

under title 5, United States Code, or this part.

(c) *Sanction* means any of the three penalties provided by section 8902a of title 5, United States Code, for the offenses cited therein. The three penalties are debarment, civil monetary penalties of not more than \$10,000 for any item or service involved, and assessments of not more than twice the amount claimed for each such item or service.

**§ 890.1003 Standards for OPM determinations of excessive charges, overprescribing, and services or supplies of a poor quality in connection with claims presented under this chapter.**

(a) *Basis for sanctions.* Section 8902a(c) of title 5, United States Code, provides OPM the authority to impose sanctions against health care providers for cited offenses against the FEHB Program.

(b) *Standards.* (1) In making a determination that a provider has charged for health care services or supplies in an amount substantially in excess of such provider's customary charges for such services or supplies, OPM may rely, in part, upon a statistical sampling of previous claims and requests for payment filed by that provider and obtained either from FEHB carrier files, other Government programs, private sector insurance sources or from the provider's own records. OPM shall take into consideration whether such charges deemed to be excessive are justified by unusual circumstances or medical complications requiring additional time, effort, or expense in localities in which it is acceptable medical practice to make an extra charge in such case.

(2) In making a determination that a provider has charged for health care services or supplies which are substantially in excess of the needs of the insured or which are of a quality that fails to meet professionally recognized standards for such services or supplies, OPM may rely, in part, upon reports, including sanction reports, from the following sources:

(i) The Professional Standards Review Organization or the Peer Review Organization for the area served by the provider;

(ii) State or local licensing or certification authorities;

(iii) Peer review committees of health plan carriers;

(iv) State or local professional societies; or

(v) Other sources deemed appropriate by OPM.

**§ 890.1004 Standards for determining either the period of debarment or the amount of civil monetary penalties or assessments.**

(a) In determining either the period of debarment or the amount of any civil monetary penalty or assessment, OPM shall take into account the specifics of section 8902a(e) of title 5, United States Code; i.e., the nature of any claims involved and the circumstances under which they were presented; the degree of culpability, history of prior offenses or improper conduct of the provider involved, and such other matters as justice may require.

(b) The following standards will be used when taking into account the factors listed in paragraph (a) of this section:

(1) *Criminal convictions.* The nature of the offense, the severity and magnitude of the crime, the extent of the provider's involvement and the provider's previous record, if any, will be of paramount importance in determining the period of debarment under 8902a(b) of title 5, United States Code.

(2) *Nature and circumstances of claims.* It shall be considered a mitigating circumstance if all the items or services subject to a determination under 8902a(c) of title 5, United States Code, included in the action brought under this part were of the same type and occurred within a short period of time, or were few in number and the total amount claimed was less than \$1,000. It shall be considered an aggravating circumstance if such items or services were of several types, occurred over a lengthy period of time, were numerous (or the nature and circumstances indicate a pattern of claims for such items or services), or the amount claimed for such items or services was substantial.

(3) *Degree of culpability.* It shall be considered a mitigating circumstance if the claim was the result of an unintentional and unrecognized error in the
