

Mississippi National River and Recreation Area

Mississippi River Trail Guide

Map 6: Where Rivers Meet

Trail Notes

- 1 Historic Fort Snelling and Fort Snelling State Park are two separate attractions, each requiring entrance fees.
- 2 The Mendota Trail is a gravel trail accessible only from the Sibley House Historic Site. Follow D Street past the Sibley House and go under the railroad trestle. At times the trail can be muddy, if not completely washed out. The Cedar Avenue bike ramp connects this trail to the Minnesota Valley National Wildlife Refuge at its southern end.
