HMDA Reporter Panel

The reporter panel product is a fixed format flat file of all lending institutions that reported 2006 HMDA data.

The following reporter panel fields have been derived from the panel information: Respondent Identification Number, Agency Code, Parent Identification Number, Name, City, State, Agency Regional Office Code, Assets, and Other Lender Code.

The following reporter panel fields have been derived from the transmittal sheet information: Respondent Name, Address, City, State, Zip Code, and Tax-ID.

The Activity Year is available on both the panel and transmittal sheet.

The file specifications for Reporter Panel data (HMDAReporterPanel.DAT) are shown below:
