

[www.ScienceAccelerator.gov/eprints](http://www.ScienceAccelerator.gov/eprints)  
Find over 5 million e-print documents; use E-PRINT Alerts for weekly updates.

Remarkable advances  
in science

[www.ScienceAccelerator.gov/accomplishments](http://www.ScienceAccelerator.gov/accomplishments)  
Find significant outcomes of past DOE R&D.

[www.ScienceAccelerator.gov/rdprojects](http://www.ScienceAccelerator.gov/rdprojects)  
Find summaries of energy-related scientific projects performed since 1995 by DOE laboratories and other research facilities.

[www.ScienceAccelerator.gov/fedrnd](http://www.ScienceAccelerator.gov/fedrnd)  
Find R&D project summaries in nine leading science agencies.

[www.ScienceAccelerator.gov/bridge](http://www.ScienceAccelerator.gov/bridge)  
Find over 200,000 DOE R&D reports with searchable full-text and bibliographic citations.

Energy Citations Database

[www.ScienceAccelerator.gov/ecd](http://www.ScienceAccelerator.gov/ecd)  
Find bibliographic citations of DOE documents from 1943 to the present, with links to electronic full text where available.

[www.ScienceAccelerator.gov/doepatents](http://www.ScienceAccelerator.gov/doepatents)  
Find over 24,000 patents resulting from DOE-sponsored research and development.

[www.ScienceAccelerator.gov](http://www.ScienceAccelerator.gov)  
One-stop search  
of DOE science information collections

[www.ScienceAccelerator.gov/estsc](http://www.ScienceAccelerator.gov/estsc)  
Find scientific and technical software representing the latest in federally funded technology.

[www.ScienceAccelerator.gov/energyfiles](http://www.ScienceAccelerator.gov/energyfiles)  
Find over 500 databases and websites.

[www.ScienceAccelerator.gov/scienceconferences](http://www.ScienceAccelerator.gov/scienceconferences)  
Find science and technology conference papers and proceedings.

Education resources

[www.osti.gov/sciencelab](http://www.osti.gov/sciencelab)  
Find education resources for students, teachers and the public.

Developed and maintained by the  
Office of Scientific and Technical Information  
Office of Science  
U.S. Department of Energy

[www.osti.gov/dataexplorer](http://www.osti.gov/dataexplorer)  
Find DOE scientific research data collections.
