

§ 293.509

the EMF and issued through Federal Supply Service contracts (Standard Form 66 D); (b) has been authorized as an exception to this form by the Office for use by a specific agency; or (c) in the case of an EMF containing records under joint control of the Office and another agency, an exception to the use of this form that has been jointly authorized.

§ 293.509 Use of existing Employee Medical Folders upon transfer or reemployment.

The requirements of § 293.306, regarding the use of existing OPFs, apply to the use of existing EMFs upon the employee's transfer to or reemployment in a new employing agency.

§ 293.510 Disposition of Employee Medical Folders.

(a) When an employee transfers to another Federal agency, the EMF must be transferred to the gaining agency at the same time as the employee's OPF. The EMF is to be addressed only to the gaining agency's designated manager (medical, health, safety, or personnel officer, or other designee) of the EMFS.

(b) When an employee is separated from the Federal service, the EMF must be forwarded to the NPRC with the OPF, using the instructions in § 293.307 of this part.

(c) When a former Federal employee is re-employed by an agency, and that agency believes that an EMF exists, either at the last employing agency or at the NPRC, the agency will request the EMF, but no sooner than 30 days after the date of the new appointment. No EMFs will be routinely retrieved during the initial review process (as is done with the OPF) except when authority exists for the agency to require a medical evaluation prior to reaching a decision on employability. EMFs are to be transferred by the NPRC only to the agency-designated manager (medical, health, safety, or personnel, or other designee) shown on the request form.

§ 293.511 Retention schedule.

(a) Temporary EMFS records must not be placed in a newly-created EMF for a separating employee and must be removed from an already existing EMF

before its transfer to another agency or to the NPRC. Such records must be disposed of in accordance with General Records Schedule (GRS) 1, item 21, issued by the National Archives and Records Administration (NARA).

(b) Occupational Medical Records considered to be long-term records must be maintained for the duration of employment, plus 30 years or for as long as the OPF is maintained, whichever is longer. Therefore, upon separation, the records must be provided to the employee's new agency, or they must be transferred to the NPRC, which will dispose of them in accordance with GRS 1, item 21, issued by NARA.
