

National Park Service, Interior

§ 30.2

outdoor recreation benefits; (2) conservation of scenic, scientific, historic, and other values contributing to public enjoyment; and (3) such management, utilization and disposal of renewable natural resources as in the judgment of the Secretary of the Interior will promote or is compatible with, and does not significantly impair, public recreation and conservation of scenic, scientific, historic, or other values contributing to public enjoyment.

(b) The Secretary may not acquire without consent of the owner any privately owned "improved property" or interests therein within the boundaries of the unit, so long as the appropriate local zoning agency (Shasta County), shall have in force and applicable to such property a duly adopted, valid, zoning ordinance that is approved by the Secretary. This suspension of the Secretary's authority to acquire "improved property" without the owner's consent would automatically cease: (1) If the property is made the subject to a variance or exception to any applicable zoning ordinance that does not conform to the applicable standards contained in the regulations in this part; or (2) if such property is put to any use which does not conform to any applicable zoning ordinance approved by the Secretary.

(c) "Improved property" as used in this section, means any building or group of related buildings, the actual construction of which was begun before February 7, 1963, together with not more than 3 acres of land in the same ownership on which the building or group of buildings is situated, but the Secretary may exclude from such "improved property" any shore or waters, together with so much of the land adjoining such shore or waters, as he deems necessary for public access thereto.

(d) The regulations in this part specify the standards with which local zoning ordinances for the Whiskeytown Unit must conform if the "improved property" within the boundaries of that unit is to be exempt from acquisition by condemnation. The objectives of the regulations in this part are to: (1) Prohibit new commercial or industrial uses other than those which the Secretary considers to be consistent

with the purposes of the act establishing the national recreation area; (2) promote the protection and development of properties in keeping with the purposes of that act by means of use, acreage, frontage, setback, density, height, or other requirements; and (3) provide that the Secretary receive notice of any variance granted under, or any exception made to, the application of the zoning ordinance approved by him.

(e) Following promulgation of the regulations in this part in final form, the Secretary is required to approve any zoning ordinance or any amendment to an approved zoning ordinance submitted to him which conforms to the standards contained in the regulations in this part in effect at the time of adoption of the ordinance or amendment. Within 60 days following submission, the county will be notified of the Secretary's approval or disapproval of the zoning ordinances or amendments thereto. If more than 60 days is required the county will be notified of the expected delay and of the additional time deemed necessary to reach a decision. The Secretary's approval shall remain effective so long as the zoning ordinances or amendments thereto remain in effect as approved.

(f) Nothing contained in the regulations in this part or in the zoning ordinances or amendments adopted for the Whiskeytown Unit to implement the regulations in this part shall preclude the Secretary from exercising his power of condemnation at any time with respect to property other than "improved property" as defined herein. Nor shall the regulations in this part preclude the Secretary from otherwise fulfilling the responsibilities vested in him by the act authorizing establishment of the Whiskeytown-Shasta-Trinity National Recreation Area, by the Act of August 25, 1916 (39 Stat. 535, 16 U.S.C. 3), as amended and supplemented, and such other statutory authorities relating to the National Park System.

§ 30.2 General provisions.

(a) Following issuance of the regulations in this part, Shasta County shall submit to the Secretary for his approval, all zoning ordinances and

§ 30.3

36 CFR Ch. I (7-1-08 Edition)

amendments thereto duly adopted by the county which are in force and applicable to property within the Whiskeytown Unit and which demonstrate conformity with the standards contained in the regulations in this part. This shall include any ordinances and amendments in effect prior to the issuance of the regulations in this part which demonstrate such conformity and any that have been adopted specifically to implement the regulations in this part.

(b) Any new uses, and the location, design and scope of any new developments, permitted under the regulations in this part shall be harmonized with adjacent uses, developments and the natural features and shall be consistent with the current Master Plan proposed or adopted by the National Park Service for the Whiskeytown Unit, so as to minimize disruption of the natural scene and to further the public recreational purposes of the aforesaid establishment act for this unit.

(c) Zoning ordinances for the districts hereinafter prescribed shall conform to the general and specific standards contained in the regulations in this part to assure that use and development of the lands within the Whiskeytown Unit are consistent with the objectives of the Congress to protect and preserve the values of the lands in such unit for public use and enjoyment, as set out in the Act of November 8, 1965 (79 Stat. 1295). Except as otherwise provided herein, no additional or increased commercial or industrial uses are permitted within these districts. Any existing nonconforming commercial or industrial uses shall be discontinued within 10 years from the date of this section: *Provided, however,* That with the approval of the Secretary such 10-year period may be extended by the county for an additional period of time sufficient to allow the owner a reasonable opportunity to amortize investments made in the property before November 8, 1965.

§ 30.3 Recreation District I.

(a) Definition. This district shall comprise all those portions of the Whiskeytown Unit of the Whiskeytown-Shasta-Trinity National

Recreation Area delineated as "Recreation District I" on a map bearing the identification NRA-WHI1000, and dated August 1966.

(b) The following uses are permitted in Recreation District I provided the Shasta County Planning Commission has issued a use permit in each case:

(1) Single-family dwellings, not including tents and trailers, but including servants' quarters in the same structure or in an accessory dwelling, and one noncommercial guest house. Such residential uses shall meet the following requirements:

(i) Minimum building site area—3 acres; but a lesser acreage may be utilized for this purpose if, on or before February 7, 1963, the site was in separate ownership and within a recorded subdivision.

(ii) Maximum building height—35 feet.

(iii) Minimum frontage—150 feet.

(iv) Minimum front yard setback—75 feet.

(v) Minimum side yard setback—50 feet.

(vi) Minimum rear yard setback—25 feet.

(vii) Maximum percentage of lot coverage permitted—10 percent.

(2) Moving, alteration, or improvement of existing residences or accessory structures provided there is compliance with the acreage, frontage, setback, density, height, and other requirements prescribed for residential uses under paragraph (b)(1) of this section. *And provided, further,* That such moving alteration, or improvement does not alter the residential character of the premises. Any moving, alteration or improvement of such structures that would result in a deviation from these prescribed limitations and requirements would subject the property to acquisition without consent of the owner, unless the Secretary has waived such limitations or requirements.

(3) Tree farming under a timber management plan that conforms to the California Forest Practices Act.

(4) Riding stables.

(5) Campgrounds, organizational camps and picnic areas.

(6) Limited agricultural uses such as truck gardening, provided these uses do
