

## Coast Guard, DHS

## § 91.01-10

91.27-15 Inspectors not limited.

### Subpart 91.30—Inspection After Accident

91.30-1 General or partial survey.

### Subpart 91.35—Sanitary Inspections

91.35-1 When made.

### Subpart 91.40—Drydocking

91.40-1 Definitions relating to hull examinations.

91.40-3 Drydock examination, internal structural examination, cargo tank internal examination, and underwater survey intervals.

91.40-5 Notice and plans required.

### Subpart 91.43—Integral Fuel Oil Tank Examinations

91.43-1 When required.

### Subpart 91.45—Repairs and Alterations

91.45-1 Notice required.

91.45-5 Inspection required.

### Subpart 91.50—Special Operating Requirements

91.50-1 Inspection and testing required when making alterations, repairs, or other such operations involving riveting, welding, burning or like fire-producing actions.

### Subpart 91.55—Plan Approval

91.55-1 General.

91.55-5 Plans and specifications required for new construction.

91.55-10 Plans required for alterations of existing vessels.

91.55-15 Procedure for submittal of plans.

91.55-20 Number of plans required.

### Subpart 91.60—Certificates Under International Convention for Safety of Life at Sea, 1974

91.60-1 Application.

91.60-5 Cargo Ship Safety Construction Certificate.

91.60-10 Cargo Ship Safety Equipment Certificate.

91.60-15 Cargo Ship Safety Radio Certificate.

91.60-25 Exemption Certificate.

91.60-30 Safety Management Certificate.

91.60-35 Availability of Certificates.

91.60-40 Duration of Convention certificates.

91.60-45 American Bureau of Shipping.

## Subpart 91.01—Certificate of Inspection

### § 91.01-1 When required.

(a) Except as noted in this subpart or subpart 91.05, no vessel subject to inspection and certification shall be operated without a valid certificate of inspection.

### § 91.01-5 Posting.

(a) On vessels of over 25 gross tons, the original certificate of inspection shall, in general, be framed under glass and posted in a conspicuous place where it will be most likely to be observed. On vessels not over 25 gross tons, and on other vessels such as barges, where the framing of the certificate under glass would be impracticable, the original certificate of inspection shall be kept on board to be shown on demand.

### § 91.01-10 Period of validity for a Certificate of Inspection.

(a) Certificates of inspection will be issued for a period of 5 years. Application may be made by the master, owner, or agent for inspection and issuance of a new certificate of inspection at any time during the period of validity of the current certificate.

(b) Certificates of inspection may be revoked or suspended by the Coast Guard where such process is authorized by law. This may occur if the vessel does not meet the requirements of law or regulations in this chapter or if there is a failure to maintain the safety requirements requisite to the issuance of a certificate of inspection.

(c)(1) In the case of the following vessels, modification of the period of validity of the certificate of inspection will be permitted as set forth in this paragraph:

(i) Nonself-propelled vessels of 100 gross tons and over proceeding on the high seas or ocean for the sole purpose of changing place of employment.

**§91.01-15**

(ii) Nonself-propelled vessels of 100 gross tons and over making rare or infrequent voyages on the high seas or ocean and returning to the port of departure.

(2) The certificate of inspection may be issued for a specific period of time to cover a described situation or for one voyage only but in no case to exceed 5 years. The certificate of inspection will include the conditions under which the vessel must operate. Unless the vessel is in compliance with this Subchapter insofar as it applies to seagoing barges of 100 gross tons and over, such vessel shall not carry any person on board while underway, and the certificate of inspection will be endorsed as an unmanned seagoing barge.

[CGFR 65-50, 30 FR 16974, Dec. 30, 1965, as amended by CGFR 68-82, 33 FR 18901, Dec. 18, 1968; CGD 95-012, 60 FR 48051, Sept. 18, 1995; USCG 1999-4976, 65 FR 6501, Feb. 9, 2000]

**§91.01-15 Temporary certificate.**

(a) If necessary to prevent delay of the vessel, a temporary certificate of inspection, Form CG-854, shall be issued pending the issuance and delivery of the regular certificate of inspection. Such temporary certificate shall be carried in the same manner as the regular certificate and shall in all ways be considered the same as the regular certificate of inspection which it represents.

**§91.01-20 Expired certificate.**

(a) Nothing in this subpart shall prevent a vessel upon a regularly established line from a port in the United States to a port of a foreign country not contiguous to the United States whose certificate of inspection expires at sea or while said vessel is in a foreign port or a port of Hawaii from lawfully completing her voyage without the valid certificate of inspection or temporary certificate required by this subpart: *Provided*, That the certificate of inspection did not expire within 15 days after the vessel left the last port of the United States, and that the voyage shall be completed within 30 days after the expiration of the certificate of inspection.

**46 CFR Ch. I (10-1-06 Edition)**

**§91.01-25 Emergency carriage of more than 16 persons in addition to the crew on vessels not engaged in international voyages.**

(a) When a District Commander finds that an emergency situation exists, he authorizes the local Officer in Charge, Marine Inspection, to issue amendments to vessels' certificates of inspection authorizing the carriage of more than 16 persons in addition to the crew.

(b) Upon receipt of an application from a vessel's owner or operator, the Local Officer in Charge, Marine Inspection, amends the vessel's certificate of inspection after—

(1) Additional lifesaving and fire-fighting equipment found necessary by the OCMI has been provided;

(2) A stability evaluation has been performed; and

(3) Any other conditions considered necessary by the OCMI have been satisfied.

[CGD 76-004, 41 FR 32744, Aug. 5, 1976]

**Subpart 91.05—Permit To Proceed to Another Port for Repair**

**§91.05-1 When issued.**

(a) The Officer in Charge, Marine Inspection, may issue a permit to proceed to another port for repair, Form CG-948 to a vessel, if in his judgment it can be done with safety, even if the certificate of inspection of the vessel has expired or is about to expire.

**§91.05-5 To whom issued.**

(a) Such permit will only be issued upon the written application of the master, owner, or agent of the vessel.

**§91.05-10 Conditions of permit.**

(a) The permit will state upon its face the conditions under which it is issued and whether or not the vessel is permitted to carry freight or passengers.

**§91.05-15 Posting.**

(a) The permit shall be carried in a manner similar to that described in §91.01-5 for a certificate of inspection.
