

§9.85

number of flights or number of vehicle trips;

(9) A description of the field support requirements proposed for locations on lands within units of the National Park System, including camp sites, fuel storage areas, and any other requirements;

(10) A discussion which documents that proposed activities will be carried out in an environmentally sound manner utilizing the least impacting technology suitable for the purposes of the project; and

(11) A description of how any disturbed areas, such as camp sites, will be reclaimed.

§9.85 Environmental compliance.

Each AMRAP agency is responsible for obtaining all required Federal, State, and local permits and must provide sufficient information to the NPS to ensure appropriate compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), the National Historic Preservation Act of 1966 (16 U.S.C. 470 *et seq.*), and other applicable statutes.

§9.86 Application review process and approval standards.

(a) The Regional Director will review applications submitted pursuant to §9.84 and will ensure that final action is taken on such applications by April 15 of each year. If additional review time is necessary to ensure compliance with this Subpart or with other applicable laws, Executive Orders and regulations, the Regional Director will promptly notify the AMRAP agency coordinator of the anticipated date of a final decision.

(b) The Regional Director is responsible for approving AMRAP activities in units of the National Park System in Alaska.

(c) To be approved, proposed AMRAP activities must be designed to be carried out in an environmentally sound manner, as determined in appropriate environmental documentation, that:

(1) Does not result in lasting environmental impacts that appreciably alter the natural character of the units or the integrity of the biological or ecological systems in the units; and

36 CFR Ch. I (7–1–08 Edition)

(2) Is compatible with the purposes and values for which the units are established; and

(3) Does not adversely affect the natural and cultural resources, visitor use, or administration of the area.

§9.87 Permitting requirements and standards.

(a) AMRAP activities approved by the Regional Director may be conducted in units of the National Park System pursuant to a permit issued by the Superintendent in accordance with this subpart, 36 CFR 1.6, and other applicable regulations, guidelines and policies.

(b) The NPS may restrict the conduct of AMRAP activities in certain areas and during sensitive periods, such as nesting, calving and spawning seasons, to minimize impacts to fish and wildlife or to comply with existing policies or directives.

(c) All project areas affected by AMRAP activities shall be left in an unimpaired state by the AMRAP agency and its contractors. All costs borne by the NPS in cleaning or restoring an area affected by AMRAP activities will be recoverable from the AMRAP agency.

(d) Copies of all published information or written reports resulting from AMRAP activities conducted in units of the National Park System shall be provided to the Regional Director.

(e) The NPS reserves the right, without prior notice to the AMRAP agency or its contractors, to observe or inspect AMRAP activities to determine whether such activities are being conducted pursuant to this subpart and the terms and conditions of the approved permit.

§9.88 Permit modification, suspension, and cancellation.

(a) A proposal to modify, supplement, or otherwise amend an approved permit shall be made by an AMRAP agency by written request to the Regional Director. The Regional Director shall review and promptly act on the proposed modification pursuant to the standards set forth in §9.86. An AMRAP agency may not undertake any of the activities proposed in the modification until the Regional Director approves the
