

§2.86

37 CFR Ch. I (7-1-08 Edition)

though such petitions to revive, appeals, etc., are filed on or after September 1, 1973.

(c) Section 6.2 of part 6 of this chapter specifies the system of classification for goods and services which applies for all statutory purposes to all trademark applications filed in the Patent and Trademark Office on or before August 31, 1973, and to registrations issued on the basis of such applications, except when the registration may have been issued under a classification system prior to that set forth in §6.2. Moreover, this classification will also be utilized for facilitating trademark searches until all pending and registered marks in the search file are organized on the basis of the international system of classification.

(d) Renewals filed on registrations issued under a prior classification system will be processed on the basis of that system.

(e) Where the amount of the fee received on filing an appeal in connection with an application or on an application for renewal is sufficient for at least one class of goods or services but is less than the required amount because multiple classes in an application or registration are involved, the appeal or renewal application will not be refused on the ground that the amount of the fee was insufficient if the required additional amount of the fee is received in the Patent and Trademark Office within the time limit set forth in the notification of this defect by the Office, or if action is sought only for the number of classes equal to the number of fees submitted.

(f) Sections 6.3 and 6.4 specify the system of classification which applies to certification marks and collective membership marks.

(g) Classification schedules shall not limit or extend the applicant's rights.

§2.86 Application may include multiple classes.

(a) In a single application, an applicant may apply to register the same mark for goods and/or services in multiple classes. The applicant must:

(1) Specifically identify the goods or services in each class;

(2) Submit an application filing fee for each class, as set forth in §2.6(a)(1).

(3) Include either dates of use (see §§2.34(a)(1)(ii) and (iii)) and one specimen for each class, or a statement of a bona fide intention to use the mark in commerce on or in connection with all the goods or services specified in each class. The applicant may not claim both use in commerce and a bona fide intention to use the mark in commerce for the identical goods or services in one application.

(b) An amendment to allege use under §2.76 or a statement of use under §2.88 must include, for each class, the required fee, dates of use, and one specimen. The applicant may not file the amendment to allege use or statement of use until the applicant has used the mark on all the goods or services, unless the applicant files a request to divide. See §2.87 for information regarding requests to divide.

(c) The Office will issue a single certificate of registration for the mark, unless the applicant files a request to divide. See §2.87 for information regarding requests to divide.

[64 FR 48923, Sept. 8, 1999, as amended at 70 FR 2953, Jan. 19, 2005]

§2.87 Dividing an application.

(a) An application may be physically divided into two or more separate applications upon the payment of a fee for each new application created and submission by the applicant of a request in accordance with paragraph (d) of this section.

(b) In the case of a request to divide out one or more entire classes from an application, only the fee for dividing an application under paragraph (a) of this section, as set forth in §2.6(a)(19), will be required. However, in the case of a request to divide out some, but not all, of the goods or services in a class, the application filing fee, as set forth in §2.6(a)(1), for each new separate application to be created by the division must be submitted, together with the fee for dividing an application under paragraph (a) of this section, as set forth in §2.6(a)(19).

(c) A request to divide an application may be filed at any time between the
