

Office of Personnel Management

§ 550.405

his or her dependent(s) or personal representative) who has received an order to evacuate. When a payment is made under this subpart by an agency other than the employee's agency, the agency making the payment shall immediately report the amount and date of the payment to the employee's agency in order that prompt reimbursement may be made.

§ 550.404 Computation of advance payments and evacuation payments; time periods.

(a) Payments shall be based on the rate of pay (including allowances, differentials, or other authorized payments) to which the employee was entitled immediately before the issuance of the order of evacuation. All deductions authorized by law, such as retirement or social security deductions, authorized allotments, Federal withholding taxes, and others, when applicable, shall be made before advance payments or evacuation payments are made.

(b)(1) The amount of advance payments shall cover a time period not to exceed 30 days or a lesser number of days, as determined by the authorizing agency official.

(2) Evacuation payments shall cover the period of time during which the order to evacuate remains in effect, unless terminated earlier, but shall not exceed 180 days. When feasible, evacuation payments shall be paid on the employee's regular pay days.

(c) When an advance payment has been made to or for the account of an employee, the amount of the advance payment shall not diminish the amount of the evacuation payments that would otherwise be due the employee.

(d)(1) For full-time and part-time employees, the amount of an advance payment or an evacuation payment shall be computed on the basis of the number of regularly scheduled workdays for the time period covered.

(2) For intermittent employees, the amount of an advance payment or evacuation payment shall be computed on the basis of the number of days on which the employee would be expected to work during the time period covered. The number of days shall be de-

termined, whenever possible, by approximating the number of days per week normally worked by the employee during an average 6-week period, as determined by the agency.

§ 550.405 Determination of special allowances.

In determining the direct added expenses that may be payable as special allowances, the following shall be considered:

(a) An agency must determine the travel expenses and per diem for an evacuated employee and the travel expenses for his or her dependents in accordance with the Federal Travel Regulation (FTR) and any applicable implementing agency regulations, whether or not the employee or dependents are actually covered by or subject to the FTR. In addition, an agency may authorize per diem for dependents of an evacuated employee at a rate equal to the rate payable to the employee, as determined in accordance with the FTR (except that the rate for dependents under 12 years of age is one-half this rate), whether or not the employee or dependents are actually covered by or subject to the FTR. Per diem for an employee and his or her dependents is payable from the date of departure from the evacuated area through the date of arrival at the safe haven, including any period of delay en route that is beyond an evacuee's control or that may result from evacuation travel arrangements.

(b) Subsistence expenses for an evacuated employee or his or her dependents shall be determined at applicable per diem rates for the safe haven or for a station other than the safe haven that has been approved by appropriate authority. Such subsistence expenses shall begin to be paid on the date following arrival and may continue until terminated. The subsistence expenses shall be computed on a daily rate basis, as follows:

(1) An agency must compute the applicable maximum per diem rate by using the "lodgings-plus per diem system," as defined in the FTR, for the employee and each dependent who is 12

§ 550.406

years of age or over. For each dependent under 12 years of age, the per diem rate is one-half of the applicable maximum per diem rate for employees and dependents who are 12 years of age or over. An agency may pay these maximum rates for a period not to exceed the first 30 days of evacuation.

(2) If, after expiration of the 30-day period, the evacuation has not been terminated, the per diem rate shall be computed at 60 percent of the rates prescribed in paragraph (b)(1) of this section until a determination is made by the agency that subsistence expenses are no longer authorized. This rate may be paid for a period not to exceed 180 days after the effective date of the order to evacuate.

(3) The daily rate of the subsistence expense allowance actually paid an employee shall be either a rate determined in accordance with paragraphs (b) (1) and (2) of this section or a lower rate determined by the agency to be appropriate for necessary living expenses.

(c) Payment of subsistence expenses shall be decreased by the applicable per-person amount for any period during which the employee is authorized regular travel per diem in accordance with the FTR.

§ 550.406 Work assignments during evacuation; return to duty.

(a) Evacuated employees at safe havens may be assigned to perform any work considered necessary or required to be performed during the period of the evacuation without regard to the grades or titles of the employees. Failure or refusal to perform assigned work may be a basis for terminating further evacuation payments.

(b) When part-time employees are given assigned work at the safe haven, records of the number of hours worked shall be maintained so that payment may be made for any hours of work that are greater than the number of hours on which evacuation payments are computed.

(c) Not later than 180 days after the effective date of the order to evacuate, or when the emergency or evacuation situation is terminated, whichever is

5 CFR Ch. I (1-1-01 Edition)

earlier, an employee must be returned to his or her regular duty station, or appropriate action must be taken to reassign him or her to another duty station.

§ 550.407 Termination of payments during evacuation.

Advance payments or evacuation payments terminate when the agency determines that—

(a) The employee is assigned to another duty station outside the evacuation area;

(b) The employee abandons or is otherwise separated from his or her position;

(c) The employee's employment is terminated by his or her transfer to retirement rolls or other type of annuity based on cessation of civilian employment;

(d) The employee resumes his or her duties at the duty station from which he or she was evacuated;

(e) The agency determines that payments are no longer warranted; or

(f) The date the employee is determined to be covered by the Missing Persons Act (50 App. U.S.C. 1001 et seq.), unless payment is earlier terminated under these regulations.

§ 550.408 Review of accounts; service credit.

(a) The payroll office having jurisdiction over the employee's account shall review each employee's account for the purpose of making adjustments at the earliest possible date after the evacuation is terminated (or earlier if the circumstances justify), after the employee returns to his or her assigned duty station, or when the employee is reassigned officially.

(b) The employee's pay shall be adjusted on the basis of the rates of pay, allowances, or differentials, if any, to which he or she would otherwise have been entitled under all applicable statutes other than section 5527 of title 5, United States Code. Any adjustments in the employee's account shall also reflect advance payments made to the employee under § 550.403(a) of this subpart.

(c)(1) After an employee's account is reviewed as required by paragraph (a) of this section, if it is found that the
