### § 892.102 What is premium conversion and how does it work?

Premium conversion is a method of reducing your taxable income by the amount of your contribution to your FEHB insurance premium. If you are a participant in the premium conversion plan, Section 125 of the Internal Revenue Code allows you to reduce your salary (through an employer allotment) and provide that portion of your salary back to your employer. Instead of being paid to you as taxable income, this allotted amount is used to purchase your FEHB insurance for you. The effect is that your taxable income is reduced. Because taxable income is reduced, the amount of tax you pay is reduced. You save on Federal income tax, Social Security and Medicare tax

and in most States and localities, State and local income taxes.

### § 892.103 What can I do if I disagree with my agency's decision about my pre-or post-tax election?

You may use the reconsideration procedure set out at §§ 890.104 of this chapter to request an agency to reconsider its initial decision affecting your participation in the premium conversion plan.
