Dear Email comments,

The banks in this great country are getting away with highway robbery while our government sits on their hands, we need a change because the little people are tired of being nickle and dimed right into the poor house. Our retirement money is gone, we have to pay for the worst healthcare in the world, the CEO's in the big corporations are taking luxury vacations at the expense of the tax payers. The overdraft fees are outrageously high, when is it going to stop? It's time for our government to take care of the little people instead of the big corporations now.

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Mrs. Leilani Crowe
