# 2009 CRA FILE SPECIFICATIONS

### **Reporting Changes For 2009 CRA Files**

#### Introduction

#### SUBMISSION VIA WEB

Submission via Web is the new secure option for transmitting your CRA data to your regulatory agency. Submission via Web transmits your data to your regulatory agency in ONE step, rather than encrypting your submission file, attaching the encrypted file to an e-mail and submitting the e-mail via Internet. Submission via Web requires an Internet connection. See page 5 for more information.

#### ENCRYPTED FILE NAME FORMAT AND LOCATION

The encrypted file name format generated through the Export option in the CRA Data Entry Software was updated in 2008. The file name format is cRID\_Agency\_Year.enc.

The encrypted file path generated through the 'To Regulatory Agency via Internet E-mail' and 'To Regulatory Agency via Postal Service' options in the CRA Data Entry Software was updated in 2008. The file location is: C:\CRA Data Entry Software\CRASubmission\cRID\_Agency\_Year.enc.

#### File Specifications for Reporting 2009 CRA Data

#### Introduction

The following information describes the formats used when sending automated CRA data to the Board of Governors of the Federal Reserve System (FRS). These formats should be used to send data to the Board if you are a CRA reporter regulated by the Office of the Comptroller of the Currency (OCC), FRS, Federal Deposit Insurance Corporation (FDIC) or Office of Thrift Supervision (OTS).

#### **General Information Regarding CRA Data Reporting Files**

All records in the CRA file are 314 characters.

The following records *must be* contained in the CRA file:

Transmittal Sheet record has 17 elements comprising 252 characters and filler comprising 62 characters of blanks.

Community Development record has 18 elements comprising 113 characters and filler comprising 201 characters of blanks.

Assessment Area record(s) has 13 elements comprising 52 characters and filler comprising 262 characters of blanks.

The following records *should be* included in the CRA file *if they are applicable*:

Composite Small Business record(s) has 34 elements comprising 214 characters and filler comprising 100 characters of blanks.

Composite Small Farm record(s) has 34 elements comprising 214 characters and filler comprising 100 characters of blanks.

The following record *can be optionally* included in the CRA file:

Consortium/Third Party record has 12 elements comprising 71 characters and filler comprising 243 characters of blanks.

### **PC Diskette and CD-ROM Format Characteristics**

CRA data submitted via diskette must adhere to the following specifications:

- 1. The diskette or CD-ROM must be formatted for IBM compatible personal computers. The following diskette and CD-ROM formats will be accepted:
  - 3-1/2 high density, 1.44M formatted capacity
  - CD-R or equivalent recordable compact disc
- The CRA data should be contained in a file named: cRID\_Agency\_Year.dat or cRID\_Agency\_Year.enc
  - The file must be the only file on the diskette or CD-ROM.

The PC Diskette or CD-ROM file may contain six types of records per respondent:

- 3 = Transmittal Sheet
- 4 = Composite Small Business
- 5 = Composite Small Farm
- 6 = Community Development
- 7 = Consortium/Third Party (Optional)
- 8 = Assessment Area

IT IS REQUIRED THAT RECORD IDENTIFIERS 3, 6, AND 8 BE INCLUDED IN ANY CRA DATA SUBMISSION. Small business and small farm records should be included if applicable. Consortium/third party records are optional. (Micro data records should NOT be included.)

- 3. The CRA data file must be in ASCII format, containing carriage return/line feed (0D0A in HEX or ASCII char (13) and char (10)) characters at the end of each record. There should not be an end-of-file mark, return or null values (00 in HEX or ASCII char (0)) contained in the file.
- 4. The record format is fixed; the fields contained in the record should not be delimited. In addition, the record should not be enclosed in double quotes (").
- 5. Numeric fields on CRA records must be right justified and zero filled. If you are using a product that drops the leading zeros on numeric fields, the data will not pass validity edits.
- 6. The PC diskette or CD-ROM should be labeled with information containing the institution's name, respondent ID, agency code, processing year, contact name and phone number, number of records (excluding the transmittal sheet), and any other pertinent information.
- 7. All diskettes and CD-ROMs submitted should be virus-free.

#### Submission via Web, Internet E-mail and File Encryption Instructions

The following information describes the procedures for a successful CRA submission via Web or Internet E-mail. Also included are the procedures for encrypting your CRA submission if the file is generated outside of the FFIEC CRA Data Entry Software.

#### Submission via Web

The Submission via Web is the new secure option for transmitting your CRA data to your regulatory agency. Submission via Web transmits your data to your regulatory agency in ONE step, rather than encrypting your submission file, attaching the encrypted file to an e-mail and submitting the e-mail via Internet. Submission via Web requires an Internet connection.

- **Download** a <u>free</u> copy of the CRA Data Entry Software at <a href="http://www.ffiec.gov/cra/softinfo.htm">http://www.ffiec.gov/cra/softinfo.htm</a>
- After successful **installation** of the software, open the software. Initial access into the software will require a validity-free Transmittal Sheet to be completed in its entirety, or the successful import of an existing .DAT file that contains your CRA micro data.
- Following the completion of the submission, perform a **Batch Edit** prior to submitting the data. If errors are detected, print an Error Report to identify the loan/application records in error and correct the erroneous data. CRA data containing errors cannot be submitted to your regulatory agency using Submission via Web.
- Click Export from the CRA Front Page and review the 'Did You Know' screen and choose Continue with Export
- Select Submission via Web on the Export options window and click OK to continue the Submission via Web
- Review the **Submission via Web** notification and choose Continue
- Click the Begin button to start the submission process. If you choose to begin the export, a
  question will appear to verify if you are ready to transmit your submission to your regulatory
  agency. Choose Yes if you are ready to transmit your CRA data, click Continue to continue the
  export process
- Click OK on the Warning Page if the information provided is correct
- The **CRA Data Entry Software** will report the progress of the transmission. At the successful completion of the data transmission, the user will receive a 'Transmission Successful' message. This message will contain pertinent submission information and should be printed for future reference. Click **Print** to print the notification.

#### **Internet E-mail**

- Download a <u>free</u> copy of the CRA Data Entry Software at <u>http://www.ffiec.gov/cra/softinfo.htm</u>
- After successful installation of the software, open the software.
- Once all submission data are entered, perform a Batch Edit prior to Exporting the data. If errors
  are detected, print an Error Report to identify the loan/application records in error and correct the
  erroneous data. CRA data containing errors cannot be exported via e-mail.
- Once the submission is error free, choose the Export option from the Front Page. A message will appear titled "Did you know?", click "Continue with Export".
- For export options, choose the option, "To Regulatory Agency Via Internet E-mail" and click "OK".
- The file path indicating the location of the file that should be attached to the e-mail submission will be provided. The Path is C:\CRA Data Entry Software\CRASubmission\cRID\_Agency\_year.enc. Confirm the current year submission and choose "Begin".
- A warning message will appear containing pertinent submission contact information. If this
  information is correct, choose "Continue". If the information is incorrect, choose "Cancel" and
  correct the information.
- The Export Status will create the exported file to the path stated above. A message box, titled "Encryption Complete" will appear. **PRINT this message.** The message contains further instructions as well as the e-mail address for your submission. "Close" the box. You have successfully created the **cRID AGENCY YEAR.ENC** file for Internet submission.
- Address an e-mail for submission with the correct e-mail address stated in the printed message above: crasub@frb.gov.

In the subject line of the e-mail type the following information:

- Respondent ID
- Agency Code
- Initial Submission or Complete Resubmission

In the body of the e-mail type the following information:

- Institution Name
- Contact Name
- Contact Phone

#### ATTACH the cRid\_Agency\_Year.enc to the e-mail and send the e-mail.

- You will receive an automatic response to confirm receipt of your file within 48 hours. Save this e-mail for future reference. If you do not receive a response within 48 hours, contact <a href="mailto:crahelp@frb.gov">crahelp@frb.gov</a> or the CRA Assistance Line at 202-872-7584. All inquiries regarding CRA should include the following information:
  - Respondent ID
  - Agency Code
  - Institution Name
  - Contact Name and Phone and/or E-mail

#### **File Encryption**

- Institutions utilizing other vendor's software for CRA reporting can still take advantage of the Internet Email option.
- After successful installation of the Data Entry Software, Click on "Start", "Programs", "CRA Data Entry Software", "Encryption Utility". A warning message will appear to inform you that this software does not connect to the Internet. Click "OK" to continue.
- Next you will need to locate your CRA data file for encryption. If you are using a software package other than the FFIEC Data Entry Software, your data file may be named something other than cRid\_Agency\_Year.dat. Please refer to your vendor documentation to determine the name and file location of your CRA data file.
- Click the "Begin Process" button to start the encryption process. Once the process is completed, a new file named cRID\_AGENCY\_YEARx.ENC will be created. A message box, titled "Encryption Complete" will appear. PRINT this message. The message contains further instructions as well as the email address for your submission. "Close" the box. You have successfully created the cRID\_AGENCY\_YEARx.ENC file for Internet submission.

Address the e-mail for submission to crasub@frb.gov and attach the encrypted file to the message before sending the e-mail. Please include all contact information mentioned in the e-mail instructions on the previous page.
