PURPOSE OF THE SURVEY AND WHO SHOULD RESPOND

The primary purpose of the Institutional Characteristics (IC) component of IPEDS is to collect the basic data that identify and describe the universe of postsecondary education institutions in the United States and its outlying areas. Each institution or branch campus should file a separate report so that they can be listed in the Directory of Postsecondary Institutions.

USES OF THE DATA

Survey results will be used in a variety of ways. For example, they will be used as the source file for sample design and selection for the remaining IPEDS surveys and other data collection activities involving postsecondary education institutions. Other uses include generating basic counts of institutions in each State by type, control, and other key institutional characteristics; compiling directories of postsecondary education institutions that will be made available to the general public; and incorporating results into Career Information Delivery Systems throughout the nation. The data are extremely valuable for survey research design, statistical analysis, and general information purposes.

The definitions and instructions for compiling IPEDS data have been designed to minimize comparability problems. However, postsecondary education institutions differ widely among themselves. As a result of these differences, comparisons of data provided by individual institutions may be misleading.

1c. Instructional activity is requested below ONLY for courses taken for credit as well as courses that are part of an occupational or vocational program. *Instructional activity is the enrollment in a course multiplied by the credit hour (or contact hour) value of the course.* Please read the survey instructions for Part E, question 1c, before computing credit hour activity and/or contact hour activity. Do not convert credit hour activity into contact hour activity, or vice versa.

Courses measured in terms of credit hours should be included on lines 1, 3, and 4, as appropriate. Undergraduate courses measured in terms of contact or clock hours should be included on line 2. GENERAL INSTRUCTIONS — IC-1

Please respond to each item on this report in the space provided. The Glossary provides definitions of terms used in this report.

NOTE — The completion of this survey, in a timely and accurate manner, is MANDATORY for all institutions which participate or are applicants for participation in any Federal financial assistance program authorized by Title IV of the Higher Education Act of 1965, as amended. The completion of this survey is mandated by 20 U.S.C. 1094 (a)(17).

For those institutions not required to complete this survey on the basis of the above requirements, the completion of this survey is voluntary and authorized by 20 U.S.C. 1221e-1.

INSTITUTIONAL IDENTIFICATION

Mail to — In this block, please provide the address to which IPEDS forms should be mailed. This address can be the physical location of the school or it may be the address of a central, system, or corporate office, or other branch campus located elsewhere.

Institution name and address — This is the full name of the institution covered by this report and the physical location of the institution, including 9-digit ZIP Code (if known), as it should appear in an institutional listing.

Employer ID number — Enter the Employer Identification Number (EIN) which is the 9-digit number that the Internal Revenue Service (IRS) assigned to the institution for tax purposes.

Name and title of chief administrator of institution — Provide the name and title of the chief administrator of the entity covered by this report. (Example: President, Chancellor, Provost, etc.)

Telephone numbers — These are the telephone numbers for general information inquiries, the Financial Aid Office, and the Admissions Office.

Respondent — Enter the name and telephone number of the person responsible for completing this report.

County or city location of institution and Congressional District — Provide the name of the county or independent city in which your entity is located and the Congressional District number.

PART A — TYPES OF EDUCATIONAL OFFERINGS

These questions are asked to verify the inclusion of this institution on the NCES/IPEDS list of institutions and agencies offering all types of postsecondary education. Postsecondary education is the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is academic, vocational, and continuing professional education, and excludes avocational and adult basic education programs.

PART B — ORGANIZATION AND ACCREDITATION

The purpose of question 1 in this section is to identify the institution or entity that will be responsible for completing this and other IPEDS survey forms. For individual institutions this will simply be the institution itself. However, for groups of institutions organized into systems or corporations, an administrative unit (such as the central, system, or corporate office), or the main campus, or one of the branch campuses may complete separate survey forms for itself and for all of the campuses of the institution. If you believe that your response to this section does not adequately describe the reporting process in your organization, call your State Coordinator or the Census Bureau representative.

1. If this entity (institution or administrative unit) will complete any IPEDS survey forms for other institutions or branches, provide the information requested in this item. If this entity is an institution of postsecondary education, or branch of such an institution, also complete the rest of the survey. If this entity is an administrative unit only, stop after completing pages 1–4. All entities should return the completed survey to the address shown on page 1.

2. Institutional control or affiliation — Indicate the appropriate form of control or affiliation under which the institution operates. Affiliation with a religious group need not imply financial backing. Mark the appropriate religious affiliation. If the religious affiliation is Protestant or Other, specify the denomination. If more than one response is appropriate, mark all that apply, but do not indicate both public and private, or both nonprofit and profit-making.

3. Award levels — Check all applicable levels for all credit programs offered at this institution. Award levels are identified on the basis of either recognition for their completion, or duration, or a combination thereof.

Boxes (1), (2), and (4) — Note that these categories are differentiated on the basis of length of programs and refer to completions below the level of the baccalaureate degree. Do not designate the categories on the basis of the terminology used by the institution to describe these completions. All references to length of study should be interpreted to mean the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time periods. One academic year equals 30 semester credit hours or its equivalent, or 900 contact or clock hours of instruction.

Boxes (3), (5), (7), (9), and (10) Indicate those degree levels for which the institution is authorized to make formal awards.

Boxes (6), (8), and (11) Indicate programs for which the institution offers formal recognition at these levels. Examples might be additional credit hours needed to complete licensure requirements; refresher courses in any technical or professional area; certificates of competency (for example in performing arts); or advanced work that does NOT meet the requirements of the next higher degree but constitutes an organized program of study and is recognized by the institution.

Administrative unit — An administrative unit is the office in a multi-campus environment responsible for the completion of the IPEDS survey forms for the campuses (main and branch) of the school. An administrative unit conducts no classes. The administrative office for a one-campus school is not considered an administrative unit for IPEDS reporting purposes. If this entity, as named on page 1, box 1, is an administrative unit only, stop after completing all of page 4 and return the completed survey to the address shown on page 1.

4. No formal award programs — Indicate whether this institution offers programs with stated occupational objectives and well-defined completion requirements that do not lead to a formal award.

5. Two-year provision — Indicate whether this institution has been offering postsecondary instruction on a continuous basis for at least 2 years (except for normal vacation periods). A change in name or ownership of the institution during this 2-year period is not relevant in answering this question.

REMOVE INSTRUCTIONS BEFORE MAILING AND RETAIN FOR YOUR FILES.

GENERAL INSTRUCTIONS – IC-1 — Continued

PART B — ORGANIZATION AND ACCREDITATION — Continued

- 6. Institutional accreditation** — Indicate the types of agencies which accredit this institution.
- 7. National institutional or specialized accreditation** — If this institution or any of its programs, departments, or schools is currently accredited by any of the national institutional or specialized accrediting agencies recognized by the Secretary, U.S. Department of Education (Higher Education and Occupational/Vocational Institution Eligibility Agencies) which are listed on pages 6–8, mark the appropriate box(es) for all that apply.

PART C — CALENDAR, ADMISSION REQUIREMENTS, AND SERVICES

- 1. Calendar system** — Indicate the predominant calendar on which the institution operates. If courses or programs are offered on more than one calendar, select the system under which most courses or programs are offered. If there is no predominant calendar system at this institution, mark (X) box 5, 6, or 7, as appropriate.
- 2. Location of course instruction** — Indicate all locations where credit or noncredit courses are offered. The intent of this item is to identify geographically dispersed sites used for instructional offerings. Do not use the category of "Abroad" to refer to study-abroad programs that involve travel or visitation in other countries.
- 3. Types of facilities used for course instruction** — Indicate all of the types of facilities at which credit or noncredit course instruction is offered. Do not include facilities such as rented space on or adjacent to primary campuses.
- 4. Course instruction at military installations** — Indicate whether your institution offers credit courses at military installations in States and territories and/or abroad.
- 5. Admission requirements** — This item refers to undergraduate credit programs only. Mark the types of information that are used as part of the selection process for freshmen entering your institution. Mark "no entering freshmen" if yours is an upper level, graduate, or first-professional only institution.
- 6. Further admissions requirements** — This item refers to institutions that limit entrance to students who have completed certain academic requirements. Indicate the level of completion required.
- 7. University without walls** — Indicate whether there are special programs that are characterized by open admission policies, external degree programs, or use of nontraditional instructional delivery systems (telecourses, etc.)
- 8. Modes of instruction** — For credit and noncredit activities separately, indicate from the choices listed all of the types of instructional delivery that are employed by the institution at any of its locations. This list is not intended to be exhaustive, and omits the more traditional instructional modes.

Work in a job-related setting with pay could include programs in which substantial periods of academic study alternate with work for pay in industries and occupations which are the objectives of the program. It could also include employment held simultaneously with instruction if the employment was considered an integral part of the program. Include research and teaching assistantships here.

Work in a job-related setting without pay could include student/practice teaching or unpaid internships.

- 9. Selected student services** — Indicate which of the selected services are provided for students at the institution. Mark "remedial services" if the institution has either required or voluntary activities designed to raise basic achievement levels or to improve basic skills. Include day care if the service is available, whether or not enrollees are charged a fee.
- 10. Library** — Indicate whether this institution has its own library, shares a library, or has no facility.

PART D — STUDENT CHARGES

It is recognized that tuition and required fees and room and board charges may not be the same for all students at an institution. Therefore, please be guided by the following —

- Report tuition and fees charged to in-district, in-State and out-of-State students as requested.
- Include all fixed sum charges which are REQUIRED of such a large proportion of all students that the student who does not pay the charges is an exception.
- Do not include any charges which are clearly optional.
- If the institution has a single lump-sum charge for tuition, required fees, and room and board, apportion the lump-sum charges among the appropriate categories so that tuition and fees and room and board can be analyzed separately.

Data items to be completed.

- 1. Enrollment of full-time students** — Indicate if your institution enrolls any students on a full-time basis. If not, skip to Part E.
- 2. Application fee** — If your institution charges an application fee for admission, indicate the amount.
- 3. Charge variations** — This applies to full-time undergraduate students only. Indicate whether there are different tuition and fee charges for the different undergraduate levels or different undergraduate instructional programs.
- 4. Basis for charging full-time undergraduate students** — Indicate whether a flat rate or per hour charge is used to establish tuition charges for full-time undergraduate students. In either case, indicate the basis for the charge. If a flat rate is charged and a range of credit hours is permitted, provide the minimum and maximum number of credit hours. If a combination of BOTH a flat rate and a per hour charge is made by your institution, mark box 2 and box 3 in item 4.
- 5. and 6. Typical tuition and required fees for undergraduate and graduate students** — Enter in the spaces provided the dollar amount of tuition and required fees for an academic year most frequently charged to each of the types of full-time students indicated. If data were provided by your institution last year, they are preprinted for your convenience in reporting updated information for the current academic year. **Note** — If tuition is charged on a per credit hour basis, multiply the charge per credit hour by the number of hours that would normally be required per academic year to complete a degree or program at the level indicated and add the typical required fees.

Undergraduate students include: **(1)** those who have not obtained a bachelor's degree; **(2)** all students in bachelor's degree programs which require at least 4 years but fewer than 6 years of college work; and **(3)** all students in occupational or general study programs requiring 1, 2, or 3 years of college work and which are designed to prepare students for immediate employment, or to provide general education rather than as the first 1, 2, or 3 years of a bachelor's degree program.

GENERAL INSTRUCTIONS – IC-1 — Continued

Graduate students are those who have attained at least one standard bachelor's degree or first-professional degree and are or could be candidates for Master's or Doctor's degrees. DO NOT include candidates for the degrees of D.P.M., D.D.S., D.M.D, M.D., O.D., D.O., D.V.M., L.L.B., J.D., B.D., or other first-professional degrees.

In **5c**, enter the typical number of credit (or contact) hours taken by a full-time undergraduate student in a full academic year. Answer in credit hours or contact hours, but not both. Provide a single figure, not a range of hours. In **6c**, enter the typical number of credit hours taken by a full-time graduate student in a full academic year.

7. Tuition and required fees for first-professional programs — Enter in the spaces provided the dollar amount of in-State and out-of-State tuition and required fees for an academic year charged to full-time students in each of the first-professional programs offered at this institution, or mark box **7a** if you have no full-time first-professional students.

In **7c**, enter the typical number of credit hours taken by a full-time first-professional student in a full academic year. Provide a single figure, not a range of hours.

8. and 9. Typical room and board charges — Check the appropriate boxes in questions **8a** and **8b** to indicate if this institution provides room and board to students. Report the total dormitory capacity (number of students) for an academic year in **8a**, if applicable. Report the number of meals per week covered by the board charge in **8b**, if applicable. If there is not a fixed number of meals per week covered by the board charge, check the box provided for this purpose in **8b** instead. If your institution reported the number of meals per week on last year's survey form, the number is provided for reference.

Report the typical room charge (for an academic year) to a full-time student sharing a room with one other student in **9a**, if applicable. Report the typical board charge (for an academic year) to a full-time student in **9b**, if applicable. DO NOT report the total of **9a** and **9b** in **9c**.

If this institution assesses a combined charge for room and board, report these charges separately in **9a** and **9b** if possible. If the room and board charge CANNOT BE SEPARATED, report the combined charge in **9c**.

Room and board charges reported on the previous year's survey form are included for reference.

PART E — ENROLLMENT AND INSTRUCTIONAL ACTIVITY

NOTE — Part E requests data for academic year 1993–94, unlike Parts A–D and Part F which request data for academic year 1994–95. Please read the definition of credit course in the glossary before completing this section of the survey form.

Total activity

1a. Fall enrollment — Report the total number of students enrolled for credit at your institution as of October 15, 1993, or on your institution's official fall reporting date. If your institution received the 1993 Fall Enrollment survey, report here the sum of columns 15 and 16 on line 29 of the survey. If your institution received the 1993 Consolidated survey instead, report the sum of columns 15 and 16 on line 29 of Part A of that survey. This number will include students taking courses for credit as well as those enrolled in occupational and vocational programs. This number will be preprinted on your form if your institution provided the data last year.

1b. Unduplicated headcount during 12-month period

Coverage — Institutions should report an unduplicated count of the total number of students by level (undergraduate, graduate, or first-professional) enrolled

during the 12-month reporting period in any courses leading to a degree or other formal award AND any students enrolled in courses that are part of a terminal vocational or occupational program. DO NOT report students whose only credit was at a branch campus in a foreign country.

DO NOT include interns or residents as those students have already received their first-professional degrees and are NOT included in surveys of fall enrollment.

How to report unduplicated headcount —

- Report students according to the level of their standing with the institution. Students who already hold a baccalaureate degree but are enrolled as an undergraduate for additional undergraduate courses should be counted as undergraduates. Students admitted with graduate standing should be counted as graduate students even if they are taking some undergraduate courses.
- In order to determine an unduplicated number of students enrolled, count each student only once during the 12-month period. Example 1: If a student enrolls in the fall term, drops out in winter, but enrolls again in spring, count that student once. Example 2: If a student is an undergraduate in the fall and a graduate in the spring, count the student at his/her highest level attained.

1c. Instructional activity

Coverage —

Credit hour activity — Include instructional activity in all courses offered for credit that are measured in terms of credit hours, regardless of whether the student completes the course. (See the Glossary for the definition of "credit course.") GENERAL INSTRUCTIONS – IC-1 — Continued

PART E — ENROLLMENT AND INSTRUCTIONAL ACTIVITY — Continued

Level of course — The level of each course (undergraduate, first-professional, or graduate) should be the level of the course as designated by the institution.

If there are courses that cannot be assigned to a single level (e.g., if some courses serve both undergraduates and graduates), partition the enrollment in the course based on the level of the student. For example, credit enrollment in a course may be partitioned between the undergraduate and graduate levels and the instructional activity for the course partitioned between 1c1 and 1c3.

Special cases — If there are special cases where courses are not measured in terms of credit hours or contact hours (such as first- professional programs), use the worksheet area following Part E, question 1c to estimate instructional activity.

How to compute instructional activity —

Credit hour activity — In computing credit hour activity, include ONLY those courses offered for credit that are measured in terms of credit hours, as well as courses that are part of an occupational or vocational program that are measured in terms of credit hours. DO NOT CONVERT CONTACT HOUR ACTIVITY INTO CREDIT HOUR ACTIVITY. To determine the credit hour activity for a course, multiply the CREDIT HOUR value of the course by the number of students enrolled in the course for credit. (NOTE — The number of students enrolled in the course is the number enrolled at the close of the official add period for each term. If there is no official add period, report as of the 15th day of each regular term and the 5th day of each summer or short term.)

Example: The credit hour activity for a 3-credit course with an enrollment of 30 students is 90 credit hours. Using this method, compute the credit hour activity for each course and then sum the activity for all credit hour courses for the specified period (12-month period or fall term).

Contact hour activity — In computing contact hour activity, include ONLY those courses offered for credit that are measured in terms of contact or clock hours, as well as courses that are part of an occupational or vocational program that are measured in terms of contact or clock hours. DO NOT CONVERT CREDIT HOUR ACTIVITY INTO CONTACT HOUR ACTIVITY. To determine the contact hour activity for a course, multiply the CONTACT HOUR value of the course by the number of students enrolled in the course for credit. (NOTE — The contact hour value of a course is the number of hours per week that the course meets times the number of weeks the course is given. For example, a 3-week real estate licensure course that meets 15 hours per week has a value of 45 contact hours. The number of students enrolled in the course is the number enrolled at the close of the official add period for each term. If there is no official add period, report as of the 15th day of each regular term, and the 5th day of each summer or short term.)

Example: The contact hour activity for a 900-contact hour course with an enrollment of 20 is 18,000 contact hours. Using this method, compute the contact hour activity for each course and then sum the activity for all contact hour courses for the specified period (12-month period or Fall Term). If a course does not end within the 12-month period (e.g., if only 40 weeks of a 64-week course fall within the specified period 12-month period), see the special instructions below to determine the computation of instructional activity for these courses.

Special Instructions — If a course does not end within the specified 12-month period, the instructional activity for the course should be reported only for the number of weeks which do fall within the 12-month period. For example, if only 40 weeks of a 64 week course (which meets 15 hours per week and has an enrollment of 30 students) falls within the 12-month period, the contact hour activity for this course would be computed as follows: 40 weeks x 15 hours per week x 30 students = 18,000 contact hours.

- 2. Summer session activity** — In **2a** indicate whether your institution offers a summer session. If it does, indicate whether it functions independently of the main academic portion of this institution (i.e., may have its own funding, admissions requirements, course offerings, completions requirements and/or recordkeeping) and whether summer session enrollment is included in the unduplicated count data in question 1b and in the instructional activity data in question 1c.

Report in **2b** the number of students enrolled (total headcount) for credit as well as students taking courses that are part of a terminal occupational or vocational program, in the summer session specified.

Report in **2c** the total instructional activity for the summer session, using the instructions for Part E, item 1c for general guidance.

The location of the facility is not a determining factor.

SPECIALIZED ACCREDITATION — Specialized accreditation normally applies to evaluation of programs, departments or schools which usually are parts of a total collegiate or other postsecondary institution. The unit accredited may be as large as a college or school within a university or as small as a curriculum within a discipline. Most of the specialized accrediting agencies review units within a postsecondary institution which is accredited by one of the regional accrediting commissions. However, certain of the specialized accrediting agencies do accredit professional schools and other specialized or vocational or other postsecondary institutions which are free-standing in their operations. Thus, a "specialized" or "programmatic" accrediting agency may also function in the capacity of an "institutional" accrediting agency. In addition, a number of specialized accrediting agencies accredit educational programs within non-educational settings, such as hospitals.

STANDARDIZED ADMISSIONS TESTS — Tests prepared and administered by an agency independent of any postsecondary education institution, for purposes of making available to prospective students, information about the students' academic qualifications relative to a national sample. Examples are the Scholastic Aptitude Test (SAT) and the American College Testing (ACT).

SUMMER SESSION — A summer session is shorter than a regular semester and not considered part of the academic year. It is not the third term of an institution operating on a trimester system or the fourth term of an institution operating on a quarter calendar system. If an institution has two or more sessions occurring in the summer months, add the activity for each session and enter the total on the form. Some schools, such as vocational and beauty schools, have year-round classes with no separate summer session.

SUPPLEMENTARY EDUCATIONAL OPPORTUNITY GRANTS (SEOG) — (Higher Education Act of 1965, as amended, Title IV, Part 2, Subpart Z, Public Laws 89-329, 92-318, 94-482, et al; 20 USC 1070b-1070b-3.) Provides eligible undergraduate postsecondary students with demonstrated financial need with grant assistance to help meet educational expenses. The grants are made directly to institutions of higher education, which select students for the awards.

TEST OF ENGLISH AS A FOREIGN LANGUAGE (TOEFL) — Standardized test designed to determine an applicant's ability to benefit from instruction in English.

TRIMESTER — An academic year consisting of 3 terms of about 15 weeks each.

TUITION AND REQUIRED FEES —

PURPOSE OF THE SURVEY AND WHO SHOULD RESPOND

The primary purpose of the Institutional Characteristics (IC) component of IPEDS is to collect the basic data that identify and describe the universe of postsecondary education institutions in the United States and its outlying areas. Each institution or branch campus should file a separate report so that they can be listed in the Directory of Postsecondary Institutions.

USES OF THE DATA

Survey results will be used in a variety of ways. For example, they will be used as the source file for sample design and selection for the remaining IPEDS surveys and other data collection activities involving postsecondary education institutions. Other uses include generating basic counts of institutions in each State by type, control, and other key institutional characteristics; compiling directories of postsecondary education institutions that will be made available to the general public; and incorporating results into Career Information Delivery Systems throughout the nation. The data are extremely valuable for survey research design, statistical analysis, and general information purposes.

The definitions and instructions for compiling IPEDS data have been designed to minimize comparability problems. However, postsecondary education institutions differ widely among themselves. As a result of these differences, comparisons of data provided by individual institutions may be misleading.

GENERAL INSTRUCTIONS — IC-2

Please respond to each item on this report in the space provided. The Glossary provides definitions of terms used in this report.

NOTE — The completion of this survey, in a timely and accurate manner, is MANDATORY for all institutions which participate or are applicants for participation in any Federal financial assistance program authorized by Title IV of the Higher Education Act of 1965, as amended. The completion of this survey is mandated by 20 U.S.C. 1094 (a)(17).

For those institutions not required to complete this survey on the basis of the above requirements, the completion of this survey is voluntary and authorized by 20 U.S.C.1221e-1.

INSTITUTIONAL IDENTIFICATION

Mail To — In this block, please provide the address to which IPEDS forms should be mailed. This address can be the physical location of the school or it may be the address of a central, system, or corporate office, or other branch campus located elsewhere.

Institution name and address — This is the full name of the institution covered by this report and the physical location of the institution, including 9-digit ZIP Code (if known), as it should appear in an institutional listing.

Employer ID number — Enter the Employer Identification Number (EIN) which is the 9-digit number that the Internal Revenue Service (IRS) assigned to the institution for tax purposes.

Name and title of chief administrator of institution — Provide the name and title of the chief administrator of the entity covered by this report. (Example: President, Chancellor, Provost, etc.)

Telephone numbers — These are the telephone numbers for general information inquiries, the Financial Aid Office, and the Admissions Office.

Respondent — Enter the name and telephone number of the person responsible for completing this report.

County or city location of institution and Congressional District — Provide the name of the county or independent city in which your entity is located and the Congressional District number.

PART A — TYPES OF EDUCATIONAL OFFERINGS

These questions are asked to verify the inclusion of this institution on the NCES/IPEDS list of institutions and agencies offering all types of postsecondary education. Postsecondary education is the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is academic, vocational, and continuing professional education, and excludes avocational and adult basic education programs.

PART B — ORGANIZATION AND ACCREDITATION

The purpose of question 1 in this section is to identify the institution or entity that will be responsible for completing this and other IPEDS survey forms. For individual institutions this will simply be the institution itself. However, for groups of institutions organized into systems or corporations, an administrative unit (such as the central, system, or corporate office), or the main campus, or one of the branch campuses may complete separate survey forms for itself and for all of the campuses of the institution. If you believe that your response to this section does not adequately describe the reporting process in your organization, call your State Coordinator or the Census Bureau representative.

1. If this entity (institution or administrative unit) will complete any IPEDS survey forms for other institutions or branches, provide the information requested in this item. If

this entity is an institution of postsecondary education, or branch of such an institution, also complete the rest of the survey. If this entity is an administrative unit only, stop after completing page 4. All entities should return the completed survey to the address shown on page 1.

2. **Institutional control or affiliation** — Indicate the appropriate form of control or affiliation under which the institution operates. Affiliation with a religious group need not imply financial backing. Mark the appropriate religious affiliation. If the religious affiliation is Protestant or Other, specify the denomination. If more than one response is appropriate, mark all that apply, but do not indicate both public and private, or both profit-making and nonprofit.

3. **Award levels** — Check all applicable levels for all credit programs offered at this institution. Award levels are identified on the basis of either recognition for their completion, or duration, or a combination thereof.

Boxes (1), (2), and (4) — Note that these categories are differentiated on the basis of length of programs and refer to completions below the level of the baccalaureate degree. Do not designate the categories on the basis of the terminology used by the institution to describe these completions. All references to length of study should be interpreted to mean the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time periods. One academic year equals 30 semester credit hours or its equivalent, or 900 contact or clock hours of instruction.

Boxes (3), (5), (7), (9), and (10) indicate those degree levels for which the institution is authorized to make formal awards.

Boxes (6), (8), and (11) indicates programs for which the institution offers formal recognition at these levels. Examples might be additional credit hours needed to complete licensure requirements; refresher courses in any technical or professional area; certificates of competency (for example in performing arts); or advanced work that does NOT meet the requirements of the next higher degree but constitutes an organized program of study and is recognized by the institution.

Administrative unit — An administrative unit is the office in a multi-campus environment responsible for the completion of the IPEDS survey forms for the campuses (main and branch) of the school. An administrative unit conducts no classes. The administrative office for a one-campus school is not considered an administrative unit for IPEDS reporting purposes. If this entity as named on page 1, box 1, is an administrative unit only, stop after completing all of page 4 and return the completed survey to the address shown on page 1.

4. **No formal award program** — Indicate whether this institution offers programs with stated occupational objectives and well-defined completion requirements that do not lead to a formal award.

REMOVE INSTRUCTIONS BEFORE MAILING AND RETAIN FOR YOUR FILES.

GENERAL INSTRUCTIONS – IC-2 — Continued

PART B — ORGANIZATION AND ACCREDITATION — Continued

- 5. Two-year provision** — Indicate whether this institution has been offering postsecondary instruction on a continuous basis for at least 2 years (except for normal vacation periods). A change in name or ownership of the institution during this 2-year period is not relevant in answering this question.
- 6. Institutional accreditation** — Indicate the types of agencies which accredit this institution.
- 7. National institutional or specialized accreditation** — If this institution or any of its programs, departments, or schools is currently accredited by any of the national institutional or specialized accrediting agencies recognized by the Secretary, U.S. Department of Education (Higher Education and Occupational/Vocational Institution Eligibility Agencies) which are listed on pages 6—8, mark the appropriate box(es) for all that apply.

PART C — CALENDAR, ADMISSION REQUIREMENTS, AND SERVICES

- 1. Calendar system** — Indicate the predominant calendar on which the institution operates. If courses or programs are offered on more than one calendar, select the system under which most courses or programs are offered. If there is no predominant calendar system at this institution, mark (X) box 5, 6, or 7, as appropriate.
- 2. Location of course instruction** — Indicate all locations where credit or noncredit courses are offered. The intent of this item is to identify geographically dispersed sites used for instructional offerings. Do not use the category of "Abroad" to refer to study-abroad programs that involve travel or visitation in other countries.
- 3. Types of facilities used for course instruction** — Indicate all of the types of facilities at which credit or noncredit course instruction is offered. Do not include facilities such as rented space on or adjacent to primary campuses.
- 4. Course instruction at military installations** — Indicate whether your institution offers credit courses at military installations in States and territories and/or abroad.
- 5. Admission requirements** — This item refers to credit programs only. Mark the types of information that are used as part of the selection process for students entering your institution.
- 6. Modes of instruction** — For credit and noncredit activities separately, indicate from the choices listed all of the types of instructional delivery that are employed by the institution at any of its locations. This list is not intended to be exhaustive, and omits the more traditional instructional modes.

Work in a job-related setting with pay could include programs in which substantial periods of academic study alternate with work for pay in industries and occupations which are the objectives of the program. It could also include employment held simultaneously with instruction if the employment was considered an integral part of the program. Include research and teaching assistantships here.

Work in a job-related setting without pay could include student/practice teaching or unpaid internships.
- 7. Selected student services** — Indicate which of the selected services are provided for students at the institution. Mark "remedial services" if the institution has either required or voluntary activities designed to raise basic achievement levels or to improve basic skills. Include day care if the service is available, whether or not enrollees are charged a fee.

- 8. Library** — Indicate whether this institution has its own library, shares a library, or has no facility.

PART D — STUDENT CHARGES

It is recognized that tuition and required fees and room and board charges may not be the same for all students at an institution. Therefore, please be guided by the following —

- Report tuition and fees charged to in-district, in-State and out-of-State students as requested.
- Include all fixed sum charges which are REQUIRED of such a large proportion of all students that the student who does not pay the charges is an exception.
- Do not include any charges which are clearly optional.
- If the institution has a single lump-sum charge for tuition, required fees, and room and board, apportion the lump-sum charges among the appropriate categories so that tuition and fees and room and board can be analyzed separately.

Data items to be completed.

- 1. Enrollment of full-time students** — Indicate if your institution enrolls any students on a full-time basis. If not, skip to Part E.
- 2. Application fee** — If your institution charges an application fee for admission, indicate the amount.
- 3. Charge variations** — This applies to full-time students only. Indicate whether there are different tuition and fee charges for the different enrollment levels or different instructional programs.
- 4. Basis for charging full-time students** — Indicate whether a flat rate or per hour charge is used to establish tuition charges for full-time students. In either case, indicate the basis for the charge. If a flat rate is charged and a range of credit hours is permitted, provide the minimum and maximum number of credit hours. If a combination of BOTH a flat rate and a per hour charge is made by your institution, mark box 2 and box 3 in item 4.
- 5. Typical tuition and required fees** — Enter in the spaces provided the dollar amount of tuition and required fees for an academic year most frequently charged to each of the types of full-time students indicated. If data were provided by your institution last year, they are preprinted for your convenience in reporting updated information for the current academic year. **Note** — If tuition is charged on a per credit hour basis, multiply the charge per credit hour by the number of hours that would normally be required per academic year to complete a degree or program and add the typical required fees.

In **5c**, enter the typical number of credit (or contact) hours taken by a full-time student in a full academic year. Answer in credit hours or contact hours, but not both. Provide a single figure, not a range of hours.
- 6. and 7. Typical room and board charges** — Check the appropriate boxes in questions **6a** and **6b** to indicate if this institution provides room and board to students. Report the total dormitory capacity (number of students) for an academic year in **6a**, if applicable. Report the number of meals per week covered by the board charge in **6b**, if applicable. If there is not a fixed number of meals per week covered by the board charge, check the box provided for this purpose in **6b** instead. If your institution reported the number of meals per week on last year's survey form, the number is provided for reference.

Report the typical room charge (for an academic year) to a full-time student sharing a room with one other student in **7a**, if applicable. Report the typical board charge (for an academic year) to a full-time student in **7b**, if applicable. DO NOT report the total of **7a** and **7b** in **7c**.

GENERAL INSTRUCTIONS – IC-2 — Continued

If this institution assesses a combined charge for room and board, report these charges separately in **7a** and **7b** if possible. If the room and board charge CANNOT BE SEPARATED, report the combined charge in **7c**.

Room and board charges reported on the previous year's survey form are included for reference.

PART E — ENROLLMENT AND INSTRUCTIONAL ACTIVITY

NOTE — Part E requests data for academic year 1993–94, unlike Parts A–D and Part F which request data for academic year 1994–95. Please read the definition of credit course in the glossary before completing this section of the survey form.

Total activity —

1a. Fall enrollment — Report the total number of students enrolled for credit at your institution as of October 15, 1993, or on your institution's official fall reporting date. If your institution received the 1993 Fall Enrollment survey, report here the sum of columns 15 and 16 on line 29 of the survey. If your institution received the 1993 Consolidated survey instead, report the sum of columns 15 and 16 on line 29 of Part A of that survey. This number will include students taking courses for credit as well as those enrolled in occupational and vocational programs. This number will be preprinted on your form if your institution provided the data last year.

1b. Unduplicated headcount during 12-month period

Coverage — Institutions should report an unduplicated count of the total number of students enrolled during the reporting period in any courses leading to a degree or other formal award AND any students enrolled in courses that are part of a terminal vocational or occupational program. DO NOT report students whose only credit was at a branch campus in a foreign country.

How to report unduplicated headcount —

— In order to determine an unduplicated number of students enrolled, count each student only once during the 12-month period. For example, if a student enrolls in the fall term, drops out in winter, but enrolls again in spring, count that student once.

1c. Instructional activity

Coverage —

Credit hour activity — Include instructional activity in all courses offered for credit that are measured in terms of credit hours, regardless of whether the student completes the course. (See the Glossary for the definition of "credit course.") Also include credit courses comprising part of a vocational or occupational program that are measured in terms of credit hours, regardless of whether these courses lead to a formal award by the institution. Include credit courses taken by high school students. Do not include credit courses that are audited by students, or credit courses of students studying abroad. If your institution does not offer credit hour courses, leave line 1 blank.

Contact hour activity — Include instructional activity in all courses offered for credit that are measured in terms of contact or clock hours, regardless of whether the student completes the course. (See the Glossary for the definition of "credit course.") Also include courses that are part of a terminal occupational or vocational program that are measured in contact or clock hours, regardless of whether these courses lead to a formal award by the institution. Include credit courses taken by high school students. Do not include credit courses that are audited by students, or credit courses of students studying abroad. If your institution does not offer contact hour courses, leave the line blank.

Total activity for 12-month period — Report the total credit hour and contact hour activity for all students for the entire year. Include all short courses as well as regular academic terms. *Read the instructions below entitled "How to compute instructional activity" before providing the 12-month instructional activity data.*

Activity in fall term — Report the total credit hour activity and contact hour activity for the previous fall term. These data should also be included as part of the 12-month instructional activity data. *Read the instructions below entitled "How to compute instructional activity" before providing the fall term instructional activity data.* If your institution has no fall term, leave this column blank and mark (X) in the space provided.

How to compute instructional activity —

Credit hour activity — In computing credit hour activity, include ONLY those courses offered for credit that are measured in terms of credit hours, as well as courses that are part of an occupational or vocational program that are measured in terms of credit hours. DO NOT CONVERT CONTACT HOUR ACTIVITY INTO CREDIT HOUR ACTIVITY. To determine the credit hour activity for a course, multiply the CREDIT HOUR value of the course by the number of students enrolled in the course for credit. (**NOTE** — The number of students enrolled in the course is the number enrolled at the close of the official add period for each term. If there is no official add period, report as of the 15th day of each regular term, and the 5th day of each summer or short term.)

Example: The credit hour activity for a 3-credit course with an enrollment of 30 students is 90 credit hours. Using this method, compute the credit hour activity for each course and then sum the activity for all credit hour courses for the specified period (12-month period or fall term).

Contact hour activity — In computing contact hour activity, include ONLY those courses offered for credit that are measured in terms of contact or clock hours, as well as courses that are part of an occupational or vocational program that are measured in terms of contact or clock hours. DO NOT CONVERT CREDIT HOUR ACTIVITY INTO CONTACT HOUR ACTIVITY. To determine the contact hour activity for a course, multiply the CONTACT HOUR value of the course by the number of students enrolled in the course for credit. (**NOTE** — The contact hour value of a course is the number of hours per week that the course meets times the number of weeks the course is given. For example, a 3-week real estate licensure course that meets 15 hours per week has a value of 45 contact hours. The number of students enrolled in the course is the number enrolled at the close of the official add period for each term. If there is no official add period, report as of the 15th day of each regular term, and the 5th day of each summer or short term.)

Example: The contact hour activity for a 900-contact hour course with an enrollment of 20 students is 18,000 contact hours. Using this method, compute the contact hour activity for each course and then sum the activity for all contact hour courses for the specified period (12-month period or Fall Term). If a course does not end within the 12-month period (e.g., if only 40 weeks of a 64-week course fall within the specified period 12-month period), see the special instructions below to determine the computation of instructional activity for these courses.

GENERAL INSTRUCTIONS – IC-2 — Continued

PART E — ENROLLMENT AND INSTRUCTIONAL ACTIVITY — Continued

Special Instructions — If a course does not end within the specified 12-month period, the instructional activity for the course should be reported only for the number of weeks which do fall within the 12-month period. For example, if only 40 weeks of a 64 week course (which meets 15 hours per week and has an enrollment of 30 students) falls within the 12-month period, the contact hour activity for this course would be computed as follows: 40 weeks x 15 hours per week x 30 students = 18,000 contact hours.

- 2. Summer Session** — In **2a** indicate whether your institution offers a summer session. If it does, indicate whether it functions independently of the main academic portion of this institution (i.e., may have its own funding, admissions requirements, course offerings, completions requirements and/or recordkeeping) and whether summer session enrollment is included in the unduplicated count data in question 1b and in the instructional activity data in question 1c.

Report in **2b** the number of students enrolled (total headcount) for credit as well as students taking courses that are part of a terminal occupational or vocational program, in the summer session specified.

Report in **2c** the total instructional activity for the summer session, using the instructions for Part E, item 1c for general guidance.

PART F — ADDITIONAL INFORMATION

- 1. Eligibility for Federal programs** — Indicate for which of these Federal programs the institution is eligible. This list is not intended to be exhaustive.
- 2. Job Training Partnership Act** — Indicate whether this institution offers instruction through the Job Training Partnership Act (JPTA).
- 3. Full-time staff** — Indicate how many persons are employed full time at your institution according to the categories shown.
- 4. Instructional faculty** — This item refers to ALL instructional faculty.

INSTITUTIONAL CHARACTERISTICS – IC-2

NATIONAL INSTITUTIONAL ACCREDITATION — Institutional accreditation normally applies to an entire institution, indicating that each of its parts is contributing to the achievement of an institution's objectives, although not necessarily all on the same level of quality. This includes programs whose purpose is academic, vocational, and continuing professional education, and excludes avocation and adult basic education programs.

PREDOMINANT CALENDAR SYSTEM — The method by which an institution structures most of its courses for the academic year.

PRIVATE FOR-PROFIT (PROFIT-MAKING) INSTITUTION — A private institution in which the individual(s) or agency in control receives compensation other than wages, rent or other expenses for the assumption of risk.

PRIVATE INSTITUTION — An educational institution controlled by a private individual(s) or by a nongovernmental agency, usually supported primarily by other than public funds, and operated by other than publicly elected or appointed officials.

INSTITUTIONAL CHARACTERISTICS – IC-2

RESIDENCE — A person's permanent address determined by such evidence as a driver's license or voter registration. For entering freshmen, residence may be the legal residence of a parent or guardian.

ROOM CHARGES — The charges for an academic year for rooming accommodations of a typical student sharing a room with one other student.

SHARED LIBRARY — A facility housing an organized collection of printed, microform, and audiovisual materials, and (a) is jointly administered by more than one educational institution, or (b) whose funds or operating expenditures have been received from more than one educational institution. The location of the facility is not a determining factor.

SPECIALIZED ACCREDITATION — Specialized accreditation normally applies to evaluation of programs, departments or schools which usually are parts of a total collegiate or other postsecondary institution. The unit accredited may be as large as a college or school within a university or as small as a curriculum within a discipline. Most of the specialized accrediting agencies review units within a postsecondary institution which is accredited by one of the regional accrediting commissions. However, certain of the specialized accrediting agencies do accredit professional schools and other specialized or vocational or other postsecondary institutions which are free-standing in their operations. Thus, a "specialized" or "programmatically" accrediting agency may also function in the capacity of an "institutional" accrediting agency. In addition, a number of specialized accrediting agencies accredit educational programs within non-educational settings, such as hospitals.

SPECIAL ADMISSIONS TESTS — Tests prepared by or for a particular institution, or State (for State institutions) and administered by the institution, for purposes of determining prospective students' skills and competencies.

STAFFORD LOANS (FORMERLY GUARANTEED STUDENT LOANS) — (Higher Education Act of 1965, Title IV-B, as amended, Public Law 89-329; 20 USC 1071.) Provides guaranteed loans for educational expenses from eligible lenders to vocational, undergraduate, and graduate students at eligible postsecondary institutions.

STANDARDIZED ADMISSIONS TESTS — Tests prepared and administered by an agency independent of any postsecondary education institution, for purposes of making available to prospective students, information about the students' academic qualifications relative to a national sample. Examples are the Scholastic Aptitude Test (SAT) and the American College Testing (ACT).

SUMMER SESSION — A summer session is shorter than a regular semester and not considered part of the academic year. It is not the third term of an institution operating on a trimester system or the fourth term of an institution operating on a quarter calendar system. If an institution has two or more sessions occurring in the summer months, add the activity for each session and enter the total on the form. Some schools, such as vocational and beauty schools, have year-round classes with no separate summer session.

SUPPLEMENTARY EDUCATIONAL OPPORTUNITY GRANTS (SEOG) — (Higher Education Act of 1965, as amended, Title IV, Part 2, Subpart Z, Public Laws 89-329, 92-318, 94-482, et al; 20 USC 1070b-1070b-3.) Provides eligible undergraduate postsecondary students with demonstrated financial need with grant assistance to help meet educational expenses. The grants are made directly to institutions of higher education, which select students for the awards.

TEST OF ENGLISH AS A FOREIGN LANGUAGE (TOEFL) — Standardized test designed to determine an applicant's ability to benefit from instruction in English.

TRIMESTER — An academic year consisting of 3 terms of about 15 weeks each.

TUITION AND REQUIRED FEES —

- **Tuition** — Amount of money charged to students for instructional services. Tuition may be charged per term, per course, or per credit.
- **Required fees** — Fixed sum charged to students for items not covered by tuition and required of such a large proportion of all students that the student who does NOT pay is an exception.

PURPOSE OF THE SURVEY AND WHO SHOULD RESPOND

The primary purpose of the Institutional Characteristics (IC) component of IPEDS is to collect the basic data that identify and describe the universe of postsecondary education institutions in the United States and its outlying areas. Each institution or branch campus should file a separate report so that they can be listed in the Directory of Postsecondary Institutions.

USES OF THE DATA

Survey results will be used in a variety of ways. For example, they will be used as the source file for sample design and selection for the remaining IPEDS surveys and other data collection activities involving postsecondary education institutions. Other uses include generating basic counts of institutions in each State by type, control, and other key institutional characteristics; compiling directories of postsecondary education institutions that will be made available to the general public; and incorporating results into Career Information Delivery Systems throughout the nation. The data are extremely valuable for survey research design, statistical analysis, and general information purposes.

The definitions and instructions for compiling IPEDS data have been designed to minimize comparability problems. However, postsecondary education institutions differ widely among themselves. As a result of these differences, comparisons of data provided by individual institutions may be misleading.

GENERAL INSTRUCTIONS — IC-3

Please respond to each item on this report in the space provided. The Glossary provides definitions of terms used in this report.

NOTE — The completion of this survey, in a timely and accurate manner, is MANDATORY for all institutions which participate or are applicants for participation in any Federal financial assistance program authorized by Title IV of the Higher Education Act of 1965, as amended. The completion of this survey is mandated by 20 U.S.C. 1094 (a)(17).

For those institutions not required to complete this survey on the basis of the above requirements, the completion of this survey is voluntary and authorized by 20 U.S.C. 1221e-1.

INSTITUTIONAL IDENTIFICATION

Mail To — In this block, please provide the address to which IPEDS forms should be mailed. This address can be the physical location of the school or it may be the address of a central, system, or corporate office, or other branch campus located elsewhere.

Institution name and address — This is the full name of the institution covered by this report and the physical location of the institution, including 9-digit ZIP Code (if known), as it should appear in an institutional listing.

Employer ID number — Enter the Employer Identification Number (EIN) which is the 9-digit number that the Internal Revenue Service (IRS) assigned to the institution for tax purposes.

Name and title of chief administrator of institution — Provide the name and title of the chief administrator of the entity covered by this report. (Example: President, Chancellor, Provost, etc.)

Telephone numbers — These are the telephone numbers for general information inquiries, the Financial Aid Office, and the Admissions Office.

Respondent — Enter the name and telephone number of the person responsible for completing this report.

County or city location of institution and Congressional District — Provide the name of the county or independent city in which your entity is located and the Congressional District number.

PART A — TYPES OF EDUCATIONAL OFFERINGS

These questions are asked to verify the inclusion of this institution on the NCES/IPEDS list of institutions and agencies offering all types of postsecondary education. Postsecondary education is the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is academic, vocational, and continuing professional education, and excludes avocational and adult basic education programs.

PART B — ORGANIZATION AND ACCREDITATION

The purpose of question 1 in this section is to identify the institution or entity that will be responsible for completing this and other IPEDS survey forms. For individual institutions this will simply be the institution itself. However, for groups of institutions organized into systems or corporations, an administrative unit (such as the central, system, or corporate office), or the main campus, or one of the branch campuses may complete separate survey forms for itself and for all of the campuses of the institution. If you believe that your response to this section does not adequately describe the reporting process in your organization, call your State Coordinator or the Census Bureau representative.

1. If this entity (institution or administrative unit) will complete any IPEDS survey forms for other institutions or branches, provide the information requested in this item. If this entity is an institution of postsecondary education, or branch of such an institution, also complete the rest of the survey. If this entity is an administrative unit only, stop after completing pages 1—4. All entities should return the completed survey to the address shown on page 1.

2. **Institutional control or affiliation** — Indicate the appropriate form of control or affiliation under which the institution operates. Affiliation with a religious group need not imply financial backing. Mark the appropriate religious affiliation. If the religious affiliation is Protestant or Other, specify the denomination. If more than one response is appropriate, mark all that apply, but do not indicate both public and private, or both profit making and nonprofit.

3. **Award levels** — Check all applicable levels for all credit programs offered at this institution. Award levels are identified on the basis of either recognition for their completion, or duration, or a combination thereof.

Boxes (1), (2), and (4) — Note that these categories are differentiated on the basis of length of programs and refer to completions below the level of the baccalaureate degree. Do not designate the categories on the basis of the terminology used by the institution to describe these completions. All references to length of study should be interpreted to mean the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time periods. One academic year equals 30 semester credit hours or its equivalent, or 900 contact or clock hours of instruction.

Box (3) indicates Associate's degree if the institution is authorized to make this formal award.

Administrative unit — An administrative unit is the office in a multi-campus environment responsible for the completion of the IPEDS survey forms for the campuses (main and branch) of the school. An administrative unit conducts no classes. The administrative office for a one-campus school is not considered an administrative unit for IPEDS reporting purposes. If this entity as named on page 1, box 1, is an administrative unit only, stop after completing all of page 4, and return the completed survey to the address shown on page 1.

4. **No formal award program** — Indicate whether this institution offers programs with stated occupational objectives and well-defined completion requirements that do not lead to a formal award.

5. **Two-year provision** — Indicate whether this institution has been offering postsecondary instruction on a continuous basis for at least 2 years (except for normal vacation periods). A change in name or ownership of the institution during this 2-year period is not relevant in answering this question.

REMOVE INSTRUCTIONS BEFORE MAILING AND RETAIN FOR YOUR FILES.

GENERAL INSTRUCTIONS – IC-3 — Continued

PART B — ORGANIZATION AND ACCREDITATION — Continued

- 6. Institutional accreditation** — Indicate the types of agencies which accredit this institution.
- 7. National institutional or specialized accreditation** — If this institution or any of its programs, departments, or schools is currently accredited by any of the national institutional or specialized accrediting agencies recognized by the Secretary, U.S. Department of Education (Higher Education and Occupational/Vocational Institution Eligibility Agencies) which are listed on pages 6 — 8, mark the appropriate box(es) for all that apply.

PART C — CALENDAR, ADMISSION REQUIREMENTS, AND SERVICES

- 1. Calendar system** — Indicate the predominant calendar on which the institution operates. If courses or programs are offered on more than one calendar, select the system under which most courses or programs are offered. If there is no predominant calendar system at this institution, mark (X) box 5, 6, or 7, as appropriate.
- 2. Location of course instruction** — Indicate all locations where credit or noncredit courses are offered. The intent of this item is to identify geographically dispersed sites used for instructional offerings. Do not use the category of "Abroad" to refer to study-abroad programs that involve travel or visitation in other countries.
- 3. Types of facilities used for course instruction** — Indicate all of the types of facilities at which credit or noncredit course instruction is offered. Do not include facilities such as rented space on or adjacent to primary campuses.
- 4. Course instruction at military installations** — Indicate whether your institution offers credit courses at military installations in States and territories and/or abroad.
- 5. Admission requirements** — This item refers to credit programs only. Mark the types of information that are used as part of the selection process for students entering your institution.
- 6. Modes of instruction** — For credit and noncredit activities separately, indicate from the choices listed all of the types of instructional delivery that are employed by the institution at any of its locations. This list is not intended to be exhaustive, and omits the more traditional instructional modes.

Work in a job-related setting with pay could include programs in which substantial periods of academic study alternate with work for pay in industries and occupations which are the objectives of the program. It could also include employment held simultaneously with instruction if the employment was considered an integral part of the program. Include research and teaching assistantships here.

Work in a job-related setting without pay could include student/practice teaching or unpaid internships.

- 7. Selected student services** — Indicate which of the selected services are provided for students at the institution. Mark "remedial services" if the institution has either required or voluntary activities designed to raise basic achievement levels or to improve basic skills. Include day care if the service is available, whether or not enrollees are charged a fee.
- 8. Library** — Indicate whether this institution has its own library, shares a library, or has no facility.

PART D — STUDENT CHARGES AND PROGRAM OFFERINGS

- 1. Enrollment of full-time students** — Indicate if your institution enrolls any students on a full-time basis. If not, skip to question 4.
- 2. Application fee** — If your institution charges an application fee for admission, indicate the amount.
- 3. Basis for charging full-time students** — Indicate the method by which full-time students most frequently are charged.
- 4. Number of programs** — Provide the total number of programs that your institution offers.
- 5. Length of programs** — Indicate whether your institution offers programs that are at least 300 contact hours or clock hours, or 6 semester or trimester hours, or 12 quarter hours.
- 6. Largest programs** — Provide the title, Classification of Instructional Program (CIP) code, in-State tuition and required fees, the cost of books and supplies for the total program, and the total length of the program in contact hours.
 - Enter the title of the program as designated by your institution.
 - Refer to the enclosed NCES publication, the 1990 version of the Classification of Instructional Programs (CIP). Match your program title as closely as possible with a program listed in this publication. Enter the corresponding 6-digit code in the appropriate space.
 - Enter the total in-State tuition and required fees charged for the total length of the program.
 - Enter the cost of books and supplies for the total program.
 - Report the total length of the program measured in contact or clock hours.

PART E — ENROLLMENT AND INSTRUCTIONAL ACTIVITY

NOTE — Part E requests data for academic year 1993–94, unlike Parts A–D and Part F which request data for academic year 1994–95. Please read the definition of credit course in the glossary before completing this section of the survey form.

Total activity

- 1a. Fall enrollment** — Report the total number of students enrolled for credit at your institution as of October 15, 1993, or on your institution's official fall reporting date. If your institution received the 1993 Fall Enrollment survey, report here the sum of columns 15 and 16 on line 29 of the survey. If your institution received the 1993 Consolidated survey instead, report the sum of columns 15 and 16 on line 29 of Part A of that survey. This number will include students taking courses for credit as well as those enrolled in occupational and vocational programs. This number will be preprinted on your form if your institution provided the data last year.

1b. Unduplicated headcount during 12-month period

Coverage — Institutions should report an unduplicated count of the total number of students enrolled during the reporting period in any courses leading to a degree or other formal award AND any students enrolled in courses that are part of a terminal vocational or occupational program. DO NOT report students whose only credit was at a branch campus in a foreign country.

GENERAL INSTRUCTIONS – IC-3 — Continued

How to report unduplicated headcount —

In order to determine an unduplicated number of students enrolled, count each student only once during the 12-month period. For example, if a student enrolls in the fall term, drops out in winter, but enrolls again in spring, count that student once.

1c. Instructional activity

Coverage —

Credit hour activity — Include instructional activity in all courses offered for credit that are measured in terms of credit hours, regardless of whether the student completes the course. (See the Glossary for the definition of "credit course.") Also include credit courses comprising part of a vocational or occupational program that are measured in terms of credit hours, regardless of whether these courses lead to a formal award by the institution. Include credit courses taken by high school students. Do not include credit courses that are audited by students, or credit courses of students studying abroad. If your institution does not offer credit hour courses, leave line 1 blank.

Contact hour activity — Include instructional activity in all courses offered for credit that are measured in terms of contact or clock hours, regardless of whether the student completes the course. (See the Glossary for the definition of "credit course.") Also include courses that are part of a terminal occupational or vocational program that are measured in contact or clock hours, regardless of whether these courses lead to a formal award by the institution. Include credit courses taken by high school students. Do not include credit courses that are audited by students, or credit courses of students studying abroad. If your institution does not offer contact hour courses, leave the line blank.

Total activity for 12-month period — Report the total credit hour and contact hour activity for all students for the entire year. Include all short courses as well as regular academic terms. *Read the instructions below entitled "How to compute instructional activity" before providing the 12-month instructional activity data.*

How to compute instructional activity —

Credit hour activity — In computing credit hour activity, include ONLY those courses offered for credit that are measured in terms of credit hours, as well as courses that are part of an occupational or vocational program that are measured in terms of credit hours. **DO NOT CONVERT CONTACT HOUR ACTIVITY INTO CREDIT HOUR ACTIVITY.** To determine the credit hour activity for a course, multiply the CREDIT HOUR value of the course by the number of students enrolled in the course for credit. (**NOTE** — The number of students enrolled in the course is the number enrolled at the close of the official add period for each term. If there is no official add period, report as of the 15th day of each regular term, and the 5th day of each summer or short term.)

Example: The credit hour activity for a 3-credit course with an enrollment of 30 students is 90 credit hours. Using this method, compute the credit hour activity for each course and then sum the activity for all credit hour courses for the specified period (12-month period or fall term).

Contact hour activity — In computing contact hour activity, include ONLY those courses offered for credit that are measured in terms of contact or clock hours, as well as courses that are part of an occupational or vocational program that are measured in terms of contact or clock hours. **DO NOT CONVERT CREDIT HOUR ACTIVITY INTO CONTACT HOUR ACTIVITY.** To determine the contact hour activity for a course, multiply the CONTACT HOUR value of the course by the number of students enrolled in the course for credit. (**NOTE** — The contact hour value of a course is the number of hours per week that the course meets times the number of weeks the course is given. For example, a 3-week real estate licensure course that meets 15 hours per week has a value of 45 contact hours. The number of students enrolled in the course is the number enrolled at the close of the official add period for each term. If there is no official add period, report as of the 15th day of each regular term, and the 5th day of each summer or short term.)

Example: The contact hour activity for a 900-contact hour course with an enrollment of 20 students is 18,000 contact hours. Using this method, compute the contact hour activity for each course and then sum the activity for all contact hour courses for the specified period (12-month period or Fall Term). If a course does not end within the 12-month period (e.g., if only 40 weeks of a 64-week course fall within the specified period 12-month period), see the special instructions below to determine the computation of instructional activity for these courses.

Special Instructions — If a course does not end within the specified 12-month period, the instructional activity for the course should be reported only for the number of weeks which do fall within the 12-month period. For example, if only 40 weeks of a 64 week course (which meets 15 hours per week and has an enrollment of 30 students) falls within the 12-month period, the contact hour activity for this course would be computed as follows: 40 weeks x 15 hours per week x 30 students = 18,000 contact hours.

PART F — ADDITIONAL INFORMATION

- 1. Eligibility for Federal programs** — Indicate for which of these Federal programs the institution is eligible. This list is not intended to be exhaustive.
- 2. Job Training Partnership Act** — Indicate whether this institution offers instruction through the Job Training Partnership Act (JPTA).
- 3. Full-time staff** — Indicate how many persons are employed full time at your institution according to the categories shown.

INSTITUTIONAL CHARACTERISTICS — IC-3

POSTSECONDARY EDUCATION — The provision of a formal instructional program whose curriculum is designed primarily for students who are beyond the compulsory age for high school. This includes programs whose purpose is academic, vocational, and continuing professional education, and excludes avocation and adult basic education programs.

PREDOMINANT CALENDAR SYSTEM — The method by which an institution structures most of its courses for the academic year.

PRIVATE FOR-PROFIT (PROFIT-MAKING) INSTITUTION — A private institution in which the individual(s) or agency in control receives compensation other than wages, rent or other expenses for the assumption of risk.

PRIVATE INSTITUTION — An educational institution controlled by a private individual(s) or by a nongovernmental agency, usually supported primarily by other than public funds, and operated by other than publicly elected or appointed officials.

PRIVATE NONPROFIT INSTITUTION — A private institution in which the individual(s) or agency in control receives no compensation, other than from wages, rent, or other expenses for the assumption of risk. These include both independent nonprofit schools and those affiliated with a religious organization.

PROGRAM — A combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution.

PROGRAM WITH NO FORMAL AWARD — Any formally organized program with stated educational objectives and well defined completion requirements that does not lead to a formal reward.

PUBLIC INSTITUTION — An educational institution whose programs and activities are operated by publicly elected or appointed school officials and which is supported primarily by public funds.

QUARTER CALENDAR SYSTEM — A calendar system in which the academic year consists of 3 sessions called quarters of about 12 weeks each. The range may be from 10 to 15 weeks. There may be an additional quarter in the summer.

REMEDIATION SERVICES — Instructional activities designed for students deficient in the general competencies necessary for a regular postsecondary curriculum and educational setting.

RESIDENCE — A person's permanent address determined by such evidence as a driver's license or voter registration. For entering freshmen, residence may be the legal residence of a parent or guardian.

SHARED LIBRARY — A facility housing an organized collection of printed, microform, and audiovisual materials, and (a) is jointly administered by more than one educational institution, or (b) whose funds or operating expenditures have been received from more than one educational institution. The location of the facility is not a determining factor.

SPECIALIZED ACCREDITATION — Specialized accreditation normally applies to evaluation of programs, departments or schools which usually are parts of a total collegiate or other postsecondary institution. The unit accredited may be as large as a college or school within a university or as small as a curriculum within a discipline. Most of the specialized accrediting agencies review units within a postsecondary institution which is accredited by one of the regional accrediting commissions. However, certain of the specialized accrediting agencies do accredit professional

schools and other specialized or vocational or other postsecondary institutions which are free-standing in their operations. Thus, a "specialized" or "programmatic" accrediting agency may also function in the capacity of an "institutional" accrediting agency. In addition, a number of specialized accrediting agencies accredit educational programs within non-educational settings, such as hospitals.

SPECIAL ADMISSIONS TESTS — Tests prepared by or for a particular institution, or State (for State institutions) and administered by the institution, for purposes of determining prospective students' skills and competencies.

STAFFORD LOANS (FORMERLY GUARANTEED STUDENT LOANS) — (Higher Education Act of 1965, Title IV-B, as amended, Public Law 89-329; 20 USC 1071.) Provides guaranteed loans for educational expenses from eligible lenders to vocational, undergraduate, and graduate students at eligible postsecondary institutions.

STANDARDIZED ADMISSIONS TESTS — Tests prepared and administered by an agency independent of any postsecondary education institution, for purposes of making available to prospective students, information about the students' academic qualifications relative to a national sample. Examples are the Scholastic Aptitude Test (SAT) and the American College Testing (ACT).

SUPPLEMENTARY EDUCATIONAL OPPORTUNITY GRANTS (SEOG) — (Higher Education Act of 1965, as amended, Title IV, Part 2, Subpart Z, Public Laws 89-329, 92-318, 94-482, et al; 20 USC 1070b-1070b-3.) Provides eligible undergraduate postsecondary students with demonstrated financial need with grant assistance to help meet educational expenses. The grants are made directly to institutions of higher education, which select students for the awards.

TEST OF ENGLISH AS A FOREIGN LANGUAGE (TOEFL) — Standardized test designed to determine an applicant's ability to benefit from instruction in English.

TRIMESTER — An academic year consisting of 3 terms of about 15 weeks each.

TUITION AND REQUIRED FEES —

- **Tuition** — Amount of money charged to students for instructional services. Tuition may be charged per term, per course, or per credit.
- **Required fees** — Fixed sum charged to students for items not covered by tuition and required of such a large proportion of all students that the student who does NOT pay is an exception.

12-MONTH PERIOD — The 12-month period used by the institution for reporting a full year of activity. This time period should be consistent among IPEDS surveys and from year-to-year.

UNDUPLICATED COUNT — The sum of students enrolled for credit with each student counted only once during the reporting period, regardless of when the student enrolled.

UNITID CODE — Unique identification number assigned to postsecondary institutions surveyed through the Integrated Postsecondary Education Data System (IPEDS).

VETERANS ADMINISTRATION EDUCATION BENEFITS (VA) — Those benefits that are paid for student assistance at approved postsecondary education institutions for three types of beneficiaries: surviving spouse and children, discharged veterans, and active military personnel in special programs.

VISUALLY IMPAIRED — Any person whose sight loss is sufficiently severe and not correctable, and adversely affects educational performance.

PURPOSE OF THE SURVEY AND WHO SHOULD RESPOND

The primary purpose of the Institutional Characteristics (IC) component of IPEDS is to collect the basic data that identify and describe the universe of postsecondary education institutions in the United States and its outlying areas. Each institution or branch campus should file a separate report so that they can be listed in the Directory of Postsecondary Institutions.

USES OF THE DATA

Survey results will be used in a variety of ways. For example, they will be used as the source file for sample design and selection for the remaining IPEDS surveys and other data collection activities involving postsecondary education institutions. Other uses include generating basic counts of institutions in each State by type, control, and other key institutional characteristics; compiling directories of postsecondary education institutions that will be made available to the general public; and incorporating results into Career Information Delivery Systems throughout the nation. The data are extremely valuable for survey research design, statistical analysis, and general information purposes.

The definitions and instructions for compiling IPEDS data have been designed to minimize comparability problems. However, postsecondary education institutions differ widely among themselves. As a result of these differences, comparisons of data provided by individual institutions may be misleading.

GENERAL INSTRUCTIONS — IC-4

Please respond to each item on this report in the space provided. The Glossary provides definitions of terms used in this report.

NOTE — The completion of this survey, in a timely and accurate manner, is MANDATORY for all institutions which participate or are applicants for participation in any Federal financial assistance program authorized by Title IV of the Higher Education Act of 1965, as amended. The completion of this survey is mandated by 20 U.S.C. 1094 (a)(17).

For those institutions not required to complete this survey on the basis of the above requirements, the completion of this survey is voluntary and authorized by 20 U.S.C. 1221e-1.

INSTITUTIONAL IDENTIFICATION

Mail To — In this block, please provide the address to which IPEDS forms should be mailed. This address can be the physical location of the school or it may be the address of a central, system, or corporate office, or other branch campus located elsewhere.

Institution name and address — This is the full name of the institution covered by this report and the physical location of the institution, including 9-digit ZIP Code (if known), as it should appear in an institutional listing.

Employer ID number — Enter the Employer Identification Number (EIN) which is the 9-digit number that the Internal Revenue Service (IRS) assigned to the institution for tax purposes.

Name and title of chief administrator of institution — Provide the name and title of the chief administrator of the entity covered by this report. (Example: President, Chancellor, Provost, etc.)

Telephone numbers — These are the telephone numbers for general information inquiries, the Financial Aid Office, and the Admissions Office.

Respondent — Enter the name and telephone number of the person responsible for completing this report.

County or city location of institution and Congressional District — Provide the name of the county or independent city in which your entity is located and the Congressional District number.

PART A — TYPES OF EDUCATIONAL OFFERINGS

These questions are asked to verify the inclusion of this institution on the NCES/IPEDS list of institutions and agencies offering all types of postsecondary education. Postsecondary education is the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is academic, vocational, and continuing professional education, and excludes avocational and adult basic education programs.

PART B — ORGANIZATION AND ACCREDITATION

The purpose of question 1 in this section is to identify the institution or entity that will be responsible for completing this and other IPEDS survey forms. For individual institutions this will simply be the institution itself. However, for groups of institutions organized into systems or corporations, an administrative unit (such as the central, system, or corporate office), or the main campus, or one of the branch campuses may complete separate survey forms for itself and for all of the campuses of the institution. If you believe that your response to this section does not adequately describe the reporting process in your organization, call your State Coordinator or the Census Bureau representative.

1. If this entity (institution or administrative unit) will complete any IPEDS survey forms for other institutions or branches, provide the information requested in this item. If this entity is an institution of postsecondary education, or

branch of such an institution, also complete the rest of the survey. If this entity is an administrative unit only, stop after completing page 4. All entities should return the completed survey to the address shown on page 1.

2. **Institutional control or affiliation** — Indicate the appropriate form of control or affiliation under which the institution operates. Affiliation with a religious group need not imply financial backing. Mark the appropriate religious affiliation. If the religious affiliation is Protestant or Other, specify the denomination. If more than one response is appropriate, mark all that apply, but do not indicate both public and private, or both profit making and nonprofit.

3. **Award levels** — Check all applicable levels for all credit programs offered at this institution. Award levels are identified on the basis of either recognition for their completion, or duration, or a combination thereof.

Boxes (1), (2), and (4) — Note that these categories are differentiated on the basis of length of programs and refer to completions below the level of the baccalaureate degree. Do not designate the categories on the basis of the terminology used by the institution to describe these completions. All references to length of study should be interpreted to mean the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time periods. One academic year equals 30 semester credit hours or its equivalent, or 900 contact or clock hours of instruction.

Box (3) indicates Associate's degree if the institution is authorized to make this formal award.

Administrative unit — An administrative unit is the office in a multi-campus environment responsible for the completion of the IPEDS survey forms for the campuses (main and branch) of the school. An administrative unit conducts no classes. The administrative office for a one-campus school is not considered an administrative unit for IPEDS reporting purposes. If this entity, as named on page 1, box 1, is an administrative unit only, stop after completing all of page 4, and return the completed survey to the address shown on page 1.

4. **Two-year provision** — Indicate whether this institution has been offering postsecondary instruction on a continuous basis for at least 2 years (except for normal vacation periods). A change in name or ownership of the institution during this 2-year period is not relevant in answering this question.

5. **Institutional accreditation** — Indicate the types of agencies which accredit this institution.

6. **National institutional or specialized accreditation** — If this institution or any of its programs, departments, or schools is currently accredited by any of the national institutional or specialized accrediting agencies recognized by the Secretary, U.S. Department of Education (Higher Education and Occupational/Vocational Institution Eligibility Agencies) which are listed on pages 6—8, mark the appropriate box(es) for all that apply.

REMOVE INSTRUCTIONS BEFORE MAILING AND RETAIN FOR YOUR FILES.

GENERAL INSTRUCTIONS – IC-4 — Continued

PART C — CALENDAR, ADMISSION REQUIREMENTS, AND SERVICES

- 1. Calendar system** — Indicate the predominant calendar on which the institution operates. If courses or programs are offered on more than one calendar, select the system under which most courses or programs are offered. If there is no predominant calendar system at this institution, mark (X) box 5, 6, or 7, as appropriate.
- 2. Location of course instruction** — Indicate all locations where credit courses are offered. The intent of this item is to identify geographically dispersed sites used for instructional offerings. Do not use the category of "Abroad" to refer to study-abroad programs that involve travel or visitation in other countries.
- 3. Types of facilities used for course instruction** — Indicate all of the types of facilities at which credit course instruction is offered. Do not include facilities such as rented space on or adjacent to primary campuses.
- 4. Course instruction at military installations** — Indicate whether your institution offers credit courses at military installations in States and territories and/or abroad.
- 5. Admission requirements** — This item refers to credit programs only. Mark the types of information that are used as part of the selection process for students entering your institution.
- 6. Modes of instruction** — For credit activities, indicate from the choices listed all of the types of instructional delivery that are employed by the institution at any of its locations. This list is not intended to be exhaustive, and omits the more traditional instructional modes.

Work in a job-related setting with pay could include programs in which substantial periods of academic study alternate with work for pay in industries and occupations which are the objectives of the program. It could also include employment held simultaneously with instruction if the employment was considered an integral part of the program. Include research and teaching assistantships here.

Work in a job-related setting without pay could include student/practice teaching or unpaid internships.

- 7. Selected student services** — Indicate which of the selected services are provided for students at the institution. Mark "remedial services" if the institution has either required or voluntary activities designed to raise basic achievement levels or to improve basic skills. Include day care if the service is available, whether or not enrollees are charged a fee.
- 8. Library** — Indicate whether this institution has its own library, shares a library, or has no facility.

PART D — STUDENT CHARGES AND PROGRAM OFFERINGS

- 1. Enrollment of full-time students** — Indicate if your institution enrolls any students on a full-time basis. If not, go to question 4 of Part D.
- 2. Application fee** — If your institution charges an application fee for admission, indicate the amount.
- 3. Basis for charging full-time students** — Indicate the method by which full-time students most frequently are charged.
- 4. Number of programs** — Provide the total number of programs that your institution offers.

- 5. Length of programs** — Indicate whether your institution offers programs that are at least 300 contact hours or clock hours, or 6 semester or trimester hours, or 12 quarter hours.
- 6. Largest programs** — Provide the title, Classification of Instructional Program (CIP) code, in-State tuition and required fees for the total program, the total length of the program in contact hours, current or most recent enrollment, and the number of students who completed the program in the previous school year (July 1, 1993—June 30, 1994).
 - Enter the title of the program as designated by your institution.
 - Refer to the enclosed NCES publication, the 1990 version of the Classification of Instructional Programs (CIP). Match your program title as closely as possible with a program listed in this publication. Enter the corresponding 6-digit code in the appropriate space.
 - Enter the total in-State tuition and required fees charged for the total length of the program.
 - Report the total length of the program measured in contact or clock hours.
 - Report current or most recent enrollment in the program.
 - Report the number of students who completed program in the previous year (July 1, 1993—June 30, 1994).

PART E — ENROLLMENT

NOTE — Part E requests data for academic year 1993–94, unlike Parts A–D and Part F which request data for academic year 1994–95. Please read the definition of credit course in the glossary before completing this section of the survey form.

Total activity

- 1a. Fall enrollment** — Report the total number of students enrolled for credit at your institution on or about October 15, 1993. This number should include only students taking courses for credit as well as those enrolled in occupational and vocational programs.
- 1b. Unduplicated headcount during 12-month period**

Coverage — Institutions should report an unduplicated count of the total number of students enrolled during the reporting period in any courses leading to a degree or other formal award AND any students enrolled in courses that are part of a terminal vocational or occupational program. DO NOT report students whose only credit was at a branch campus in a foreign country.

How to report unduplicated headcount —

In order to determine an unduplicated number of students enrolled, count each student only once during the 12-month period. For example, if a student enrolls in the fall term, drops out in winter, but enrolls again in spring, count that student once.

PART F — ADDITIONAL INFORMATION

- 1. Eligibility for Federal programs** — Indicate for which of these Federal programs the institution is eligible. This list is not intended to be exhaustive.
- 2. Job Training Partnership Act** — Indicate whether this institution offers instruction through the Job Training Partnership Act (JPTA).
- 3. Full-time staff** — Indicate how many persons are employed full time at your institution according to the categories shown.

GLOSSARY — Continued

INSTITUTIONAL CHARACTERISTICS – IC-4

PRIVATE FOR-PROFIT (PROFIT-MAKING) INSTITUTION — A private institution in which the individual(s) or agency in control receives compensation other than wages, rent or other expenses for the assumption of risk.

PRIVATE INSTITUTION — An educational institution controlled by a private individual(s) or by a nongovernmental agency, usually supported primarily by other than public funds, and operated by other than publicly elected or appointed officials.

PRIVATE NONPROFIT INSTITUTION — A private institution in which the individual(s) or agency in control receives no compensation, other than from wages, rent, or other expenses for the assumption of risk. These include both independent nonprofit schools and those affiliated with a religious organization.

PROGRAM — A combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution.

PUBLIC INSTITUTION — An educational institution whose programs and activities are operated by publicly elected or appointed school officials and which is supported primarily by public funds.

QUARTER CALENDAR SYSTEM — A calendar system in which the academic year consists of 3 sessions called quarters of about 12 weeks each. The range may be from 10 to 15 weeks. There may be an additional quarter in the summer.

REMEDIAL SERVICES — Instructional activities designed for students deficient in the general competencies necessary for a regular postsecondary curriculum and educational setting.

RESIDENCE — A person's permanent address determined by such evidence as a driver's license or voter registration. For entering freshmen, residence may be the legal residence of a parent or guardian.

SHARED LIBRARY — A facility housing an organized collection of printed, microform, and audiovisual materials, and (a) is jointly administered by more than one educational institution, or (b) whose funds or operating expenditures have been received from more than one educational institution. The location of the facility is not a determining factor.

SPECIALIZED ACCREDITATION — Specialized accreditation normally applies to evaluation of programs, departments or schools which usually are parts of a total collegiate or other postsecondary institution. The unit accredited may be as large as a college or school within a university or as small as a curriculum within a discipline. Most of the specialized accrediting agencies review units within a postsecondary institution which is accredited by one of the regional accrediting commissions. However, certain of the specialized accrediting agencies do accredit professional schools and other specialized or vocational or other postsecondary institutions which are free-standing in their operations. Thus, a "specialized" or "programmatic" accrediting agency may also function in the capacity of an "institutional" accrediting agency. In addition, a number of specialized accrediting agencies accredit educational programs within non-educational settings, such as hospitals.

SPECIAL ADMISSIONS TESTS — Tests prepared by or for a particular institution, or State (for State institutions) and administered by the institution, for purposes of determining prospective students' skills and competencies.

STAFFORD LOANS (FORMERLY GUARANTEED STUDENT LOANS) — (Higher Education Act of 1965, Title IV-B, as amended, Public Law 89-329; 20 USC 1071.) Provides guaranteed loans for educational expenses from eligible lenders to vocational, undergraduate, and graduate students at eligible postsecondary institutions.

STANDARDIZED ADMISSIONS TESTS — Tests prepared and administered by an agency independent of any postsecondary education institution, for purposes of making available to prospective students, information about the students' academic qualifications relative to a national sample. Examples are the Scholastic Aptitude Test (SAT) and the American College Testing (ACT).

SUPPLEMENTARY EDUCATIONAL OPPORTUNITY GRANTS (SEOG) — (Higher Education Act of 1965, as amended, Title IV, Part 2, Subpart Z, Public Laws 89-329, 92-318, 94-482, et al; 20 USC 1070b-1070b-3.) Provides eligible undergraduate postsecondary students with demonstrated financial need with grant assistance to help meet educational expenses. The grants are made directly to institutions of higher education, which select students for the awards.

TEST OF ENGLISH AS A FOREIGN LANGUAGE (TOEFL) — Standardized test designed to determine an applicant's ability to benefit from instruction in English.

TRIMESTER — An academic year consisting of 3 terms of about 15 weeks each.

TUITION AND REQUIRED FEES —

- **Tuition** — Amount of money charged to students for instructional services. Tuition may be charged per term, per course, or per credit.
- **Required fees** — Fixed sum charged to students for items not covered by tuition and required of such a large proportion of all students that the student who does NOT pay is an exception.

12-MONTH PERIOD — The 12-month period used by the institution for reporting a full year of activity. This time period should be consistent among IPEDS surveys and from year-to-year.

UNDUPLICATED COUNT — The sum of students enrolled for credit with each student counted only once during the reporting period, regardless of when the student enrolled.

UNITID CODE — Unique identification number assigned to postsecondary institutions surveyed through the Integrated Postsecondary Education Data System (IPEDS).

VETERANS ADMINISTRATION EDUCATION BENEFITS (VA) — Those benefits that are paid for student assistance at approved postsecondary education institutions for three types of beneficiaries: surviving spouse and children, discharged veterans, and active military personnel in special programs.

PURPOSE OF THE SURVEY AND WHO SHOULD RESPOND

The primary purpose of the Institutional Characteristics (IC) component of IPEDS is to collect the basic data that identify and describe the universe of postsecondary education institutions in the United States and its outlying areas. Each institution or branch campus should file a separate report so that they can be listed in the Directory of Postsecondary Institutions.

USES OF THE DATA

Survey results will be used in a variety of ways. For example, they will be used as the source file for sample design and selection for the remaining IPEDS surveys and other data collection activities involving postsecondary education institutions. Other uses include generating basic counts of institutions in each State by type, control, and other key institutional characteristics; compiling directories of postsecondary education institutions that will be made available to the general public; and incorporating results into Career Information Delivery Systems throughout the nation. The data are extremely valuable for survey research design, statistical analysis, and general information purposes.

The definitions and instructions for compiling IPEDS data have been designed to minimize comparability problems. However, postsecondary education institutions differ widely among themselves. As a result of these differences, comparisons of data provided by individual institutions may be misleading.

GENERAL INSTRUCTIONS — IC-ADD

Please respond to each item on this report in the space provided. The Glossary provides definitions of terms used in this report.

NOTE — The completion of this survey, in a timely and accurate manner, is MANDATORY for all institutions which participate or are applicants for participation in any Federal financial assistance program authorized by Title IV of the Higher Education Act of 1965, as amended. The completion of this survey is mandated by 20 U.S.C. 1094 (a)(17).

For those institutions not required to complete this survey on the basis of the above requirements, the completion of this survey is voluntary and authorized by 20 U.S.C. 1221e-1.

INSTITUTIONAL IDENTIFICATION

Mail To — In this block, please provide the address to which IPEDS forms should be mailed. This address can be the physical location of the school or it may be the address of a central, system, or corporate office, or other branch campus located elsewhere.

Institution name and address — This is the full name of the institution covered by this report and the physical location of the institution, including 9-digit ZIP Code (if known), as it should appear in an institutional listing.

Employer ID number — Enter the Employer Identification Number (EIN) which is the 9-digit number that the Internal Revenue Service (IRS) assigned to the institution for tax purposes.

Name and title of chief administrator of institution — Provide the name and title of the chief administrator of the entity covered by this report. (Example: President, Chancellor, Provost, etc.)

Telephone numbers — These are the telephone numbers for general information inquiries, the Financial Aid Office, and the Admissions Office.

Respondent — Enter the name and telephone number of the person responsible for completing this report.

County or city location of institution and Congressional District — Provide the name of the county or independent city in which your entity is located and the Congressional District number.

PART A — TYPES OF EDUCATIONAL OFFERINGS

These questions are asked to verify the inclusion of this institution on the NCES/IPEDS list of institutions and agencies offering all types of postsecondary education. Postsecondary education is the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is academic, vocational, and continuing professional education, and excludes avocational and adult basic education programs.

PART B — ORGANIZATION AND ACCREDITATION

The purpose of question 1 in this section is to identify the institution or entity that will be responsible for completing this and other IPEDS survey forms. For individual institutions this will simply be the institution itself. However, for groups of institutions organized into systems or corporations, an administrative unit (such as the central, system, or corporate office), or the main campus, or one of the branch campuses may complete separate survey forms for itself and for all of the campuses of the institution. If you believe that your response to this section does not adequately describe the reporting process in your organization, call your State Coordinator or the Census Bureau representative.

1. If this entity (institution or administrative unit) will complete any IPEDS survey forms for other institutions or branches, provide the information requested in this item. If this entity is an institution of postsecondary education, or branch of such an institution, also complete the rest of the survey. If this entity is an administrative unit only, stop after completing page 4. All entities should return the completed survey to the address shown on page 1.

2. Institutional control or affiliation — Indicate the appropriate form of control or affiliation under which the institution operates. Affiliation with a religious group need not imply financial backing. Mark the appropriate religious affiliation. If the religious affiliation is Protestant or Other, specify the denomination. If more than one response is appropriate, mark all that apply, but do not indicate both public and private.

3. Award levels — Check all applicable levels for all credit programs offered at this institution. Award levels are identified on the basis of either recognition for their completion, or duration, or a combination thereof.

Boxes (1), (2), and (4) — Note that these categories are differentiated on the basis of length of programs and refer to completions below the level of the baccalaureate degree. Do not designate the categories on the basis of the terminology used by the institution to describe these completions. All references to length of study should be interpreted to mean the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time periods. One academic year equals 30 semester credit hours or its equivalent, or 900 contact or clock hours of instruction.

Boxes (3), (5), (7), (9), and (10) indicate those degree levels for which the institution is authorized to make formal awards.

Boxes (6), (8), and (11) indicate programs for which the institution offers formal recognition at these levels. Examples might be additional credit hours needed to complete licensure requirements; refresher courses in any technical or professional area; certificate of competency (for example in performing arts); or advanced work that does NOT meet the requirements of the next higher degree but constitutes an organized program of study and is recognized by the institution.

Administrative unit — An administrative unit is the office in a multi-campus environment responsible for the completion of the IPEDS survey forms for the campuses (main and branch) of the school. An administrative unit conducts no classes. The administrative office for a one-campus school is not considered an administrative unit for IPEDS reporting purposes. If this entity, as named on page 1, box 1, is an administrative unit only, stop after completing all of page 4, and return the completed survey to the address shown on page 1.

REMOVE INSTRUCTIONS BEFORE MAILING AND RETAIN FOR YOUR FILES.

GENERAL INSTRUCTIONS – IC-ADD — Continued

PART B — ORGANIZATION AND ACCREDITATION — Continued

- Two-year provision** — Indicate whether this institution has been offering postsecondary instruction on a continuous basis for at least 2 years (except for normal vacation periods). A change in name or ownership of the institution during this 2-year period is not relevant in answering this question.
- Licensing or regulatory agency** — Indicate whether this institution is licensed by a State or local licensing or regulatory agency.
- Institutional accreditation** — Indicate the types of agencies which accredit this institution.
- National institutional or specialized accreditation** — If this institution or any of its programs, departments, or schools is currently accredited by any of the national institutional or specialized accrediting agencies recognized by the Secretary, U.S. Department of Education (Higher Education and Occupational/Vocational Institution Eligibility Agencies) which are listed on pages 6—8, mark the appropriate box(es) for all that apply.

PART C — CALANDAR, ADMISSION REQUIREMENTS, AND SERVICES

- Calendar system** — Indicate the predominant calendar on which the institution operates. If courses or programs are offered on more than one calendar, select the system under which most courses or programs are offered. If there is no predominant calendar system at this institution, mark (X) box 5, 6, or 7, as appropriate.
- Location of course instruction** — Indicate all locations where courses are offered. The intent of this item is to identify geographically dispersed sites used for instructional offerings. Do not use the category of "Abroad" to refer to study-abroad programs that involve travel or visitation in other countries.
- Admission requirements** — This item refers to undergraduate credit programs only. Mark the types of information that are used as part of the selection process for students entering your institution. Mark "no entering freshmen" if yours is an upper level or first-professional only institution.

PART D — STUDENT CHARGES

It is recognized that tuition and required fees and room and board charges may not be the same for all students at an institution. Therefore, please be guided by the following —

- Report tuition and fees charged to in-district, in-State and out-of-State students as requested.
- Include all fixed sum charges which are REQUIRED of such a large proportion of all students that the student who does not pay the charges is an exception.
- Do not include any charges which are clearly optional.
- If the institution has a single lump-sum charge for tuition, required fees, room and board, apportion the lump-sum charges among the appropriate categories so that tuition and fees and room and board can be analyzed separately.

Data items to be completed.

- Enrollment of full-time students** — Indicate if your institution enrolls any students on a full-time basis.

- Application fee** — If your institution charges an application fee for admission, indicate the amount.
- Basis for charging full-time students** — Indicate the method by which full-time students most frequently are charged.
- Number of programs** — Provide the total number of programs that your institution offers.
- Length of programs** — Indicate whether your institution offers programs that are at least 300 contact hours or clock hours, or 6 semester or trimester hours, or 12 quarter hours.
- Largest programs** — Provide the title, Classification of Instructional Program (CIP) code, in-State tuition and required fees for the total program, the cost of books and supplies for the total program, and the length of the program in contact hours.
 - Enter the title of the program as designated by your institution.
 - Refer to the enclosed NCES publication, the 1990 version of the Classification of Instructional Programs (CIP). Match your program title as closely as possible with a program listed in this publication. Enter the corresponding 6-digit code in the appropriate space.
 - Enter the total in-State tuition and required fees charged for the entire length of the program.
 - Enter the cost of books and supplies for the total program.
 - Report the full length of the program measured in contact or clock hours.
- and 8. Typical tuition and required fees for undergraduate and graduate students** — Enter in the spaces provided the dollar amount of tuition and required fees for an academic year most frequently charged to each of the types of full-time students indicated. **Note** — If tuition is charged on a per credit hour basis, multiply the charge per credit hour by the number of hours that would normally be required per academic year to complete a degree or program at the level indicated and add the typical required fees.

Undergraduate students include: **(1)** those who have not obtained a bachelor's degree; **(2)** all students in bachelor's degree programs which require at least 4 years but fewer than 6 years of college work; and **(3)** all students in occupational or general study programs requiring 1, 2, or 3 years of college work and which are designed to prepare students for immediate employment, or to provide general education rather than as the first 1, 2, or 3 years of a bachelor's degree program.

Graduate students are those who have attained at least one standard bachelor's degree or first-professional degree and are or could be candidates for Master's or Doctor's degrees. DO NOT include candidates for the degrees of D.P.M., D.D.S., D.M.D, M.D., O.D., D.O., D.V.M., L.L.B., J.D., B.D., or other first-professional degrees.

In **7c**, enter the typical number of credit (or contact) hours taken by a full-time undergraduate student in a full academic year. Answer in credit hours or contact hours, but not both. Provide a single figure, not a range of hours. In **8c**, enter the typical number of credit hours taken by a full-time graduate student in a full academic year.

GENERAL INSTRUCTIONS – IC-ADD — Continued

9. Tuition and required fees for first-professional programs — Enter in the spaces provided the dollar amount of in-State and out-of-State tuition and required fees for an academic year charged to full-time students in each of the first-professional programs offered at this institution, or mark box **9a** if you have no full-time first-professional students.

In **9c**, enter the typical number of credit hours taken by a full-time first-professional student in a full academic year. Provide a single figure, not a range of hours.

10. and 11. Typical room and board charges — Check the appropriate boxes in questions **10a** and **10b** to indicate if this institution provides room and board to students. Report the total dormitory capacity (number of students) for an academic year in **10a**, if applicable. Report the number of meals per week covered by the board charge in **10b**, if applicable. If there is not a fixed number of meals per week covered by the board charge, check the box provided for this purpose in **10b** instead.

Report the typical room charge (for an academic year) to a full-time student sharing a room with one other student in **11a**, if applicable. Report the typical board charge (for an academic year) to a full-time student in **11b**, if applicable. DO NOT report the total of **11a** and **11b** in **11c**.

If this institution assesses a combined charge for room and board, report these charges separately in **11a** and **11b** if possible. If the room and board charge CANNOT BE SEPARATED, report the combined charge in **11c**.

PART E — ENROLLMENT AND INSTRUCTIONAL ACTIVITY
