

§ 1256.24 How long may access to some records be denied?

(a) Although many records are open for research, some records are closed for long periods, either under our general restrictions, described in subpart D of this part, or another governing authority. For example, in accordance with 44 U.S.C. 2108(b), we do not grant access to restricted census and survey records of the Bureau of the Census less than 72 years old containing data identifying individuals enumerated in population censuses.

(b) Screening records takes time. We screen records as soon as possible and can often make most of the records in which you are interested available. In the case of electronic structured databases, NARA can make a copy of records with restricted information masked. In response to FOIA requests for records in other media, we make a copy of the record available if we can mask or “redact” restricted information.

§ 1256.26 When can I appeal decisions about access to Federal archival records?

(a) For information on filing appeals for requests made under the FOIA, see 36 CFR part 1250, subpart D, Appeals.

(b) For information on filing appeals for requests made under mandatory review, see § 1260.54 of this chapter.

§ 1256.28 Does NARA make any exceptions for access to records containing privacy-restricted information?

(a) *NARA policy.* Access to archival records containing information access to which would invade the privacy of an individual is restricted by § 1256.56.

(1) NARA may authorize access to such records for the purpose of research to qualified persons doing biomedical or social science research under the conditions outlined in this section as long as the records do not also contain information restricted by statute or national security-classified information.

(2) If NARA is able to make a copy of such records with all personal identifiers masked or deleted, NARA will make such a “sanitized” copy of the

record available to all researchers in accordance with § 1256.24.

(3) NARA will not grant access to restricted census and survey records of the Bureau of the Census less than 72 years old containing data identifying individuals enumerated in population censuses in accordance with 44 U.S.C. 2108(b).

(b) *Request for access.* Researchers who wish to have access to records restricted by § 1256.56 to conduct biomedical or social science research must submit a written request to the NARA FOIA/Privacy Act Officer (NGC), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. OMB control number 3095-0002 has been assigned to this collection of information requirement. Researchers are encouraged to consult informally with NARA before submitting the formal request. The request must include the following information:

- (1) Name and mailing address;
- (2) Institutional affiliation and position, if applicable;
- (3) List of published research, if applicable;
- (4) References from two persons who have first-hand knowledge of the requester’s qualifications to perform the research;
- (5) A statement of the nature of the research to be conducted and any plans for publication or presentation of the research findings;
- (6) A listing of all sources of grant funds supporting the research project or its publication;
- (7) A statement of the methodology to be used;
- (8) A statement of the administrative, technical, and physical safeguards to be employed by the researcher to prevent unauthorized use or disclosure of the records;
- (9) A listing of the record groups and series titles to be used; and
- (10) A statement that the researcher will abide by the conditions of access to be prescribed by NARA and that the researcher will assume responsibility for the action of all persons working with the researcher on the project.

(c) *Access Review Committee.* Requests made under paragraph (b) of this section will be reviewed by NARA’s Access
