

§ 18.421

use solely in connection with its remedial action obligations or its voluntary or affirmative action efforts; and

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential as provided in paragraph (d) of this section, that refusal to provide it will not subject the applicant or employee to any adverse treatment, and that it will be used only in accordance with this part.

(c) Nothing in this section shall prohibit a recipient from conditioning an offer of employment on the results of a medical examination conducted prior to the employee's entrance on duty, provided that:

(1) All entering employees are subjected to such an examination regardless of handicap, and (2) the results of such an examination are used only in accordance with the requirements of this part.

(d) Information obtained in accordance with this section as to the medical condition or history of the applicant shall be collected and maintained on separate forms that shall be accorded confidentiality as medical records, except that:

(1) Supervisors and managers may be informed regarding restrictions on the work or duties of handicapped persons and regarding necessary accommodations;

(2) First aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment;

(3) Government officials investigating compliance with the Act shall be provided relevant information upon request.

ACCESSIBILITY

§ 18.421 Discrimination prohibited.

No qualified handicapped person shall, because a recipient's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which this part applies.

§ 18.422 Existing facilities.

(a) *Accessibility.* A recipient shall operate each program or activity to which this part applies so that when each part is viewed in its entirety it is readily accessible to handicapped persons. This paragraph does not require a recipient to make each of its existing facilities or every part of a facility accessible to and usable by handicapped persons.

(b) *Methods.* A recipient may comply with the requirement of paragraph (a) of this section through such measures as redesign of equipment, reassignment of classes or other services to accessible buildings, assignment of aids to beneficiaries, home visits, delivery of health, or other social services at alternate accessible sites, alteration of existing facilities and construction of new facilities in conformance with § 18.423 or any other methods that make its program or activity accessible to handicapped persons. A recipient is not required to make structural changes in existing facilities where other methods are effective in making its programs or activities readily accessible to handicapped persons. In choosing among available methods for complying with paragraph (a) of this section, a recipient shall give priority to methods that serve handicapped persons in the most integrated setting appropriate.

(c) *Small health, welfare or other social service providers, and recipients that operate other than educational programs or activities.* If a recipient with fewer than fifteen employees finds after consultation with a handicapped person seeking its services that there is no method of complying with paragraph (a) of this section other than making a significant alteration in its existing facilities, the recipient may, as an alternative, refer the qualified handicapped person to other providers whose services are accessible. Where referrals are necessary, transportation costs shall not exceed costs to and from recipients' programs or activities.

(d) *Time period.* A recipient shall comply with paragraph (a) of this section within 60 days of the effective date of this part except that when structural changes in facilities are necessary, these changes shall be made as soon as practicable, but not later than three

Department of Veterans Affairs

§ 18.431

years after the effective date of this part.

(e) *Transition plan.* If structural changes to facilities are necessary to meet the requirements of paragraph (a) of this section, a recipient shall develop a transition plan within six months of the effective date of this part setting forth the steps necessary to complete such change. The plan shall be developed with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons. A copy of the transition plan shall be available for public inspection. The plan shall, at a minimum:

(1) Identify physical obstacles in the recipient's facilities that limit the accessibility of its program or activity to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve full accessibility under paragraph (a) of this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the person responsible for implementation of the plan.

(f) *Notice.* The recipient shall implement procedures to ensure that interested persons, including persons with impaired vision or hearing, can obtain information concerning the existence and location of services, activities, and facilities that are accessible to and usable by handicapped persons.

(The information collection requirements contained in paragraph (e) have been approved by the Office of Management and Budget under control number 2900-0414)

[45 FR 63268, Sept. 24, 1980, as amended at 49 FR 32574, Aug. 15, 1984; 68 FR 51370, Aug. 26, 2003]

§ 18.423 New construction.

(a) *Design and construction.* Each facility or part of a facility constructed by, on behalf of, or for the use of a recipient shall be designed and constructed so that the facility or part of the facility is readily accessible to and usable by handicapped persons, if the construction was commenced after the effective date of this part.

(b) *Alteration.* Each facility or part of a facility which is altered by, on behalf of, or for the use of a recipient after the effective date of this part in a manner that affects or could affect the usability of the facility or part of the facility shall, to the maximum extent feasible, be altered so that the altered portion of the facility is readily accessible to and usable by handicapped persons.

(c) *Conformance with Uniform Federal Accessibility Standards.* (1) Effective as of January 18, 1991, design, construction, or alteration of buildings in conformance with sections 3-8 of the Uniform Federal Accessibility Standards (USAF) (appendix A to 41 CFR subpart 101-19.6) shall be deemed to comply with the requirements of this section with respect to those buildings. Departures from particular technical and scoping requirements of UFAS by the use of other methods are permitted where substantially equivalent or greater access to and usability of the building is provided.

(2) For purposes of this section, section 4.1.6(1)(g) of UFAS shall be interpreted to exempt from the requirements of UFAS only mechanical rooms and other spaces that, because of their intended use, will not require accessibility to the public or beneficiaries or result in the employment or residence therein of persons with physical handicaps.

(3) This section does not require recipients to make building alterations that have little likelihood of being accomplished without removing or altering a load-bearing structural member.

ELEMENTARY, SECONDARY, AND ADULT EDUCATION

§ 18.431 Application.

Sections 18.431 through 18.439 apply to elementary, secondary, and adult education programs or activities that receive Federal financial assistance from the Department of Veterans Affairs and to recipients that operate or receive Federal financial assistance for
