

NEORHYMIS v2.1 BASIC CENTER PROGRAM TURNAWAY REPORT

Expiration date: 09/30/2010— OMB Control No: 0970-0123

The Turnaway Record enables the FYSB grantees to report on the number of youth turned away due to lack of bed space and will help FYSB identify underserved communities and program capacity and resource issues.

Center ID: _____

(agency identifier in the form **RRSS####** where RR=ACF region number (01-10); SS=State abbreviation; #### = assigned RHYMIS agency number. This value is displayed automatically, based on id entered at startup.)

The following items are generated automatically online: **Updated By** (staff id for data entry person)
Updated Date (data entry date)

Reporting Period Covered: Start Date _____ (mm/dd/yyyy)

End Date _____ (mm/dd/yyyy)

No Vacancy: During this reporting period, how many young people eligible to enter the Basic Center Program could not do so because the Center had no vacancy?	
	Number of "turnaway" requests for assistance received by telephone.
	Number of "turnaway" requests for assistance received in person (drop in, by appointment.)

Agencies have the option to create more than one "Turnaway" record during the reporting period, provided that each Start and End date fall within the current period being reported upon. For example, during the October/March timeframe, a new Turnaway record may be created by week, by month, etc.

If a youth was "turned away" because the youth was eligible for system services due to current foster care, juvenile justice, or mental health status, please do not record here but as a "system referral" in item 4 of the brief service contact report.
