

## National Park Service, Interior

## § 51.59

any change orders to a capital improvement project and to any additions to a structure or replacement of fixtures as described in this part.)

### **§ 51.55 What must a concessioner do after substantial completion of the capital improvement?**

Upon substantial completion of the construction of a capital improvement in which the concessioner is to obtain a leasehold surrender interest, the concessioner must provide the Director a detailed construction report. The construction report must be supported by actual invoices of the capital improvement's construction cost together with, if requested by the Director, a written certification from a certified public accountant. The construction report must document, and any requested certification by the certified public accountant must certify, that all components of the construction cost were incurred and capitalized by the concessioner in accordance with GAAP, and that all components are eligible direct or indirect construction costs as defined in this part. Invoices for additional construction costs of elements of the project that were not completed as of the date of substantial completion may subsequently be submitted to the Director for inclusion in the project's construction cost.

### **§ 51.56 How will the construction cost for purposes of leasehold surrender interest value be determined?**

After receiving the detailed construction report (and certification, if requested), from the concessioner, the Director will review the report, certification and other information as appropriate to determine that the reported construction cost is consistent with the construction cost approved by the Director in advance of the construction and that all costs included in the construction cost are eligible direct or indirect costs as defined in this part. The construction cost determined by the Director will be the final determination of construction cost for purposes of the leasehold surrender interest value in the related capital improvement unless the concessioner requests arbitration of the construction cost under § 51.57. The Director may at any

time review a construction cost determination (subject to arbitration under § 51.57) if the Director has reason to believe that it was based on false, misleading or incomplete information.

[66 FR 35083, July 3, 2001]

### **§ 51.57 How does a concessioner request arbitration of the construction cost of a capital improvement?**

If a concessioner requests arbitration of the construction cost of a capital improvement determined by the Director, the request must be made in writing to the Director within 3 months of the date of the Director's determination of construction cost under § 51.56. The arbitration procedures are described in § 51.51. The decision of the arbitration panel as to the construction cost of the capital improvement will be binding on the concessioner and the Director.

[66 FR 35083, July 3, 2001]

### **§ 51.58 What actions may or must the concessioner take with respect to a leasehold surrender interest?**

The concessioner:

- (a) May encumber a leasehold surrender interest in accordance with this part, but only for the purposes specified in this part;
- (b) Where applicable, must transfer in accordance with this part its leasehold surrender interest in connection with any assignment, termination or expiration of the concession contract; and
- (c) May relinquish or waive a leasehold surrender interest.

### **§ 51.59 Will a leasehold surrender interest be extinguished by expiration or termination of a leasehold surrender interest concession contract or may it be taken for public use?**

A leasehold surrender interest may not be extinguished by the expiration or termination of a concession contract and a leasehold surrender interest may not be taken for public use except on payment of just compensation. Payment of leasehold surrender interest value pursuant to this part will constitute the payment of just compensation for leasehold surrender interest
