Dear Email comments,

Lets continue to make the banking cleanup high priority. The banking industry has been for ever exposed as the money grubbing hogs that most of us saw them to be. Except for the banking regulators who haven't seem to care (probably because they were getting perks not to care). Most of us would not knowingly withdraw more money from an ATM than what was available just so we could be charged a ripoff overdraft fee. No wonder banks can pay their CEO's millions in bonuses besides their inflated salaries. The Hardworking citizens (if they still have a job) despise the leaches that have been padding their earnings with our money!

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Mr. David Less
