agency, the agency which has authority to set the grantee's indirect cost rate, which are not readily identifiable with a particular project or program but nevertheless are necessary to the general operation of the agency and the conduct of its activities.

Major disaster means any natural disaster or catastrophe which is of such severity and magnitude as to directly affect the capability of the Head Start agency of agencies providing Head Start programs to the damaged community to continue the programs without an increase in the Federal share above 80 percent.

Program costs mean costs incurred in accordance with an approved Head Start budget which directly relate to the provision of program component services, including services to children with disabilities, as set forth and described in the Head Start Program Performance Standards (45 CFR part 1304).

Responsible HHS official means the official of the Department of Health and Human Services who has authority to make grants under the Act.

Total approved costs mean the sum of all costs of the Head Start program approved for a given budget period by the Administration on Children, Youth and Families, as indicated on the Financial Assistance Award. Total approved costs consist of the Federal share plus any approved non-Federal share, including non-Federal share above the statutory minimum.
