§ 550.403 Advance payments; evacuation payments; special allowances.

(a) An advance payment of pay, allowances, and differentials may be made to an employee who has received an order to evacuate, provided that, in the opinion of the agency head or designated official, payment in advance of the date on which an employee otherwise would be entitled to be paid is required to help the employee defray immediate expenses incidental to the evacuation.

(b) Evacuation payments of pay, allowances, and differentials may be made to an employee during an evacuation and shall be paid on the employee's regular pay days when feasible.

(c) Special allowances, including travel expenses and per diem, may be paid to evacuated employees to offset any direct added expenses that are incurred by the employee as a result of his or her evacuation or the evacuation of his or her dependents.

his or her dependent(s) or personal representative) who has received an order to evacuate. When a payment is made under this subpart by an agency other than the employee's agency, the agency making the payment shall immediately report the amount and date of the payment to the employee's agency in order that prompt reimbursement may be made.

§ 550.404 Computation of advance payments and evacuation payments; time periods.

(a) Payments shall be based on the rate of pay (including allowances, differentials, or other authorized payments) to which the employee was entitled immediately before the issuance of the order of evacuation. (c) When an advance payment has been made to or for the account of an employee, the amount of the advance payment shall not diminish the amount of the evacuation payments that would otherwise be due the employee.

(d)(1) For full-time and part-time employees, the amount of an advance payment or an evacuation payment shall be computed on the basis of the number of regularly scheduled workdays for the time period covered.

(2) For intermittent employees, the amount of an advance payment or evacuation payment shall be computed on the basis of the number of days on which the employee would be expected to work during the time period covered. The number of days shall be de-

termined, whenever possible, by approximating the number of days per week normally worked by the employee during an average 6-week period, as determined by the agency.

§ 550.405 Determination of special allowances.

In determining the direct added expenses that may be payable as special allowances, the following shall be considered:

(a) An agency must determine the travel expenses and per diem for an evacuated employee and the travel expenses for his or her dependents in accordance with the Federal Travel Regulation (FTR) and any applicable implementing agency regulations, whether or not the employee or dependents are actually covered by or subject to the FTR. In addition, an agency may authorize per diem for dependents of an evacuated employee at a rate equal to the rate payable to the employee, as determined in accordance with the FTR (except that the rate for dependents under 12 years of age is one-half this rate), whether or not the employee or dependents are actually covered by or subject to the FTR. Per diem for an employee and his or her dependents is payable from the date of departure from the evacuated area through the date of arrival at the safe haven, including any period of delay en route that is beyond an evacuee's control or that may result from evacuation travel arrangements.

(b) Subsistence expenses for an evacuated employee or his or her dependents shall be determined at applicable per diem rates for the safe haven or for a station other than the safe haven that has been approved by appropriate authority. Such subsistence expenses shall begin to be paid on the date following arrival and may continue until terminated. The subsistence expenses shall be computed on a daily rate basis, as follows:
