Repayment of the loan shall be secured and accomplished pursuant to this section with funds, as they become due and payable to ASG from the Escrow Account established under the terms and conditions of the Tobacco Master Settlement Agreement (and the subsequent Enforcing Consent Decree) (hereinafter collectively referred to as “the Agreement”) entered into by the parties November 23, 1998, and judgment granted by the High Court of American Samoa on January 5, 1999 (Civil Action 119-98, American Samoa Government v. Philip Morris Tobacco Co., et. al.).

(b) CONDITIONS REGARDING LOAN PROCEEDS.—Except as provided under subsection (e), no proceeds of the loan described in this section shall become available until ASG—

(3) has provided to the Secretary an initial plan of fiscal and managerial reform as described in subsection (d) designed to bring the ASG's annual operating expenses into balance with projected revenues for the years 2003 and beyond, and identifying the manner in which approximately \$4,300,000 of the loan proceeds will be utilized to facilitate implementation of the plan.

(c) PROCEDURE AND PRIORITIES FOR DEBT PAYMENTS.—

(1) In structuring the agreement or memorandum of understanding identified in subsection (b)(2), the ASG and the Secretary shall include provisions, which create priorities for the payment of creditors in the following order—

(A) debts incurred for services, supplies, facilities, equipment and materials directly connected with the provision of health, safety and welfare functions for the benefit of the general population of American Samoa (including, but not limited to, health care, fire and police protection, educational programs grades K-12, and utility services for facilities belonging to or utilized by ASG and its agencies), wherein the creditor agrees to compromise and settle the existing debt for a payment not exceeding 75 percent of the amount owed, shall be given the highest priority for payment from the loan proceeds under this section;

(B) debts not exceeding a total amount of \$200,000 owed to a single provider and incurred for any legitimate governmental purpose for the benefit of the general population of American Samoa, wherein the creditor agrees to compromise and settle the existing debt for a payment not exceeding 70 percent of the amount owed, shall be given the second highest priority for payment from the loan proceeds under this section;

(C) debts exceeding a total amount of \$200,000 owed to a single provider and incurred for any legitimate governmental purpose for the benefit of the general population of American Samoa, wherein the creditor agrees to compromise and settle the existing debt for a payment not exceeding 65 percent of the amount owed, shall be given the third highest priority for payment from the loan proceeds under this section;

(D) other debts regardless of total amount owed or purpose for which incurred, wherein the creditor agrees to compromise and settle the existing debt for a payment not exceeding 60 percent of the amount owed, shall be given the fourth highest priority for payment from the loan proceeds under this section;

(E) debts described in subparagraphs (A), (B), (C), and (D) of this paragraph, wherein the creditor declines to compromise and settle the debt for the percentage of the amount owed as specified under the applicable subparagraph, shall be given the lowest priority for payment from the loan proceeds under this section.

(2) The agreement described in subsection (b)(2) shall also generally provide a framework whereby the Governor of American Samoa shall, from time-to-time, be required to give 10 business days notice to the Secretary that ASG will make payment in accordance with this section to specified creditors and the amount which will be paid to each of such creditors.

Upon issuance of payments in accordance with the notice, the Governor shall immediately confirm such payments to the Secretary, and the Secretary shall within three business days following receipt of such confirmation transfer from the loan proceeds an amount sufficient to reimburse ASG for the payments made to creditors.

(3) The agreement may contain such other provisions as are mutually agreeable, and which are calculated to simplify and expedite the payment of existing debt under this section and ensure the greatest level of compromise and settlement with creditors in order to maximize the retirement of ASG debt.

(d) FISCAL AND MANAGERIAL REFORM PROGRAM.—

(1) The initial plan of fiscal and managerial reform, designed to bring ASG's annual operating expenses into balance with projected revenues for the years 2003 and beyond as required under subsection (b)(3), should identify specific measures which will be implemented by ASG to accomplish such goal, the anticipated reduction in government operating expense which will be achieved by each measure, and should include a timetable for attainment of each reform measure identified therein.

(2) The initial plan should also identify with specificity the manner in which approximately \$4,300,000 of the loan proceeds will be utilized to assist in meeting the reform plan's targets within the timetable specified through the use of incentives for early retirement, severance pay packages, outsourcing services, or any other expenditures for program elements reasonably calculated to result in reduced future operating expenses for ASG on a long term basis.

(3) Upon receipt of the initial plan, the Secretary shall consult with the Governor of American Samoa, and shall make any recommendations deemed reasonable and prudent to ensure the goals of reform are achieved. The reform plan shall contain objective criteria that can be documented by a competent third party, mutually agreeable to the Governor and the Secretary. The plan shall include specific targets for reducing the amounts of ASG local revenues expended on government payroll and overhead (including contracts for consulting services), and may include provisions which allow modest increases in support of the LBJ Hospital Authority reasonably calculated to assist the Authority implement reforms which will lead to an independent audit indicating annual expenditures at or below annual Authority receipts.

(4) The Secretary shall enter into an agreement with the Governor similar to that specified in subsection (c)(2) of this section, enabling ASG to make payments as contemplated in the reform plan and then to receive reimbursement from the Secretary out of the portion of loan proceeds allocated for the implementation of fiscal reforms.

(5) Within 60 days following receipt of the initial plan, the Secretary shall approve an interim final plan reasonably calculated to make substantial progress toward overall reform. The Secretary shall provide copies of the plan, and any subsequent modifications, to the House Committee on Resources, the House Committee on Appropriations Subcommittee on the Department of the Interior and Related Agencies, the Senate

Committee on Energy and Natural Resources, and the Senate Committee on Appropriations Subcommittee on the Department of the Interior and Related Agencies.

(2) upon compliance by ASG with paragraphs (b)(1) and (b)(3) of this section and in accordance with subsection (d), approximately \$4,300,000 in reimbursements as requested from time-to-time by the Governor for payments associated with implementation of the interim final reform plan; and

(3) notwithstanding paragraphs (1) and (2) of this subsection, at any time the Secretary and the Governor mutually determine that the amount necessary to fund payments under paragraph (2) will total less than \$4,300,000 then the Secretary may approve the amount of any unused portion of such sum for additional payments against ASG debt under paragraph (1).

(f) EXCEPTION.— Proceeds from the loan under this section shall be used solely for the purposes of debt payments and reform plan implementation as specified herein, except that the Secretary may provide an amount equal to not more than 2 percent of the total loan proceeds for the purpose of retaining the services of an individual or business entity to provide direct assistance and management expertise in carrying out the purposes of this section. Such individual or business entity shall be mutually agreeable to the Governor and the Secretary, may not be a current or former employee of, or contractor for, and may not be a creditor of ASG. Notwithstanding the preceding two sentences, the Governor and the Secretary may agree to also retain the services of any semi-autonomous agency of ASG which has established a record of sound management and fiscal responsibility, as evidenced by audited financial reports for at least three of the past 5 years, to coordinate with and assist any individual or entity retained under this subsection.

(g) CONSTRUCTION.—The provisions of this section are expressly applicable only to the utilization of proceeds from the loan described in this section, and nothing herein shall be construed to relieve ASG from any lawful debt or obligation except to the extent a creditor shall voluntarily enter into an arms length agreement to compromise and settle outstanding amounts under subsection (c).

(h) TERMINATION.—The payment of debt and the payments associated with implementation of the interim final reform plan shall be completed not later than October 1, 2003. On such date, any unused loan proceeds totaling \$1,000,000 or less shall be transferred by the Secretary directly to ASG. If the amount of unused

loan proceeds exceeds \$1,000,000, then such amount shall be credited to the total of loan repayments specified in paragraph (b)(1). With approval of the Secretary, ASG may designate additional payments from time-to-time from funds available from any source, without regard to the original purpose of such funds.

(a) The Secretary of Agriculture (hereinafter the “Secretary”) is hereby and hereafter authorized to conduct technology transfer and development, training, dissemination of information and applied research in the management, processing and utilization of the hardwood forest resource. This authority is in addition to any other authorities which may be available to the Secretary including, but not limited to, the Cooperative Forestry Assistance Act of 1978, as amended (16 U.S.C. 2101 et seq.), and the Forest and Rangeland Renewable Resources Act of 1978, as amended (16 U.S.C. 1600-1614).

(c) The Secretary is hereby and hereafter authorized to operate and utilize the assets of the Wood Education and Resource Center (previously named the Robert C. Byrd Hardwood Technology Center in West Virginia) as part of a newly formed “Institute of Hardwood Technology Transfer and Applied Research” (hereinafter the “Institute”). The Institute, in addition to the Wood Education and Resource Center, will consist of a Director, technology transfer specialists from State and Private Forestry, the Forestry Sciences Laboratory in Princeton, West Virginia, and any other organizational unit of the Department of Agriculture as the Secretary deems appropriate. The overall management of the Institute will be the responsibility of the Forest Service, State and Private Forestry.

(d) The Secretary is hereby and hereafter authorized to generate revenue using the authorities provided herein. Any revenue received as part of the operation of the Institute shall be deposited into a special fund in the Treasury of the United States, known as the “Hardwood Technology Transfer and Applied Research Fund”, which shall be available to the Secretary until expended, without further appropriation, in furtherance of the purposes of this section, including upkeep, management, and operation of the Institute and the payment of salaries and expenses.

SEC. 333. No timber sale in Region 10 shall be advertised if the indicated rate is deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar: *Provided*, That sales which are deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar may be advertised upon receipt

of a written request by a prospective, informed bidder, who has the opportunity to review the Forest Service's cruise and harvest cost estimate for that timber. Program accomplishments shall be based on volume sold. Should Region 10 sell, in fiscal year 2000, the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar, all of the western red cedar timber from those sales which is surplus to the needs of domestic processors in Alaska, shall be made available to domestic processors in the contiguous 48 United States at prevailing domestic prices. Should Region 10 sell, in fiscal year 2000, less than the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar, the volume of western red cedar timber available to domestic processors at prevailing domestic prices in the contiguous 48 United States shall be that volume: (i) which is surplus to the needs of domestic processors in Alaska; and (ii) is that percent of the surplus western red cedar volume determined by calculating the ratio of the total timber volume which has been sold on the Tongass to the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan. The percentage shall be calculated by Region 10 on a rolling basis as each sale is sold (for purposes of this amendment, a "rolling basis" shall mean that the determination of how much western red cedar is eligible for sale to various markets shall be made at the time each sale is awarded). Western red cedar shall be deemed "surplus to the needs of domestic processors in Alaska" when the timber sale holder has presented to the Forest Service documentation of the inability to sell western red cedar logs from a given sale to domestic Alaska processors at price equal to or greater than the log selling value stated in the contract. All additional western red cedar volume not sold to Alaska or contiguous 48 United States domestic processors may be exported to foreign markets at the election of the timber sale holder. All Alaska yellow cedar may be sold at prevailing export prices at the election of the timber sale holder.
