

§ 2636.304

5 CFR Ch. XVI (1-1-05 Edition)

Where such expenses are not paid or reimbursed, the amount of compensation or earned income shall be determined by subtracting the actual and necessary expenses incurred by the employee from any payment received for the activity;

(7) Payments to charitable organizations in lieu of honoraria, as described in 5 U.S.C. app. 501(c) and app. 505; or

(8) Compensation for:

(i) Services rendered prior to January 1, 1991, or prior to becoming a covered noncareer employee;

(ii) Services rendered in satisfaction of a covered noncareer employee's obligation under a contract entered into prior to January 1, 1991; or

(iii) Services which the covered noncareer employee first undertook to provide prior to January 1, 1991, where the standards of the applicable profession require the employee to complete the case or other undertaking.

Example 1. A covered noncareer employee is a limited partner in a partnership that invests in commercial real estate. Because he does not take an active role in the management of the partnership, his share of the partnership income is neither "outside earned income" nor "compensation."

Example 2. A covered noncareer employee of the Civil Rights Commission serves without compensation as a member of the Board of Visitors for a university. The roundtrip airfare and hotel expenses paid by the university to permit him to attend quarterly meetings of the Board are neither "outside earned income" or "compensation."

Example 3. Where a covered noncareer employee pays for transcripts of a hearing in which he is providing pro bono legal representation, reimbursements for those expenses by a legal aid organization are neither "outside earned income" nor "compensation."

Example 4. During the term of his appointment, a Deputy Assistant Secretary of Labor enters into a contract to write a book of fictional short stories. Royalties based on actual sales of the book after publication are investment income attributable to the property interest he retains in the book and, as such, are neither "outside earned income" nor "compensation."

(c) *Receive* means that the employee has the right to exercise dominion and control over the compensation or outside earned income and direct its subsequent use. Compensation or outside earned income is received by an employee if it is for his conduct and:

(1) If it is paid to any other person on the basis of designation, recommendation or other specification by the employee; or

(2) If, with the employee's knowledge and acquiescence, it is paid to his parent, sibling, spouse, child or dependent relative.

Compensation that is prohibited by §2636.305 through §2636.307 of this subpart is received while an individual is an employee if it is for conduct by him that occurs while an employee, even though actual payment may be deferred until after Federal employment has terminated. Payments made to charitable organizations in lieu of honoraria under 5 U.S.C. app. 501(c) are not compensation or outside earned income and thus are not received in violation of any of the limitations contained in his subpart. However, other compensation or outside earned income donated to a charitable organization is received by the employee.

[56 FR 1723, Jan. 17, 1991, as amended at 63 FR 43069, Aug. 12, 1998; 64 FR 2422, Jan. 14, 1999]

§ 2636.304 The 15 percent limitation on outside earned income.

(a) *Limitation applicable to individuals who are covered noncareer employees on January 1 of any calendar year.* A covered noncareer employee may not, in any calendar year, receive outside earned income attributable to that calendar year which exceeds 15 percent of the annual rate of basic pay for level II of the Executive Schedule under 5 U.S.C. 5313, as in effect on January 1 of such calendar year. The effective date of a change in the rate for level II of the Executive Schedule shall be the date on which a new rate of basic pay for level II first becomes applicable to any level II position.

NOTE: Notwithstanding the 15 percent limitation described in this section, a covered noncareer employee who is a Presidential appointee to a full-time noncareer position is prohibited by section 102 of Executive Order 12674, as amended, from receiving any outside earned income for outside employment or any other activity performed during that Presidential appointment.

Example 1. Notwithstanding that the compensation he will receive would not exceed 15 percent of the rate for level II of the Executive Schedule, a covered noncareer employee

of the Department of Energy may not receive any compensation for teaching a university course unless he first receives the authorization required by § 2636.307 of this subpart.

(b) *Limitation applicable to individuals who become covered noncareer employees after January 1 of any calendar year.* The outside earned income limitation that applies to an individual who becomes a covered noncareer employee during a calendar year shall be determined on a pro rata basis. His outside earned income while so employed in that calendar year shall not exceed 15 percent of the annual rate of basic pay for level II of the Executive Schedule in effect on January 1 of the calendar year divided by 365 and multiplied by the number of days during that calendar year that he holds the covered noncareer position.

Example 1. A former college professor received an appointment to a noncareer Senior Executive Service position on November 1, 1991. The rate of basic pay in effect for Executive Level II on January 1, 1991 was \$125,100. For the 61 day period from November 1, 1991 through December 31, 1991, the amount of outside income he may earn is limited to \$3,129. That amount is determined as follows:

Step 1. The rate of basic pay for Executive Level II as in effect on January 1 of that year (\$125,100) is divided by 365. That quotient is \$342;

Step 2. The dollar amount determined by Step 1 (\$342) is then multiplied by the 61 days the employee held the covered noncareer position. That product is \$20,862;

Step 3. The dollar amount determined by Step 2 (\$20,862) is multiplied by .15 or 15 percent. The product (\$3,129) is the maximum outside earned income the employee may have in the particular year attributable to the period of his service in a covered noncareer position.

(c) *Computation principle.* For purposes of any computation required by this section, any amount of \$.50 or more shall be rounded up to the next full dollar and any amount less than \$.50 shall be rounded down to the next full dollar.

(d) *Year to which outside earned income is attributable.* Regardless of when it is paid, outside earned income is attributable to the calendar year in which the services for which it is paid were provided.

§ 2636.305 Compensation and other restrictions relating to professions involving a fiduciary relationship.

(a) *Applicable restrictions.* A covered noncareer employee shall not:

(1) Receive compensation for:

(i) Practicing a profession which involves a fiduciary relationship; or

(ii) Affiliating with or being employed to perform professional duties by a firm, partnership, association, corporation, or other entity which provides professional services involving a fiduciary relationship; or

(2) Permit his name to be used by any firm, partnership, association, corporation, or other entity which provides professional services involving a fiduciary relationship.

Example 1. A covered noncareer employee of the White House Office who is an attorney may not receive compensation for drafting a will for her friend. She may, however, participate in her bar association's pro bono program by providing free legal services for the elderly, provided her participation in the program is otherwise proper. For example, 18 U.S.C. 205 would prohibit her from representing her pro bono client in a hearing before the Social Security Administration.

Example 2. An accountant named C.B. Debit who is offered a covered noncareer appointment must terminate his partnership in the accounting firm of Delight, Waterhose and Debit upon appointment. Because his deceased father, J.R. Debit, was the founding partner for whom the firm is named, the name Debit need not be deleted from the firm's name. However, the name C.B. Debit may not appear on the firm's letterhead after the individual enters on duty as a covered noncareer employee.

(b) *Definitions.* For purposes of this section:

(1) *Profession* means a calling requiring specialized knowledge and often long and intensive preparation including instruction in skills and methods as well as in the scientific, historical or scholarly principles underlying such skills and methods. It is characteristic of a profession that those in the profession, through force of organization or concerted opinion, establish and maintain high standards of achievement and conduct, and commit its practitioners to continued study of the field. Consulting and advising with respect to subject matter that is generally regarded as the province of practitioners
