Oklahoma Employment Security Commission – Economic Research Program Year 2007 Workforce Information Annual Performance

Grant Deliverables:

The Oklahoma Labor Market Information PY2007 grant deliverable accomplishments are outlined below:

1. Continue to populate the ALMIS Database with state and local data

Accomplishments:

- Statewide short-term (2006 – 2008) industry and occupational projections data was populated according to the specifications and guidelines issued by the ALMIS Database Consortium in July 2007.
- CES, OES Wage, Labor Force, Employer Database (empdb), Income, Population, and Industry ALMIS core tables were populated in September 2007 and again in June/July 2008. All core tables have been populated.
- The long-term and short-term employment projections data was populated according to the specifications and guidelines issued by the ALMIS Database Consortium July 2008.
- We have converted to version 2.4 of the Workforce Information Database.

2. Produce and disseminate industry and occupational employment projections.

Accomplishments:

- Statewide long-term employment projections to 2016 were completed and sent to ETA as deliverable June 30 2008.
- The long-term and short-term employment projections data will be populated to ALMIS by July 2008.
- Short-term industry and occupational projections (2007-2009) were completed and sent to ETA as deliverable June 30 2008.
- Statewide short-term (2007 – 2009) industry and occupational projections data will be populated to ALMIS data tables in July 2008.
- Statewide short-term (2006 – 2008) industry and occupational projections data were populated to ALMIS data tables in July 2007.
- Statewide short-term (2006 – 2008) Industry & Occupational Projections and Workforce Investment Area Long-term (2004 – 2014) Industry & Occupational Projections were placed online in August 2007.
- Statewide Short-term (2006 – 2008) Industry and Occupational Projections data was populated to ALMIS data tables in July 2007.

Oklahoma Employment Security Commission – Economic Research Program Year 2007 Workforce Information Annual Performance
