September 2007

Appalachian Regional Commission
Washington, D.C.

Authors' notes: These supplementary tables present detailed housing and consumption trends for Appalachia; its northern, central, and southern subregions; and the portion of the United States outside of Appalachia. They also show comparative trends for other historically poor regions of the country: the Mississippi Delta, the Ozark Mountain region, and the Rio Grande Valley. Economic conditions in each of these regions have improved dramatically during the past 40 years, indicating that the convergence in living standards (which we discuss in the main report) has not been limited to the Appalachian region.

The base population totals used in these tables came from 1970 through 2000 census data from the National Historical Geographical Information System (NHGIS). (Housing unit data from 1960 were unavailable from the NHGIS.) We applied these base totals to the percentages obtained from the Census Bureau's internal long-form data files from 1970 to 2000 to obtain the numbers behind these percentages. These numbers have been rounded to the nearest thousand.

TABLE OF CONTENTS

Table	Table Name	Page
1	Percentage of People in Poverty: Appalachia, Non-Appalachian United States, and Other Historically Disadvantaged Areas	1
2	Percentage of Homes That Are Owner-Occupied: Appalachia, Non-Appalachian United States, and Other Historically Disadvantaged Areas	2
3	Housing Values (in 2006 Dollars): Appalachia, Non-Appalachian United States, and Other Historically Disadvantaged Areas	3
4	Percentage of Homes That Are Mobile Homes: Appalachia, Non-Appalachian United States, and Other Historically Disadvantaged Areas	4
5	Average Number of Rooms per Person: Appalachia, Non-Appalachian United States, and Other Historically Disadvantaged Areas	5
6	Age Distribution of Housing Stock: Appalachia and Non-Appalachian United States	6
7	Percentage of Homes With Complete Plumbing: Appalachia, Non-Appalachian United States, and Other Historically Disadvantaged Areas	8
8	Percentage of Homes With a Telephone: Appalachia, Non-Appalachian United States, and Other Historically Disadvantaged Areas	9
9	Percentage of Homes Heated With Wood or Coal: Appalachia, Non-Appalachian United States, and Other Historically Disadvantaged Areas	10
10	Percentage of Homes With Air Conditioning: Appalachia, Non-Appalachian United States, and Other Historically Disadvantaged Areas	11
11	Average Number of Cars and Trucks Available: Appalachia, Non-Appalachian United States, and Other Historically Disadvantaged Areas	12
12	Counties in Historically Disadvantaged Areas: Mississippi Delta, Ozark Mountain, and Rio Grande	13

Supplementary Table 1
Percentage of People in Poverty
Appalachia, Non-Appalachian United States, and Historically Disadvantaged Areas

	1969	1979	1989	1999
