Federal Reserve Board Email comments

Dear Email comments,

Nationalize the banks that created this disaster and fire the people at the top. This proposal is like rearranging the deck chairs on the Titanic. Better yet do away with the Federal reserve which is neither federal and has no reserves to speak of. Bring back the Greenback!

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Mr. Robert Cook
