CASH VALUE AND POLICY LOAN

§ 8.11 Cash value and policy loan.

(a) Provisions for cash value, paid-up insurance, and extended term insurance, except as provided in § 8.14(b), shall become effective at the completion of the first policy year on any plan of National Service Life Insurance other than the 5-year level premium term plan. The cash value at the end of the first policy year and at the end of any policy year thereafter, for which premiums have been paid in full, shall be the reserve with any dividend accumulations, where applicable.

(b) Upon written request and upon complete surrender of the insurance and all claims thereunder, the United States will pay to the insured the cash value of the policy less any indebtedness, provided the policy has been in force by payment or waiver of the premiums for at least 1 year. Paid-up additions do not have to be in force for 1 year before they have cash values. Unless otherwise requested by the insured, a surrender will be deemed completed as of the end of the premium month in which the application for cash surrender is delivered to the Department of Veterans Affairs, or as of the date of the check for the cash

value, whichever is later. If the application is forwarded by mail, properly addressed, the postmark date will be taken as the date of delivery. If it is forwarded through military channels, the date the application is placed in military channels will be taken as the date of delivery.

(c) All values, reserves and net single premiums on participating National Service Life Insurance, other than as provided in paragraph (e) of this section, shall be based on the American Experience Table of Mortality, with interest at the rate of 3 percent per annum. For each month after the first policy year for which month a premium has been paid or waived, the reserve at the end of the preceding policy year shall be increased by one-twelfth of the increase in reserve for the current policy year.

§ 8.13 Policy loans.

(a) At any time after the premiums for the first policy year have been paid and earned and before default in payment of any subsequent premium, and upon the execution of a loan agreement satisfactory to the Secretary, the United States will lend to the insured on the security of his or her National Service Life Insurance policy, any amount which will not exceed 94 percent of the reserve, and any indebtedness on the policy shall be deducted from the amount advanced on such loan. At any time before default in the payment of the premium, the loan may be repaid in full or in amounts of \$5 or more. Failure to pay either the amount of the loan or the interest thereon shall not make the policy voidable unless the total indebtedness shall equal or exceed the cash value. When the amount of the indebtedness equals or exceeds the cash value, the policy shall become voidable. On loans applied for before the effective date of this regulation (November 2, 1987) and not exchanged pursuant to paragraph (b) of this section, the policy loan interest rate in effect when the loan was applied for shall not be increased for the term of the loan.
