Comments:

Please put an end to mandatory overdraft fees.

I recently walked into my Bank of America branch (after being charged over 300 dollars for buying a cup of coffee, some ibuprofen, 1.50 parking, etc) and asked them to "decline my card when I run out of money". They declined and said "it just doesn't work that way".

Well I think it should work that way.

Please force banks to end their predatory overdraft fee practices.
