37 CFR Ch. I (7–1–08 Edition)

commerce that the United States Congress can regulate, either in the identical form thereof or in such near resemblance thereto as to be likely, when used on or in connection with the goods/services of such other person, firm, corporation, association, or other legal entity, to cause confusion, or to cause mistake, or to deceive.

[64 FR 48918, Sept. 8, 1999, as amended at 67 FR 79522, Dec. 30, 2002; 68 FR 55762, Sept. 26, 2003]

§ 2.34 Bases for filing.

(a) The application must include one or more of the following five filing bases:

(1) *Use in commerce under section 1(a) of the Act.* The requirements for an application based on section 1(a) of the Act are:

(i) The trademark owner's verified statement that the mark is in use in commerce on or in connection with the goods or services listed in the application. If the verification is not filed with the initial application, the verified statement must allege that the mark was in use in commerce on or in connection with the goods or services listed in the application as of the application filing date;

(ii) The date of the applicant's first use of the mark anywhere on or in connection with the goods or services;

(iii) The date of the applicant's first use of the mark in commerce as a trademark or service mark; and

(iv) One specimen showing how the applicant actually uses the mark in commerce.

(2) *Intent-to-use under section 1(b) of the Act.* In an application under section 1(b) of the Act, the applicant must verify that it has a bona fide intention to use the mark in commerce on or in connection with the goods or services listed in the application. If the verification is not filed with the initial application, the verified statement must allege that the applicant had a bona fide intention to use the mark in commerce on or in connection with the goods or services listed in the application as of the filing date of the application.

(3) *Registration of a mark in a foreign applicant's country of origin under section 44(e) of the Act.* The requirements

for an application under section 44(e) of the Act are:

(i) The applicant's verified statement that it has a bona fide intention to use the mark in commerce on or in connection with the goods or services listed in the application. If the verification is not filed with the initial application, the verified statement must allege that the applicant had a bona fide intention to use the mark in commerce as of the filing date of the application.

(ii) A true copy, a photocopy, a certification, or a certified copy of a registration in the applicant's country of origin showing that the mark has been registered in that country, and that the registration is in full force and effect. The certification or copy of the foreign registration must show the name of the owner, the mark, and the goods or services for which the mark is registered. If the foreign registration is not in the English language, the applicant must submit a translation.

(iii) If the record indicates that the foreign registration will expire before the United States registration will issue, the applicant must submit a true copy, a photocopy, a certification, or a certified copy from the country of origin to establish that the foreign registration has been renewed and will be in force at the time the United States registration will issue. If the foreign registration is not in the English language, the applicant must submit a translation.

(4) *Claim of priority, based upon an earlier-filed foreign application, under section 44(d) of the Act.* The requirements for an application under section 44(d) of the Act are:

(i) A claim of priority, filed within six months of the filing date of the foreign application. Before publication or registration on the Supplemental Register, the applicant must either:

(A) Specify the filing date, serial number and country of the first regularly filed foreign application; or

(B) State that the application is based upon a subsequent regularly filed application in the same foreign country, and that any prior-filed application has been withdrawn, abandoned or otherwise disposed of, without having been laid open to public inspection and without having any rights outstanding,

and has not served as a basis for claiming a right of priority.

(ii) The applicant's verified statement that it has a bona fide intention to use the mark in commerce on or in connection with the goods or services listed in the application. If the verification is not filed with the initial application, the verified statement must allege that the applicant had a bona fide intention to use the mark in commerce as of the filing date of the application.

(iii) Before the application can be approved for publication, or for registration on the Supplemental Register, the applicant must establish a basis under section 1(a), section 1(b) or section 44(e) of the Act.

(5) *Extension of protection of an international registration under section 66(a) of the Act.* In an application under section 66(a) of the Act, the international application or subsequent designation requesting an extension of protection to the United States must contain a signed declaration that meets the requirements of § 2.33.

(b)(1) In an application under section 1 or section 44 of the Act, an applicant may claim more than one basis, provided the applicant satisfies all requirements for the bases claimed. However, the applicant may not claim both sections 1(a) and 1(b) for the identical goods or services in the same application.

(2) In an application under section 1 or section 44 of the Act, if an applicant claims more than one basis, the applicant must list each basis, followed by the goods or services to which that basis applies. If some or all of the goods or services are covered by more than one basis, this must be stated.

(3) A basis under section 66(a) of the Act cannot be combined with any other basis.

(c) The word "commerce" means commerce that Congress may lawfully regulate, as specified in section 45 of the Act.

[64 FR 48919, Sept. 8, 1999, as amended at 67 FR 79522, Dec. 30, 2002; 68 FR 55763, Sept. 26, 2003]

§ 2.35 Adding, deleting, or substituting bases.

(a) In an application under section 66(a) of the Act, an applicant may not add, substitute or delete a basis, unless the applicant meets the requirements for transformation under section 70(c) of the Act and § 7.31 of this chapter.

(b) In an application under section 1 or section 44 of the Act:

(1) Before publication for opposition, an applicant may add or substitute a basis, if the applicant meets all requirements for the new basis, as stated in § 2.34. The applicant may delete a basis at any time.

(2) After publication, an applicant may add or substitute a basis in an application that is not the subject of an *inter partes* proceeding before the Trademark Trial and Appeal Board, but only with the express permission of the Director, after consideration on petition. Republication will be required. The amendment of an application that is the subject of an *inter partes* proceeding before the Board is governed by § 2.133(a).

(3) When an applicant substitutes one basis for another, the Office will presume that there was a continuing valid basis, unless there is contradictory evidence in the record, and the application will retain the original filing date, including a priority filing date under section 44(d), if appropriate.

(4) If an applicant properly claims a section 44(d) basis in addition to another basis, the applicant will retain the priority filing date under section 44(d) no matter which basis the applicant perfects.

(5) The applicant may add or substitute a section 44(d) basis only within the six-month priority period following the filing date of the foreign application.

(6) When the applicant adds or substitutes a basis, the applicant must list each basis, followed by the goods or services to which that basis applies.

(7) When the applicant deletes a basis, the applicant must also delete any goods or services covered solely by the deleted basis.

(8) Once an applicant claims a section 1(b) basis as to any or all of the goods or services, the applicant may not
