Reactivity Task Rating Scale

Please answer the following questions about the star-tracing and the breakout game by checking the appropriate line for each question.

FOR THE STAR-TRACING TASK:

1. How much excitement, tension, and involvement did you feel while tracing the star?

- _____ not very much (1)
- _____ some (2)
- _____ a lot (3)
- _____ very, very much (4)

2. How much did you care about your performance (speed and accuracy during the star-tracing)?

- _____ not very much (1)
- _____ some (2)
- _____ a lot (3)
- _____ very, very much (4)

FOR THE BREAKOUT GAME:

3. How much excitement, tension and involvement did you feel during the breakout game?

- _____ not very much (1)
- _____ some (2)
- _____ a lot (3)
- _____ very, very much (4)

4. How much did you care about your performance (speed and accuracy during the break-out game)?

- _____ not very much (1)
- _____ some (2)
- _____ a lot (3)
- _____ very, very much (4)
