Federal Reserve Board Email comments

Dear Email comments,

I am sick and tired of these thieves, (aka. bankers) taking advantage of consumers. All of us should be afforded the same overdraft protection that the bank's CEO gets. We need stiff regulations on banks, and big business in general. Banks are like vicious animals: their every move needs to be scrutinized, and we need to have someone at the ready to shoot it with a tranquilizer dart. The people need to be protected from these bastards. Anything less and our government is not doing it's job.

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Mr. Tim Layman
