    Definitions of Services .....231

    Definitions of Outcomes .....237

## Guide to the Reader

The Data Book provides detailed information on the Workforce Investment Act (WIA) programs, including information about who is served, what services are provided, and the outcomes attained by participants. The Data Book is based on the Workforce Investment Standard Record Data (WIASRD), which is an individual-level data set containing information reported annually by states to the Employment and Training Administration.<sup>1</sup> This version of the Data Book uses data provided by states in their Program Year (PY) 2002 submissions, which contain information about individuals who finished their participation in WIA (“exited”) in PY 2002 (July 1, 2002 to June 30, 2003), PY 2001 (July 1, 2001 to June 30, 2002), and, PY 2000 (July 1, 2000 to June 30, 2001). All tables in the Data Book have been computed using the final version of the PY 2002 WIASRD data, which includes a variety of data corrections and adjustments.

General notes that apply to most or all of the tables in the Data Book appear in this section. More detailed *Notes to Tables* are provided in Appendix A, which follows the last table. These *Notes to Tables* present important information that is critical to the proper interpretation of the data in the tables. Appendix B provides definitions of the data items presented.

### OVERVIEW OF TABLES

The Data Book contains four primary groups of tables:

- Section I contains tables for WIA Title 1B as a whole, including the programs for adults, dislocated workers, and youth. It also includes National Emergency Grant (NEG) projects.
- Section II contains tables for the adult program, which serves individuals aged 18 and higher. All adults are eligible for services under the adult program. However, states are to give priority to low-income adults in the event that funds are limited.
- Section III contains tables for the dislocated worker program and for NEGs. Dislocated workers are generally experienced workers who have been laid off (or received notice of termination) due to a permanent closure or substantial layoff.
- Section IV contains tables for the youth program, which serves individuals aged 14 to 21. With some exceptions, eligibility for youth program services is limited to low-income youth.

Sections II, III and IV all follow a similar structure. First, there are tables that show the characteristics of WIA exiters. These are followed by tables that show the services received by exiters. The final group of tables shows the outcomes received by exiters.

---

<sup>1</sup> Detailed information about this data set, including the specifications that states were to follow when reporting can be found in *Training and Employment Guidance Letter 14-00, Change 1*. Employment and Training Administration, November 19, 2001. <http://www.doleta.gov/usworkforce/documents/tegl/#14-00ch1>.

For adults and dislocated workers two primary groups of characteristics are shown: characteristics available for all exiters and characteristics available only for exiters who received intensive or training services. When interpreting the information in the tables it is important to remember that these latter characteristics were not collected for individuals who received only core services to limit the data collection burden on individuals who received only limited WIA services. Thus, percentages for these characteristics are based only on individuals who received intensive or training services.

For dislocated workers, the tables combine information on individuals served by the formula-funded Title IB dislocated worker program and by National Emergency Grants to provide a picture of all services provided to dislocated workers by WIA Title 1.

For youth, the tables showing outcomes are separated into outcomes for younger youth (those aged 14 to 18 at registration) and older youth (those aged 19 to 21) because different outcome information is collected for these two groups of youth.

Most tables show information for PY 2002 exiters. A few tables also present information for previous years to show trends over time. A major exception is that for adults, dislocated workers, and older youth most tables showing outcomes are based on exiters from October 1, 2001 to September 30, 2002. This period was chosen for two reasons. First, this is the period used to measure the official performance outcomes for PY 2002. Second, most outcome data is not available for all PY 2002 exiters due to the time lags in collecting information on postprogram outcomes. The trends-over-time tables do show outcomes for PY 2002 exiters. However, these outcome data are very incomplete, as specified in the *Notes to Tables*.

None of the tables includes information on some other WIA Title 1 programs, including the Indian and Native American Program, the National Farmworker Jobs Program, veterans' workforce investment programs, and Job Corps. These other programs are not reported in the WIASRD data used for this Data Book, but in their own separate reporting systems.

#### **SUMMARY OF TABLE NOTATION**

In interpreting the data in the tables, the reader should note that:

- Data that is not available is shown as blank. For example, in Table II-9 the percentages for the characteristics of exiters who received intensive or training services are not shown in the column titled "Core Services Only."
- "0.0" is used to denote percentages that are less than 0.05%.

## UNITS OF MEASUREMENT

The numbers appearing in the table are either raw counts (e.g., the number of exiters), percentages (e.g., the percentage who are female), or averages (e.g., average quarterly earnings in the quarter after exit).

- *Raw counts* represent the number of exiters identified by the combination of the row and column headings. Individuals with missing data on a row or column heading are not included in the count.
- *Percentages* generally represent the percentage identified by the row heading among all of those identified by the column heading—that is they are column percentages. Some tables, however, present *row percentages*, the percentage identified by the column heading among those identified by the row heading. These are specified in *Notes to Tables*—one example is Table II-20 that shows the percentage receiving different levels of service by state. Tables that show column percentages always show the number of exiters in the first row so that the reader can see the size of the universe on which the percentage is based. Tables that show row percentages always show the number of exiters in the first column.
  - Individuals with missing data on either the row or column heading are excluded when calculating percentages. In addition, all outcome data exclude individuals who institutionalized (e.g., in a hospital or prison) or deceased at exit or had a medical or health condition that precluded them from continuing WIA services or entering employment. However, these individuals are included in the number of exiters shown in the outcome tables.
- *Averages* are calculated for selected items that are measured on a continuous scale (e.g., quarterly earnings in the quarter after exit) and are computed after excluding missing data.

## QUALITY OF THE UNDERLYING DATA

The WIASRD reporting system was first effective for PY 2000. Thus, the PY 2002 data used for this Data Book represents data from the third year of reporting. As with any new data system, states varied in how long it took to implement fully the different elements of the reporting system. Thus, the quality and completeness of the data varies among states, especially for exiters in PY 2000 and PY 2001. For example, the WIA performance measures can be calculated from the WIASRD data and compared to data separately reported by states to ETA. This comparison showed that calculations of the entered employment rate and retention rate from the WIASRD generally were close to the data reported by most states. Thus, there is substantial consistency in the data on postprogram employment. However, there were larger discrepancies for earnings change, younger youth retention, and younger youth diploma attainment. When there are discrepancies, the states generally reported higher outcomes than we calculated from the WIASRD. It is not known whether the WIASRD data or the state's calculations are correct when there are discrepancies.

Further, many of the individuals who exited during PY 2000 through PY 2002 began their participation early in WIA, before the specifications for the reporting system were finalized, or during JTPA, the program that preceded WIA, which used a similar but different reporting system. For these individuals, information on data items that are new or that were changed from the JTPA reporting

systems can be expected to be incomplete. These data items are often subject to undercount. That is, if information on an item was not collected for an individual, it is often reported as “no” rather than as missing. As a result, percentages reported in the Data Book may be lower than the true percentages. Data items that were new or significantly modified in the WIA reporting system and thus may be particularly prone to undercounts include campaign veteran, recently separated veteran, Pell Grant recipient, the youth activities, younger youth placement and retention, younger youth diploma attainment, and participation by older youth in postsecondary education or advanced training in the 1<sup>st</sup> and 3<sup>rd</sup> quarters after exit. In addition, some states appear to be underreporting low income for youth and may be underreporting low income for adults as well. There is also evidence that exiters from NEG projects are under reported by some states.

The data set used to prepare the Data Book underwent an extensive data review. As a result of this data review, some data for a few states was recoded or set to missing when the data were clearly incorrect. Data that was set to missing are excluded from the calculations of percentages and averages in this Data Book, as discussed above. Consequently, state results reported in the Data Book may differ from states’ own computations from their data.

# **Appendix A**

## **Notes to Tables**

## Notes to Tables

<b>Part I: Summary Comparisons Across Programs</b>	
Table I-1	<p>This table shows trends in the number of exiters by program of participation. WIA data include all exiters. JTPA data include exiters who received services beyond objective assessment only.</p> <p>Subcategories do not sum to totals because individuals may be included in more than one subcategory. For example, a person may be coenrolled in both a local program and a statewide program.</p> <p>Data for JTPA are based on exiters who received more than objective assessment only. Data for JTPA PY 1999 also includes WIA data for six early implementing states (FL, IN, KY, TX, UT, VT), but include no data for PA. Adult data includes Title II-A and Section 204(d). Youth data includes Title II-C, but does not include the Title II-B Summer Youth Program. Dislocated worker programs include Title III and National Reserve Grants.</p> <p>For JTPA, statewide programs include the Section 204d, older worker program, and the Governor's Reserve dislocated worker program. National Reserve Grants are shown as NEG programs. All other JTPA programs are shown as local programs.</p>
Table I-2	<p>This table shows the number of exiters by state and program of participation. Both statewide and local programs are included. NEG programs are included in the dislocated worker and total columns.</p>
Table I-3	<p>This table shows the number of exiters with selected characteristics by program of participation. Both statewide and local programs are included. NEG programs are included in the dislocated worker and total columns.</p>
<b>Part II: Adult Exiters</b>	
	<p>Tables in Part II include all exiters from adult programs, including both local and statewide programs.</p>
Table II-1 to Table II-12	<p>These tables show the characteristics of adult exiters. Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters shown in the first three rows, which are counts, and preprogram earnings and average highest grade completed, for which both averages and percentages within categories are shown.</p> <p>In calculating percentages, individuals with missing data on either the row or column heading are excluded. Values of zero are excluded when calculating average preprogram earnings</p> <p>Some characteristics, those shown under "Characteristics of Exiters who Received Intensive or Training Services," are available only for individuals who received intensive or training services. Percentages for these characteristics are calculated within this smaller universe, again excluding missing data.</p>
Table II-1	<p>This table shows trends over time in the characteristics of exiters. Data for JTPA are based on exiters who received more than objective assessment only. Data for JTPA PY 1999 also includes WIA data for six early implementing states (FL, IN, KY, TX, UT, VT), but include no data for PA.</p>

	<p>JTPA adult data includes Title II-A and Section 204(d).</p> <p>For JTPA, statewide programs include the Section 204d, older worker program.</p> <p>In the data for PY 1998 and PY 1999, Hawaiians and other Pacific Islanders are included in the Asian category and high school equivalency is included in the high school graduate category. Data on campaign veteran, recently separated veteran, average preprogram earnings, claimant referred by WPRS, and Pell Grant recipient are not available for PY 1998 and PY 1999.</p>
Table II-6 to Table II-9	<p>These tables are based only on individuals who received intensive or training services because this is the universe for which the column headings are available. Some of these tables include a column labeled “With Intensive or Training Services,” which represents all individuals for whom data on the column headings is collected and is the appropriate comparison for the other columns (rather than the data in other tables for all exiters).</p>
Table II-10	<p>This table shows the characteristics of individuals by major service categories. The column headings “Core Services Only,” “Core and Intensive Services Only,” and “Training” are mutually exclusive and exhaustive. An individual is included in one and only one of these columns.</p>
Table II-11	<p>This table shows the number of individuals with specified characteristics by major service categories. Missing data are excluded from these counts. Therefore, they cannot be used to calculate the percentages shown in Table II-10, which exclude missing data from the denominator of percentages.</p> <p>The number of exiters shown for characteristics that are available only for individuals who received intensive or training services are a substantial undercount of the total number with these characteristics because individuals who receive only core services are not counted.</p> <p>The column headings “Core Services Only,” “Core and Intensive Services Only,” and “Training” are mutually exclusive and exhaustive. An individual is included in one and only one of these columns.</p>
Table II-13 to Table II-21	<p>These tables show the services received by exiters. Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters shown in the first row, which is a count, and weeks participated, for which both the average and percentages within categories are shown.</p> <p>In calculating percentages, individuals with missing data on either the row or column heading are excluded.</p> <p>The row headings “Core services only,” “Core &amp; intensive services only,” and “Training” are mutually exclusive and exhaustive. An individual is included in one and only one of these rows.</p> <p>The percentages shown for the three types of training—basic skills, on-the-job, and occupational and other—are calculated among those who received training.</p>

<p>Table II-13</p>	<p>This table shows trends over time in the services received by exiters. Data for JTPA are based on exiters who received more than objective assessment only. Data for JTPA PY 1999 also include WIA data for six early implementing states (FL, IN, KY, TX, UT, VT), but include no data for PA.</p> <p>JTPA adult data includes Title II-A and Section 204(d).</p> <p>Data on coenrollment are not available for JTPA. Core services only, intensive and core services only, and ITA established is not relevant for JTPA. Weeks participated for JTPA is not included because changes in the definition of the exit date make JTPA data for length of participation not comparable with WIA data.</p>
<p>Table II-18 to Table II-21</p>	<p>These tables are based only on individuals who received intensive or training services because this is the universe for which the column headings are available. Some of these tables include a column labeled “With Intensive or Training Services,” which represents all individuals for whom data on the column headings is collected and is the appropriate comparison for the other columns (rather than the data in other tables for all exiters).</p> <p>Because these tables show services for a universe that is limited to individuals who receive intensive or training services, they should be interpreted with caution. For example, Table II-20 indicates that 53.3% of low-income individuals receive training. However, because low-income individuals who receive only core services are excluded, the true percentage receiving training may be considerably less.</p>
<p>Table II-22</p>	<p>This table shows services provided by state. The column for number of exiters shows the count of exiters in the state. The remaining columns show the percentage within the state that received the service identified by the column heading. These values can be compared with the national values in the first row. Thus, unlike most other tables, this table presents row percentages, not column percentages.</p> <p>The distribution among the service categories within a state may be strongly affected by policies and practices regarding payment for services by WIA and Wagner-Peyser and coenrollment between the two programs. For example, Delaware shows that 97.3% of exiters received training, possibly because Wagner-Peyser funds were used for core and intensive services.</p>
<p>Table II-23 to Table II-33</p>	<p>These tables show outcomes attained by exiters from October 1, 2001 to September 30, 2002. This is the most recent year for which data are available for all the performance outcomes.</p> <p>Individuals who were reported as institutionalized or deceased at exit, those who had medical conditions that precluded continued participation in WIA or entry into employment, and returning Reservists who choose not to continue WIA services are excluded from the calculations. However, they are included in the number of exiters shown.</p> <p>All outcomes are calculated within the group defined by the column heading:</p> <ul style="list-style-type: none"> <li>• The first group of outcomes shown contains the WIA performance measures and comparable 12-month outcomes. These have been calculated following the official definitions. See Appendix B for summary definitions.</li> <li>• The second group of outcomes includes information about the job held in the</li> </ul>

	<p>quarter after exit. This information is reported for all individuals employed in the quarter after exit, whether or not they were employed at registration.</p> <ul style="list-style-type: none"> <li>• Other outcome information includes detail on some of the data used in the computation of the WIA performance measures.</li> </ul> <p>Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters, earnings change, and average earnings.</p> <p>The distributions of earnings in the quarter after exit and earnings in the 3<sup>rd</sup> quarter after exit include only individuals with earnings in the quarter. Thus, the percentages shown sum to 100%.</p> <p>In calculating percentages and averages, individuals with missing data on either the row or column heading are excluded.</p> <p>Outcome data for exiters from October 2001 to September 2002 are generally complete for most states with a few exceptions, except that 4<sup>th</sup> quarter outcomes are available only through March 2002 and 5<sup>th</sup> quarter outcomes through December 2001.</p>
<p>Table II-23</p>	<p>This table shows trends over time in the outcomes of WIA exiters.</p> <p>Data for PY 2002 exiters are very incomplete because of time lags in collecting postprogram outcome information. Entered employment, the credential and employment rate, information about employment in the quarter after exit, attained credential, and other outcome information for the quarter after exit are for exiters from July 2001 to December 2001. Information on outcomes in the 2<sup>nd</sup> and 3<sup>rd</sup> quarters after exit is for exiters from July 2001 to September 2001. Outcomes in the 4<sup>th</sup> and 5<sup>th</sup> quarters after exit are not available for any PY 2002 exiters.</p> <p>Data for exiters from October 2001 to September 2002 are generally complete for most states with a few exceptions. Data on outcomes in the 4<sup>th</sup> quarter after exit are for exiters from October 2001 to March 2002. Data on outcomes in the 5<sup>th</sup> quarter after exit are for exiters from October 2001 to December 2002.</p> <p>Data for PY 2001 exiters are complete except that data on outcomes in the 4<sup>th</sup> quarter after exit are available only for exiters from July 2001 to March 2002, and data for the 5<sup>th</sup> quarter after exit are available only for exiters from July 2001 to December 2001.</p> <p>Data for PY 2000 are complete, except for a few states.</p> <p>Outcome information in some states is available only for shorter periods than noted above.</p> <p>See the notes to Tables II-23 to II-33 for additional information.</p>
<p>Table II-34</p>	<p>This table shows the WIA performance measures calculated within detailed groups based on the characteristics of exiters from October 2001 to September 2002.</p> <p>The column titled “Number of Exiters” contains the number of exiters in the group defined by the row heading. The remaining columns show the four performance measures calculated within the group of exiters defined by the row heading. All of the performance measures, except earnings change, are percentages.</p> <p>Outcomes for characteristics listed under “Characteristics of Exiters who Received Intensive or Training Services” include only individuals who received intensive or</p>

	<p>training services because information on the row heading is not collected for individuals who receive only core services.</p> <p>See Appendix B for summary definitions of the performance measures.</p>
Table II-35	<p>This table shows the WIA performance measures calculated within detailed groups based on the services received by exiters from October 2001 to September 2002.</p> <p>The column titled “Number of Exiters” contains the number of exiters in the group defined by the row heading. The remaining columns show the four performance measures calculated within the group of exiters defined by the row heading. All of the performance measures, except earnings change, are percentages.</p> <p>See the Appendix B for summary definitions of the performance measures.</p>
Table II-36	<p>This table shows the WIA performance measures calculated within each state based on exiters from October 2001 to September 2002.</p> <p>The column titled “Number of Exiters” contains the number of exiters in the state identified by the row heading. The remaining columns show the four performance measures calculated within the state. All of the performance measures, except earnings change, are percentages. These performance measures are calculated using WIASRD data and may differ, sometimes substantially, from the performance reported by the state in its PY 2002 Annual Report.</p> <p>See Appendix B for the summary definitions of the performance measures.</p>

### Part III: Dislocated Worker Exiters

	<p>Tables in Part III contain information on all dislocated worker exiters, including exiters from local and statewide programs and National Emergency Grant (NEG) projects, except that Table IV-33 excludes exiters served only by NEG projects.</p> <p>Individuals served only by rapid response are excluded from WIASRD reporting and are not included in the tables. However, individuals served by rapid response—additional assistance funds are included.</p>
Table III-1 to Table III-12	<p>These tables show the characteristics of exiters. Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters shown in the first three rows, which are counts, and preprogram earnings and average highest grade completed, for which both averages and percentages within categories are shown.</p> <p>In calculating percentages, individuals with missing data on either the row or column heading are excluded. Values of zero are excluded when calculating average preprogram earnings.</p> <p>Some characteristics, those shown under “Characteristics of Exiters who Received Intensive or Training Services,” are available only for individuals who received intensive or training services. Percentages for these characteristics are calculated within this smaller universe, again excluding missing data.</p>
Table III-1	<p>This table shows trends over time in the characteristics of exiters. Data for JTPA PY 1999 also include WIA data for six early implementing states (FL, IN, KY, TX, UT, VT), but include no data for PA.</p>

	<p>JTPA dislocated worker data include Title III and National Reserve Grants.</p> <p>For JTPA, statewide programs include the Governor’s Reserve dislocated worker program. National Reserve Grants are shown as NEG programs. All other JTPA programs are shown as local programs.</p> <p>In the data for PY 1998 and PY 1999, Hawaiians and other Pacific Islanders are included in the Asian category and high school equivalency is included in the high school graduate category. Data on campaign veteran, recently separated veteran, average preprogram earnings, claimant referred by WPRS, and Pell Grant recipient are not available for PY 1998 to PY 1999.</p>
Table III-7 to Table III-9	<p>These tables are based only on individuals who received intensive or training services because this is the universe for which the column headings are available. Some of these tables include a column labeled “With Intensive or Training Services,” which represents all individuals for whom data on the column headings is collected and is the appropriate comparison for the other columns (rather than the data in other tables for all exiters).</p>
Table III-10	<p>This table shows the characteristics of individuals by major service categories. The column headings “Core Services Only,” “Core and Intensive Services Only,” and “Training” are mutually exclusive and exhaustive. An individual is included in one and only one of these columns.</p>
Table III-11	<p>This table shows the number of individuals with specified characteristics by major service categories. Missing data are excluded from these counts. Therefore, they cannot be used to calculate the percentages shown in Table III-9, which exclude missing data from the denominator of percentages.</p> <p>The number of exiters shown for characteristics that are available only for individuals who received intensive or training services are a substantial undercount of the total number with these characteristics because individuals who receive only core services are not counted.</p> <p>The columns “Core Services Only,” “Core and Intensive Services Only,” and “Training” are mutually exclusive and exhaustive—a person is included in one and only one of these columns.</p>
Table III-13 to Table III-21	<p>These tables show the services received by exiters. Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters, which is a count, and weeks participated, for which both the average and percentages within categories are shown.</p> <p>In calculating percentages, individuals with missing data on either the row or column heading are excluded.</p> <p>The row headings “Core services only,” “Core &amp; intensive services only,” and “Training” are mutually exclusive and exhaustive. An individual is included in one and only one of these rows.</p> <p>The percentages shown for the three types of training—basic skills, on-the-job, and occupational and other—are calculated among those who received training.</p>

Table III-13	<p>This table shows trends over time in the services received by exiters. Data for JTPA PY 1999 also includes WIA data for six early implementing states (FL, IN, KY, TX, UT, VT), but includes no data for PA.</p> <p>Data on coenrollment are not available for JTPA. . Core services only, intensive and core services only, and ITA Established are not relevant for JTPA. Weeks participated for JTPA is not included because changes in the definition of the exit data make JTPA data for length of participation not comparable with WIA data.</p>
Table III-19 to Table III-21	<p>These tables are based only on individuals who received intensive or training services because this is the universe for which the column headings are available. These tables include a column labeled “With Intensive or Training Services,” which represents all individuals for whom data on the column headings is collected and is the appropriate comparison for the other columns (rather than the data in other tables for all exiters).</p> <p>Because these tables show services for a universe that is limited to individuals who receive intensive or training services, they should be interpreted with caution. For example, Table III-19 indicates that 59.2% of UI Claimants individuals receive training. However, because UI Claimants who receive only core services are excluded, the true percentage receiving training may be considerably less.</p>
Table III-22	<p>This table shows services provided by state. The column for number of exiters shows the count of exiters in the state. The remaining columns show the percentage within the state that received the service identified by the column heading. These values can be compared with the national values in the first row. Thus, unlike most other tables, this table presents row percentages, not column percentages.</p> <p>The distribution among the service categories within a state may be strongly affected by policies and practices regarding payment for services by WIA and Wagner-Peyser and coenrollment between the two programs. For example, Delaware shows that 98.8% of exiters received training, possibly because Wagner-Peyser funds were used for core and intensive services.</p>
Table III-23 to Table III-33	<p>These tables show outcomes attained by exiters from October 1, 2001 to September 30, 2002. This is the most recent year for which data are available for all the performance outcomes. Individuals who were reported as institutionalized or deceased at exit, those who had medical conditions that precluded continued participation in WIA or entry into employment, and returning Reservists who choose not to continue WIA services are excluded from the calculations. However, they are included in the number of exiters shown.</p> <p>All outcomes are calculated within the group defined by the column heading.</p> <ul style="list-style-type: none"> <li>• The first group of outcomes shown contains the WIA performance measures and comparable 12-month outcomes. These have been calculated following the official definitions. See Appendix B for summary definitions.</li> <li>• The second group of outcomes includes information about the job held in the quarter after exit. This information is reported for all individuals employed in the quarter after exit, whether or not they were employed at registration.</li> <li>• Other outcome information includes detail on some of the data used in the computation of the WIA performance measures.</li> </ul>

	<p>Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters, earnings replacement, and average earnings.</p> <p>The distributions of earnings in the quarter after exit and earnings in the 3<sup>rd</sup> quarter after exit include only individuals with earnings in the quarter. Thus, the percentages shown sum to 100%.</p> <p>In calculating percentages and averages, individuals with missing data on either the row or column heading are excluded.</p> <p>Outcome data for exiters from October 2001 to September 2002 are generally complete for most states with a few exceptions, except that 4<sup>th</sup> quarter outcomes are available only through March 2002 and 5<sup>th</sup> quarter outcomes through December 2001.</p>
<p>Table III-23</p>	<p>This table shows trends over time in the outcomes of WIA exiters.</p> <p>Data for PY 2002 exiters are very incomplete because of time lags in collecting postprogram outcome information. Entered employment, the credential and employment rate, information about employment in the quarter after exit, attained credential, and other outcome information for the quarter after exit are for exiters from July 2001 to December 2001. Information on outcomes in the 2<sup>nd</sup> quarter after exit is for exiters from July 1, 2001 to September 2001. Information on outcomes in the 3<sup>rd</sup> quarter after exit is for exiters from July 2001 to September 2001. Outcomes in the 4<sup>th</sup> and 5<sup>th</sup> quarters after exit are not available for any PY 2002 exiters.</p> <p>Data for exiters from October 2001 to September 2002 are generally complete for most states with a few exceptions. Data on outcomes in the 4<sup>th</sup> quarter after exit are for exiters from October 2001 to March 2002. Data on outcomes in the 5<sup>th</sup> quarter after exit are for exiters from October 2001 to December 2002.</p> <p>Data for PY 2001 exiters are complete except that data on outcomes in the 4<sup>th</sup> quarter after exit are available only for exiters from July 2001 to March 2002, and data for the 5<sup>th</sup> quarter after exit are available only for exiters from July 2001 to December 2002.</p> <p>Data for PY 2000 are complete, except for a few states.</p> <p>Outcome information in some states is available only for shorter periods than noted above.</p> <p>See the notes to Tables III-23 to III-33 for additional information.</p>
<p>Table III-34</p>	<p>This table shows the WIA performance measures calculated within detailed groups based on the characteristics of exiters from October 2001 to September 2002.</p> <p>The column titled “Number of Exiters” contains the number of exiters in the group defined by the row heading. The remaining columns show the four performance measures calculated within the group of exiters defined by the row heading. All of the performance measures, except earnings change, are percentages.</p> <p>Outcomes for characteristics listed under “Characteristics of Exiters who Received Intensive or Training Services” include only individuals who received intensive or training services because information on the row heading is not collected for individuals who receive only core services.</p> <p>See Appendix B for summary definitions of the performance measures.</p>

Table III-35	<p>This table shows the WIA performance measures calculated within detailed groups based on the services received by exiters from October 2001 to September 2002.</p> <p>The column titled “Number of Exiters” contains the number of exiters in the group defined by the row heading. The remaining columns show the four performance measures calculated within the group of exiters defined by the row heading. All of the performance measures, except earnings change, are percentages.</p> <p>See the Appendix B for the calculations of the performance measures.</p>
Table III-36	<p>This table shows the WIA performance measures for calculated within each state based on exiters from October 2001 to September 2002.</p> <p>Unlike the other outcome tables, exiters who received services only from NEG projects are excluded from the calculations of the performance measures and the exiter counts in this table because they are excluded from the states’ official performance calculations.</p> <p>The column titled “Number of Exiters” contains the number of exiters in the state identified by the row heading. The remaining columns show the four performance measures calculated within the state. All of the performance measures are percentage. These performance measures are calculated using WIASRD data and may differ, sometimes substantially, from the performance reported by the state in its PY 2002 Annual Report.</p> <p>See Appendix B for the calculations of the performance measures.</p>

**Part IV: Youth Exiters**

	<p>Tables in Part IV include all exiters from youth programs, including both local and statewide programs.</p>
Table IV-1 to Table IV-10	<p>These tables show the characteristics of exiters for both older and younger youth. Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters shown in the first three rows. Which are counts, and preprogram earnings and average highest grade completed, for which both averages and percentages within categories are shown.</p> <p>In calculating percentages, individuals with missing data on either the row or column heading are excluded. Values of zero are excluded when calculating average preprogram earnings.</p> <p>Veteran and preprogram quarterly earnings are available only for older youth, those at least age 19 at registration.</p>
Table IV-1	<p>This table shows trends over time in the characteristics of exiters. Data for JTPA are based on exiters who received more than objective assessment only. Data for JTPA PY 1999 also include WIA data for six early implementing states (FL, IN, KY, TX, UT, VT), but include no data for PA.</p> <p>JTPA youth data includes Title II-C, but does not include the Title II-B Summer Youth Program. Because WIA essentially combined the II-C and II-B programs into the WIA youth program, the JTPA and WIA data are not comparable.</p> <p>For JTPA, all youth programs are shown as local programs.</p>

	<p>In the data for PY 1998 and PY 1999, Hawaiians and other Pacific Islanders are included in the Asian category, SDA-identified barrier is included in youth who needs additional assistance, and high school equivalency is included in the high school graduate category. Data on average preprogram earnings, claimant referred by WPRS, and Pell Grant recipient are not available for PY 1998 and PY 1999.</p>
Table IV-10	<p>This table shows the characteristics of youth who received specific youth activities. Youth who are not reported as receiving any of the youth activities are excluded from the table.</p>
Table IV-11 to Table IV-19	<p>These tables show the services received by exiters. Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters shown in the first row, which is a count, and weeks participated, for which both the average and percentages within categories are shown.</p> <p>The percentages for the youth activities are based on youth reported as receiving at least one of the activities.</p> <p>In calculating percentages, individuals with missing data on either the row or column heading are excluded.</p>
Table IV-11	<p>This table shows trends over time in the services received by exiters. Data are not shown for JTPA because JTPA service data for youth are not comparable to WIA service data for youth.</p>
Table IV-20	<p>This table shows youth activities provided by state. The column for number of exiters shows the count of exiters in the state. The remaining columns show the percentage within the state that received the youth activity identified by the column heading. These percentages are based on youth reported as receiving at least one of the youth activities. These values can be compared with the national values in the first row. Thus, unlike most other tables, this table presents row percentages, not column percentages.</p>
Table IV-21 to Table IV-30	<p>These tables show outcomes attained by younger youth exiters, those less than age 19 at registration. Only younger youth are included because different outcome data are collected for younger and older youth. Except in Table IV-21, data for youth retention are for exiters from October 1, 2001 to September 30, 2002; all other data are for exiters during PY 2002.</p> <p>Individuals who were reported as institutionalized or deceased at exit, those who had medical conditions that precluded continued participation in WIA or entry into employment, and returning Reservists who choose not to continue WIA services are excluded from the calculations. However, they are included in the number of exiters shown.</p> <p>All outcomes are calculated within the group defined by the column heading.</p> <ul style="list-style-type: none"> <li>• The first group of outcomes shown contains the WIA performance measures. Retention and diploma attainment have been calculated following the official definitions. See Appendix B for summary definitions.</li> <li>• The skill attainment rate differs substantially from the official definition because it is based only on exiters and includes all goals set for the youth during the youth's period of participation. It is calculated as the total number of goals</li> </ul>

	<p>attained by the youth divided by the total number of goals set for the youth, excluding goals pending at exit for youth reported as institutionalized or deceased at exit and those who had medical conditions that precluded continued participation in WIA or entry into employment.</p> <ul style="list-style-type: none"> <li>• Other outcome information includes detail on some of the data used in the computation of the WIA performance measures and information on youth placement, and the employment and education/training status of the youth in the quarter after exit.</li> </ul> <p>Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters. The skill attainment rate and the average numbers of goals set and attained are based on all goals set for youth identified by the column head. The types of goals attained are percentages based on all goals attained.</p> <p>Data on youth placement are based only on exiters from July 1, 2001 to December 31, 2001.</p> <p>Youth who were attending secondary youth at exit are excluded from youth retention, diploma attainment, and youth placement.</p>
Table IV-21	<p>This Table shows trends over time in the outcomes of WIA exiters.</p> <p>Data for PY 2002 are complete, except that retention is based on exiters from July 2002 to September 2002 and placement is based on exiters from July 2002 to December 2002.</p>
Table IV-31	<p>This table shows the WIA performance measures calculated within detailed groups based on the characteristics of exiters. The retention rate is based on exiters from October 2001 to September 2002; diploma attainment and skill attainment are based on exiters during PY 2002.</p> <p>The columns titled “Number of Exiters” contain the number of exiters in the group defined by the row heading, within the relevant time period shown by the column heading. The remaining columns show the three performance measures calculated within the group of exiters defined by the row heading, again for the time period shown by the column heading. All of the performance measures are percentages. However, the skill attainment rate is a percentage of all goals set for exiters, rather than of exiters.</p> <p>See Appendix B for summary definitions of the performance measures and the notes to Tables IV-21 to IV-30 for more detail.</p>
Table IV-32	<p>This table shows the WIA performance measures calculated within detailed groups based on the services received by exiters. See the notes to Table IV-31 and Tables IV-21 to IV-30 for more detail on the calculations and Appendix B for summary definitions of the performance measures.</p>
Table IV-33	<p>This table shows the WIA performance measures for younger youth calculated within states. See the notes to Table IV-31 and Tables IV-21 to IV-30 for more detail on the calculations and Appendix B for summary definitions of the performance measures.</p> <p>Because these performance measures are calculated from WIASRD data, the numbers shown may differ, sometimes substantially, from the performance reported by the states in their PY 2002 Annual Reports.</p>

<p>Table IV-34 to Table IV-40</p>	<p>These tables show outcomes attained by older youth exiters from October 1, 2001 to September 30, 2002. This is the most recent year for which data are available for all the performance outcomes for older youth. Individuals who were reported as institutionalized or deceased at exit, those who had medical conditions that precluded continued participation in WIA or entry into employment, and returning Reservists who choose not to continue WIA services are excluded from the calculations. However, they are included in the number of exiters shown.</p> <p>All outcomes are calculated within the group defined by the column heading.</p> <ul style="list-style-type: none"> <li>• The first group of outcomes shown contains the WIA performance measures and comparable 12-month outcomes. These have been calculated following the official definitions. See Appendix B for summary definitions.</li> <li>• The second group of outcomes includes information about the job held in the quarter after exit. This information is reported for all individuals employed in the quarter after exit, whether or not they were employed at registration.</li> <li>• Other outcome information includes detail on some of the data used in the computation of the WIA performance measures.</li> </ul> <p>Most numbers shown are the percentages within the column heading. Exceptions include the number of exiters, earnings change, and average earnings.</p> <p>The distributions of earnings in the quarter after exit and earnings in the 3<sup>rd</sup> quarter after exit include only individuals with earnings in the quarter. Thus, the percentages shown sum to 100%.</p> <p>In calculating percentages and averages, individuals with missing data on either the row or column heading are excluded.</p> <p>Outcome data for exiters from October 2001 to September 2002 are generally complete for most states with a few exceptions, except that 4<sup>th</sup> quarter outcomes are available only through March 2002 and 5<sup>th</sup> quarter outcomes through December 2001.</p>
<p>Table IV-34</p>	<p>This table shows trend over time in the outcomes of older youth WIA exiters.</p> <p>Data for PY 2002 exiters are very incomplete because of time lags in collecting postprogram outcome information. Entered employment, the credential and employment rate, information about employment in the quarter after exit, attained credential, and other outcome information for the quarter after exit are for exiters from July 2001 to December 2001. Information on outcomes in the 2<sup>nd</sup> quarter after exit is for exiters from July 1, 2001 to September 2001. Information on outcomes in the 3<sup>rd</sup> quarter after exit is for exiters from July 2001 to September 2001. Outcomes in the 4<sup>th</sup> and 5<sup>th</sup> quarters after exit are not available for any PY 2002 exiters.</p> <p>Data for exiters from October 2001 to September 2002 are generally complete for most states with a few exceptions. Data on outcomes in the 4<sup>th</sup> quarter after exit are for exiters from October 2000, to March 2002. Data on outcomes in the 5<sup>th</sup> quarter after exit are for exiters from October 2001 to December 2001.</p> <p>Data for PY 2001 exiters are complete except that data on outcomes in the 4<sup>th</sup> quarter after exit are available only for exiters from July 2001 to March 2002, and data for the 5<sup>th</sup> quarter after exit are available only for exiters from July 2001 to December</p>

	<p>2001.</p> <p>Data for PY 2000 is complete, except for a few states.</p> <p>Outcome information in some states is available only for shorter periods than noted above.</p> <p>See the notes to Tables IV-34 to IV-40 for additional information.</p>
Table IV-41	<p>This table shows the WIA performance measures calculated within each state based on exiters from October 2001 to September 2002.</p> <p>The column titled “Number of Exiters” contains the number of exiters in the state identified by the row heading. The remaining columns show the four performance measures calculated within the state. All of the performance measures, except earnings change, are percentages. These performance measures are calculated using WIASRD data and may differ, sometimes substantially, from the performance reported by the state in its PY 2002 Annual Report.</p> <p>See Appendix B for the calculations of the performance measures.</p>
Table IV-42	<p>This table shows the WIA performance measures calculated within detailed groups based on the characteristics of exiters from October 2001 to September 2002.</p> <p>The column titled “Number of Exiters” contains the number of exiters in the group defined by the row heading. The remaining columns show the four performance measures calculated within the group of exiters defined by the row heading. All of the performance measures, except earnings change, are percentages.</p> <p>Outcomes for characteristics listed under “Characteristics of Exiters who Received Intensive or Training Services” include only individuals who received intensive or training services because information on the row heading is not collected for individuals who receive only core services.</p> <p>See Appendix B for summary definitions of the performance measures.</p>
Table IV-43	<p>This table shows the WIA performance measures calculated within detailed groups based on the services received by exiters from October 2001 to September 2002.</p> <p>The column titled “Number of Exiters” contains the number of exiters in the group defined by the row heading. The remaining columns show the four performance measures calculated within the group of exiters defined by the row heading. All of the performance measures, except earnings change, are percentages.</p> <p>See the Appendix B for summary definitions of the performance measures</p>

## **Appendix B**

### **Definitions**

---

**Definitions of Characteristics**

---

<b>Age categories</b>	Age is calculated as the difference in days between the birth date and the registration date, divided by 365.25.
<b>Individual with a disability</b>	Any individual who has a physical or mental impairment which substantially limits one or more of such person's major life activities and has a record of such an impairment, or is regarded as having such an impairment.
Substantial barrier	The individual's physical or mental impairment constitutes or results in a substantial impediment to employment.
Other disabilities	Disabilities that are not substantial barriers
<b>Race and ethnicity</b>	
Hispanic	A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture in origin, regardless of race
Not Hispanic	
American Indian or Alaskan Native (only)	A person having origins in any of the original peoples of North America and South America (including Central America), and who maintains cultural identification through tribal affiliation or community recognition.
Asian (only)	A person having origins in any of the original people of the Far East, Southeast Asia, or the Indian Subcontinent (e.g., India, Pakistan, Bangladesh, Sri Lanka, Nepal, Sikkim, and Bhutan). This area includes, for example, Cambodia, China, Japan, Korea, Malaysia, the Philippine Islands, Thailand, and Vietnam.
Black or African American (only)	A person having origins in any of the black racial groups of Africa.
Hawaiian or other Pacific Islander (only)	A person having origins in any of the original people of Hawaii, Guam, Samoa, or other Pacific Islands.
White (only)	A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.
More than one race	A person was reported as being in more than one of the above non-Hispanic race categories.
<b>Veteran</b>	A person who served in the active U.S. military, naval, or air service and who was discharged or released from such service under conditions other than dishonorable.
Disabled veteran	A veteran who is entitled to compensation regardless of rate (include those rated at 0%) for a disability under laws administered by the Department of Veterans' Affairs (DVA), or who was discharged or released from active duty because of a service-connected disability.

Campaign veteran	A veteran who served on active duty in the U.S. armed forces during a war or in a campaign or expedition for which a campaign badge or expeditionary medal has been authorized as identified and listed by the Office of Personnel Management (OPM).
Vietnam-era veteran	The individual served in the active U.S. military, naval, or air service, and who was discharged or released from such service under conditions other than dishonorable during the Vietnam-era (the period beginning on February 28, 1961 and ending on May 7, 1975, in the case of a veteran who served in the Republic of Vietnam during that period, and the period beginning on August 5, 1964 and ending on May 7, 1975, in all other cases).
Recently separated veteran	A veteran who applied for participation under Title I of WIA within 48 months after discharge or release from active U.S. military, naval, or air service.
<b>Employed at registration</b>	
Employed	An individual who is currently working as a paid employee, in his or her own business, profession or farm, worked 15 hours or more as an unpaid worker in an enterprise operated by a member of the family, or is one who was not working, but has a job or business from which he or she was temporarily absent because of illness, bad weather, vacation, labor-management dispute, or personal reasons, whether or not paid by the employer for time-off, and whether or not seeking another job.  This information is collected from the registrant at registration, not from UI wage records.
Not employed	An individual who does not meet the definition of employed or who, although employed, has received notice of termination of employment.
<b>Average preprogram quarterly earnings</b>	Quarterly earnings are derived by the state from UI wage records. If earnings in both the 2 <sup>nd</sup> and 3 <sup>rd</sup> quarters before registration are greater than zero, then the average of those two values. If only one is greater than zero, then that value.
<b>Characteristics of Exiters who Received Intensive or Training Services</b>	The following data is collected for youth and for adults and dislocated workers who received intensive or training services.
<b>Limited English-language proficiency</b>	The inability of an individual, whose native language is not English, to communicate in English, resulting in a barrier to employment.

<b>Single parent</b>	A single, separated, divorced, or widowed individual who has primary responsibility for one or more dependent children under age 18.
<b>UI status</b>	
Claimant	Eligible Unemployment Compensation (U.C.) claimant.
Claimant referred by WPRS	Eligible claimant referred by the Worker Profiling and Reemployment Services (WPRS) system.
Exhaustee	The individual exhausted their U.C. benefits.
<b>Low income</b>	<p>A registrant in one or more of the following categories:</p> <p>(A) receives, or is a member of a family which receives, cash payments under a Federal, state or income based public assistance program;</p> <p>(B) received an income, or is a member of a family that received a total family income, for the six month period prior to registration for the program involved (exclusive of unemployment compensation, child support payments, payments described in subparagraph (A) and old age and survivors insurance benefits received under section 202 of the Social Security Act (42 U.S.C. 402)) that, in relation to family size does not exceed the higher of:</p> <p>(I) the poverty line, for an equivalent period; or</p> <p>(II) 70 percent of the lower living standard income level, for an equivalent period;</p> <p>(C) a member of a household that receives (or has been determined within the 6 month period prior to registration for the program involved to be eligible to receive) Food Stamps pursuant to the Food Stamp Act of 1977 (7 U.S.C. 2011 et seq.);</p> <p>(D) qualifies as a homeless individual, as defined in subsections (a) and (c) of section 103 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11302);</p> <p>(E) is a foster child on behalf of whom state or local government payments are made;</p> <p>Also includes individuals with a disability whose family is not low income, if the individual's own income:</p> <p>(1) Meets the income criteria established in WIA section 101(25)(A) or (B) but is a member of a family whose income does not meet those requirements [WIA Sec. 101(25)(F)]</p>

<b>Public assistance recipient</b>	The participant is listed on the grant and/or is receiving assistance under any of the following programs at any time during participation. While this information may be updated during participation, such updating is not required. Self-reported information is acceptable for reporting. Do not include foster child payments
TANF recipient	Temporary Assistance to Needy Families (TANF). Also, include participants who were referred by the TANF agency, participated in the TANF assessment program as a requirement prior to opening a TANF grant, and who received support services from the TANF agency.
Other public assistance	General Assistance (GA) (state/local government), Refugee Cash Assistance (RCA), Supplemental Security Income (SSI-SSA Title XVI)
<b>Pell Grant recipient</b>	The individual is or has been notified s/he will be receiving a Pell Grant. This item may be updated while the individual is receiving WIA services (except follow-up services).
<b>Highest grade completed</b>	
8 <sup>th</sup> or less	Highest grade completed of 8 or less.
Some high school	Highest grade completed between 9 and 11.
High school graduate	Also includes individuals who successfully completed an Individual Education Program (IEP) for youth with disabilities. Note: When used as column heading high school graduate also includes high school equivalency
High school equivalency	Individuals with a GED or other high school equivalency.
Some postsecondary	Includes college or full-time technical or vocational school.
College graduate 4-year	Bachelor's degree or equivalent or beyond.
<b>Characteristics Available for Dislocated Workers</b>	The following characteristics are available only for dislocated workers
Displaced homemaker	An individual who has been providing unpaid services to family members in the home and who  (1) has been dependent on the income of another family member but is no longer supported by that income; and (2) is unemployed or underemployed and is experiencing difficulty in obtaining or upgrading employment; or  For the purposes of carrying out innovative statewide activities noted in WIA section 134, the following individuals may also be counted as displaced homemakers ( §134(a)(3)(A)(vi)(I)):  (1) an individual who is receiving public assistance and is within 2 years of exhausting lifetime eligibility under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.).

<b>Time of layoff</b>	Based on the length of time between the dislocation date, the last day of employment at the dislocation job, and the registration date. Individuals whose dislocation date is not reported are excluded from the calculation.
<b>Characteristics Available for Youth</b>	The following characteristics are available only for youth.
<b>Homeless or runaway youth</b>	An individual who lacks a fixed, regular, adequate nighttime residence; and any individual who has a primary nighttime residence that is a public or private operated shelter for temporary accommodation; an institution providing temporary residence for individuals intended to be institutionalized; or a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings. Also includes runaway youth. Does not include a person imprisoned or detained pursuant to an Act of Congress or state law.
<b>Offender</b>	An individual: <ol style="list-style-type: none"> <li>(1) who is or has been subject to any stage of the criminal justice process, for whom services under WIA may be beneficial; or</li> <li>(2) who requires assistance in overcoming artificial barriers to employment resulting from a record of arrest or conviction.</li> </ol>
<b>Pregnant or parenting youth</b>	An individual who is under 22 years of age and who is pregnant, or a youth (male or female) who is providing custodial care for one or more dependents under age 18.
<b>Basic literacy skills deficient</b>	The individual meets the state or local level definition of basic literacy skills deficient. This definition may establish such criteria as are needed to address state or local concerns, and must include a determination that an individual: <ul style="list-style-type: none"> <li>• Computes or solves problems, reads, writes, or speaks English at or below the 8th grade level on a generally accepted standardized test or a comparable score on a criterion-referenced test; or</li> <li>• Is unable to compute or solve problems, read, write, or speak English at a level necessary to function on the job, in the individual's family or in society.</li> </ul> <p>Grade level scores below 9.0 (e.g., 8.9) are considered as at or below the 8th grade level.</p>
<b>Youth who needs additional assistance</b>	A youth, aged 14-21, who requires additional assistance to complete an educational program, or to secure and hold employment as defined by state or local policy. If the State Board defines a policy, the policy must be included in the State Plan.

<b>Education status at registration</b>	Education status has been adjusted to be consistent with highest grade completed.
Attending school	
High school or below	The individual has not received a secondary school diploma or its recognized equivalent and is attending any school (including elementary, intermediate, junior high school, secondary or postsecondary, or alternative school or program whether full or part-time), or is between school terms and intends to return to school.
Postsecondary	The individual has received a secondary school diploma or its recognized equivalent and is attending a postsecondary school or program (whether full or part-time), or is between school terms and intends to return to school.
High school dropout	The individual is no longer attending any school and has not received a secondary school diploma or its recognized equivalent
High school graduate/equivalent	The individual is not attending any school and has either graduated from high school or holds a GED or other high school equivalency diploma.

---

**Definitions of Services**

---

**Services for Adults, Dislocated Workers, and Youth**

---

<b>Coenrollment</b>	
WIA adult	WIA Title 1B local or statewide adult programs.
WIA dislocated worker	WIA Title 1B local or statewide dislocated worker programs or National Emergency Grants.
WIA youth	WIA Title 1B local or statewide youth programs
Partner program	Any partner program. Note: reporting of partner programs is optional and may be seriously under counted.
Wagner-Peyser	Services funded under Wagner-Peyser Act.
Veterans programs	Services provided by DVOP/LVER (WIA Sect. 121(b)(1)(IX) or training services under WIA Sec. 168.
Adult Education	WIA Title II.
Welfare to Work	As described in 20 CFR Part 645.
Other DOL-funded	Job Corps, Migrant & Seasonal Farmworker Programs, Native American Programs, Trade Adjustment Act (TAA), NAFTA-TAA, Title V of the Older Americans Act of 1965.
Other partner programs	Vocational Education, Vocational Rehabilitation, Employment and Training programs carried out under The Community Services Block Grant Act, Employment and Training programs carried out by The Dept. of Housing and Urban Development, Food Stamps Employment and Training, other non-WIA Partner Programs.
<b>Weeks participated</b>	Weeks between registration and the last service (exit).

---

**Services for Adults and Dislocated Workers**

---

<b>Service category</b>	
Core services only	<p>Individuals that received core services other than information or self-service (and, thus were registered for WIA), but not intensive or training services. Core services for which individuals must be registered include (but are not limited to):</p> <ul style="list-style-type: none"> <li>• Staff assisted job search and placement assistance, including career counseling;</li> <li>• Follow-up services, including counseling regarding the workplace;</li> <li>• Staff assisted job referrals (such as testing and background checks);</li> <li>• Staff assisted job development (working with employer and jobseeker); and</li> <li>• Staff assisted workshops and job clubs.</li> </ul>

---

Intensive & core services only	<p>Individual who received core and intensive services, but not training. Intensive services may include:</p> <ul style="list-style-type: none"> <li>• Comprehensive and specialized assessments of skill levels and service needs including: <ul style="list-style-type: none"> <li>– diagnostic testing and use of other assessment tools; and</li> <li>– in-depth interviewing and evaluation to identify employment barriers and appropriate employment goals;</li> </ul> </li> <li>• Development of an individual employment plan, to identify the employment goals, appropriate achievement objectives, and appropriate combination of services for the participant to achieve the employment goals;</li> <li>• Group counseling;</li> <li>• Individual counseling and career planning;</li> <li>• Case management for participants seeking training services;</li> <li>• Short-term prevocational services, including development of learning skills, communication skills, interviewing skills, punctuality, personal maintenance skills, and professional conduct, to prepare individuals for unsubsidized employment or training;</li> <li>• Out-of-area job search assistance;</li> <li>• Relocation assistance;</li> <li>• Internships; and</li> <li>• Work experience.</li> </ul> <p>Intensive services beyond those listed in the Act may also be provided.</p>
Training services	Includes individuals who received any of the following:
Basic skills	Adult education, basic skills and/or literacy skills
On-the-job	<p>Training by an employer that is provided to a paid participant while engaged in productive work in a job that:</p> <p>(A) provides knowledge or skills essential to the full and adequate performance of the job;</p> <p>(B) provides reimbursement to the employer of up to 50 percent of the wage rate of the participant, for the extraordinary costs of providing the training and additional supervision related to the training; and</p> <p>(C) is limited to the period of time required for a participant to become proficient in the occupation for which the training is being provided. In determining the appropriate length of the</p>

	contract, consideration should be given to the skill requirements of the occupation, the academic and occupational skill level of the participant, prior work experience, and the participant's individual employment plan.
Occupational and other	Includes the receipt of the following types of services: <ul style="list-style-type: none"> <li>• Occupational skills training, including training for nontraditional employment;</li> <li>• Programs that combine workplace training with related instruction, which may include cooperative education programs;</li> <li>• Training programs operated by the private sector;</li> <li>• Skill upgrading and retraining;</li> <li>• Entrepreneurial training;</li> <li>• Job readiness training; and</li> <li>• Customized training conducted with a commitment by an employer or group of employers to employ an individual upon successful completion of the training.</li> </ul>
<b>ITA established</b>	Any of the individual's services were purchased utilizing an Individual Training Account established for adults or dislocated workers and funded by WIA title I.
<b>Services for Adults, Dislocated Workers, and Youth</b>	
<b>Occupation of training</b>	<p>The 6 digit Standard Occupational Classification (SOC) code, 8 digit O*Net 3.0 Code, 9 digit DOT code, the 5 digit OES code, or the 5 or 6 digit O*NET code that best describes the training occupation for adults and dislocated workers who received on-the-job training or occupational skills training and youth who received employment services related to a specific occupation. If the participant received classroom occupational skills training, any of these or the 6-digit CIP code that best describes the training should be recorded. If training was provided for more than one occupation, record the code for the last significant occupational training.</p> <p>The occupation code should be reported for individuals receiving occupational skills training, on-the-job training, or youth employment services, if appropriate.</p> <p>Occupation codes are converted to SOC codes before computing the categories below.</p>
Managerial, prof., technical	SOC codes in the range from 110000 to 299999.
Sales and clerical	SOC codes in the range from 310000 to 399999.
Service occupations	SOC codes in the range from 410000 to 439999.

Farming, fishing, forestry, construction, and extraction	SOC codes in the range from 460000 to 469999.
Installation, repair, production, transportation, material moving	SOC codes in the range from 490000 to 559999.
<b>Needs-related payments</b>	<p>Funds allocated to a local area for adults under paragraph (2)(A) or (3) as appropriate of section 133 (b), and funds allocated to the local area for dislocated workers under section 133(b)(2)(B) may be used to provide needs related payments to adults and dislocated workers, respectively, who are unemployed and do not qualify for (or have ceased to qualify for) unemployment compensation for the purpose of enabling such individuals to participate in programs of training services under subsection 134(d)(4).</p> <p>Stipends for such activities as GED completion are allowable expenditures under the WIA youth program, provided that the provision of a stipend is included in the participant’s individual assessment and service strategy.</p>
<b>Other supportive services</b>	<p>For adults and dislocated workers, supportive services include services such as transportation, childcare, dependent care, and housing that are necessary to enable an individual to participate in activities authorized under Title I of WIA, consistent with the provisions of Title I. Needs-related payments, although categorized by the Act as supportive services, should not be reported in this item because they are reported separately.</p> <p>Supportive services for youth, as defined in WIA section 101(46), may include linkages to community services; assistance with transportation; assistance with child care and dependent care; assistance with housing; referrals to medical services; and assistance with uniforms or other appropriate work attire and work related tools, including such items as eye glasses and protective eye gear.</p>

<b>Services for Youth</b>	
<b>Youth Activities</b>	
Educational achievement services	<p>Educational achievement services include, but are not limited to:</p> <ul style="list-style-type: none"> <li>• Tutoring, study skills training, and instruction leading to secondary school completion, including dropout prevention strategies; and</li> <li>• Alternative secondary school offerings.</li> </ul>
Employment services	<p>Preparation for and success in employment services include, but are not limited to:</p> <ul style="list-style-type: none"> <li>• Paid and unpaid work experiences, including internships, and job shadowing; and</li> <li>• Occupational skill training.</li> </ul>
Summer youth employment opportunities	Summer employment opportunities.
Leadership development activities	<p>Leadership development opportunities are opportunities that encourage responsibility, employability, and other positive social behaviors such as::</p> <ul style="list-style-type: none"> <li>(a) Exposure to postsecondary educational opportunities;</li> <li>(b) Community and service learning projects;</li> <li>(c) Peer centered activities, including peer mentoring and tutoring;</li> <li>(d) Organizational and team work training, including team leadership training;</li> <li>(e) Training in decision making, including determining priorities; and</li> <li>(f) Citizenship training, including life skills training such as parenting, work behavior training, and budgeting of resources.</li> </ul>
Additional support for youth services	<p>Supports for youth services include, but are not limited to:</p> <p>Adult mentoring for a duration of at least twelve (12) months, that may occur both during and after program participation;</p> <p>Comprehensive guidance and counseling, including drug and alcohol abuse counseling, as well as referrals to counseling, as appropriate to the needs of the individual youth.</p>
<b>Received 12 months of follow-up services</b>	<p>Follow-up services for youth may include: the leadership development and supportive service activities listed in §§ 664.420 and 664.440; regular contact with a youth participant's employer, including assistance in addressing work related problems that arise; assistance in securing better paying jobs, career development and further education; work</p>

related peer support groups; adult mentoring; and tracking the progress of youth in employment after training.

If a youth reenrolls in WIA within 12 months of exit, a 'yes' is recorded if follow-up services were provided throughout the period from exit to reenrollment.

Results in the tables include only youth who exited before October 1, 2001 and, thus, could have received 12 months of follow-up when the WIASRD data were reported.

---

---

**Definitions of Outcomes**

---

All outcomes exclude individuals who were reported as institutionalized, having health/medical problems, or deceased at exit.

---

**Outcomes for Adults, Dislocated Workers and Older Youth**

---

<b>WIA Performance and 12-Month Outcomes</b>	Official definitions of the WIA performance outcomes are included in TEGL 7-99.
Entered employment	Employed in the quarter after exit. Excludes adults and older youth who were employed at registration. Employment can be determined from wage records or from supplemental data.
Retained employment 3 <sup>rd</sup> quarter after exit	Employed in the 3 <sup>rd</sup> quarter after exit among those who were employed in the quarter after exit. For older youth, excludes those who were not employed in the 3 <sup>rd</sup> quarter after exit, but were in postsecondary education or advanced training in the 3 <sup>rd</sup> quarter after exit. Employment can be determined from wage records or from supplemental data.
Retained employment 5 <sup>th</sup> quarter after exit	Employed in the 5 <sup>th</sup> quarter after exit among those who were employed in the quarter after exit. For older youth, excludes those who were not employed in the 5 <sup>th</sup> quarter after exit, but were in postsecondary education or advanced training in the 3 <sup>rd</sup> quarter after exit. Employment can be determined from wage records or from supplemental data.
Earnings change	Earnings change is calculated for adults and older youth.
2 <sup>nd</sup> and 3 <sup>rd</sup> quarters after exit	Earnings in the 2 <sup>nd</sup> and 3 <sup>rd</sup> quarters after exit minus earnings in the 2 <sup>nd</sup> and 3 <sup>rd</sup> quarters before registration among those who were employed in the quarter after exit. Excludes those whose employment in the quarter after exit or the 3 <sup>rd</sup> quarter after exit was determined through supplemental data and no earnings were found in wage records. For older youth, excludes those who were not employed in the 3 <sup>rd</sup> quarter after exit, but were in postsecondary education or advanced training in the 3 <sup>rd</sup> quarter after exit.
4 <sup>th</sup> and 5 <sup>th</sup> quarters after exit	Earnings in the 4 <sup>th</sup> and 5 <sup>th</sup> quarters after exit minus earnings in the 2 <sup>nd</sup> and 3 <sup>rd</sup> quarters before registration among those who were employed in the quarter after exit. Excludes those whose employment in the quarter after exit or the 3 <sup>rd</sup> or 5 <sup>th</sup> quarters after exit was determined through supplemental data and no earnings were found in wage records. For older youth, excludes those who were not employed in the 5 <sup>th</sup> quarter after exit, but were in postsecondary education or advanced training in the 3 <sup>rd</sup> quarter after exit.
Earnings replacement	Earnings replacement is calculated for dislocated workers.
2 <sup>nd</sup> and 3 <sup>rd</sup> quarters after exit	Earnings in the 2 <sup>nd</sup> and 3 <sup>rd</sup> quarters after exit divided by earnings in the 2 <sup>nd</sup> and 3 <sup>rd</sup> quarters before registration among those who were employed in the quarter after exit. Earnings

	are aggregated over all included exiters before the division. Excludes those whose employment in the quarter after exit or the 3 <sup>rd</sup> quarter after exit was determined through supplemental data and no earnings were found in wage records
4 <sup>th</sup> and 5 <sup>th</sup> quarters after exit	Earnings in the 4 <sup>th</sup> and 5 <sup>th</sup> quarters after exit divided by earnings in the 2 <sup>nd</sup> and 3 <sup>rd</sup> quarters before registration among those who were employed in the quarter after exit. Earnings are aggregated over all included exiters before the division. Excludes those whose employment in the quarter after exit or the 3 <sup>rd</sup> or 5 <sup>th</sup> quarters after exit was determined through supplemental data and no earnings were found in wage records.
Credential and employment rate	Employed in the quarter after exit and received credential among adults and dislocated workers who received training. See attained credential below for the types of credentials counted.
<b>Information about Employment in Quarter after exit</b>	The following outcomes are determined for persons who are employed in the quarter after exit.
<b>Occupation of employment</b>	The occupation of employment is determined in the same way as occupation of training (see above) except that CIP codes cannot be used.
<b>Training-related employment (among received training)</b>	<p>Training related employment is employment in which the individual uses a substantial portion of the skills taught in the training received by the individual. Leave blank if the individual did not receive training services.</p> <p>Code 8 may be used for training that did not impart job-specific skills, such as job readiness training. These individuals are excluded when calculating the percentage with training related employment, as are those who did not receive training.</p>
<b>Nontraditional employment</b>	<p>Employment in an occupation or field of work for which individuals of the participant's gender comprise less than 25% of the individuals employed in such occupation or field of work (WIA Section 101(26)).</p> <p>Nontraditional employment can be based on either local or national data.</p> <p>Both males and females can be in nontraditional employment.</p>

<b>Other Outcome Information</b>	
<b>Employment</b>	
Quarter after exit	The individual is considered as employed if wage records for the quarter after exit show earnings greater than zero. Wage records are the primary data source for tracking employment after exit. If individuals are not found in the wage records, states may use supplemental data sources.
Third quarter after exit	
Fifth quarter after exit	
	When supplemental sources are used, individuals should be counted as employed if, in the calendar quarter after exit, they did any work at all as paid employees (i.e., received at least some earnings), worked in their own business, profession, or worked on their own farm.
<b>Average earnings (among with earnings)</b>	
Quarter after exit	The total earnings in the quarter as determined from wage records. Wage record information can be obtained from the state, other states, other entities maintaining wage record systems, or from WRIS. Earnings from all employers of the individual should be summed.
Second quarter after exit	
Third quarter after exit	
Fourth quarter after exit	
Fifth quarter after exit	
	What if the individual appears in several different wage record systems (e.g., systems in two different states)?
<b>Earnings quarter after exit</b>	Earnings from these different sources of wage records should be summed for each quarter.
\$1 to \$2,499	Note: The state is required to access these data from its own wage record system; accessing data from other wage record systems is optional, but recommended.
\$2,500 to \$4,999	
\$5,000 to \$7,499	
\$7,500 to \$9,999	
\$10,000 or more	
	Individuals with no earnings in a quarter are excluded when computing average earnings for that quarter and are excluded from the distribution of earnings as well
<b>Earnings 3rd quarter after exit</b>	
\$1 to \$2,499	
\$2,500 to \$4,999	
\$5,000 to \$7,499	
\$7,500 to \$9,999	
\$10,000 or more	

---

<b>Attained credential</b>	A credential is defined as any nationally recognized degree or certificate or a state/locally recognized credential. Credentials include, but are not limited to, a high school diploma, GED or other recognized equivalents, postsecondary degrees, recognized skills standards and licenses or industry-recognized certificates. States should include all State Education Agency recognized credentials. In addition, states should work with local Workforce Investment Boards to encourage certificates to recognize successful completion of the training services listed above that are designed to equip individuals to enter or reenter employment, retain employment, or advance into better employment.
High school diploma/equivalency	
AA, AS, BA, BS or other college degree	
Occupational skills license/credential/certificate	
Other	
	Credential must be obtained either during participation or by the end of the third quarter after exit from services (other than follow up services).

---

<b>In postsecondary education or advanced training</b>	The individual was enrolled in advanced training or post-secondary education in the first (or third) quarter after exit including:
Quarter after exit	
Third quarter after exit	<ul style="list-style-type: none"><li>• Advanced training is an occupational skills employment/training program, not funded under Title I of the WIA, which does not duplicate training received under Title I. Training that leads to an academic degree (e.g., AA, AS, BA, BS) should be categorized as post-secondary education and not reported as advanced training. Advanced training may be provided by a one-stop partner following the exit of the registrant from WIA. Advanced training does not include training funded partially or wholly with WIA funds. An example of advanced training is a community college program that does not lead to an advanced degree.</li><li>• Post-secondary education is a program at an accredited degree-granting institution that leads to an academic degree (e.g., AA, AS, BA, BS). Do not include programs offered by degree-granting institutions that do not lead to an academic degree as post-secondary education.</li></ul>

---

<b>Outcomes for Younger Youth</b>	
<b>WIA Performance Outcomes</b>	
<b>Youth Retention</b>	Percentage of youth in any of the following activities at any time during the third quarter after exit.
Postsecondary education	Post-secondary education is a program at an accredited degree-granting institution that leads to an academic degree (e.g., AA, AS, BA, BS). Do not include programs offered by degree-granting institutions that do not lead to an academic degree as post-secondary education.
Advanced training	Advanced training is an occupational skills employment/training program, not funded under Title I of the WIA, which does not duplicate training received under Title I. Training that leads to an academic degree (e.g., AA, AS, BA, BS) should be categorized as post-secondary education and not reported as advanced training. Advanced training may be provided by a one-stop partner following the exit of the registrant from WIA. Advanced training does not include training funded partially or wholly with WIA funds. An example of advanced training is a community college program that does not lead to an advanced degree.
Apprenticeships	A qualified apprenticeship program is a program approved and recorded by the ETA/Bureau of Apprenticeship and Training or by a recognized State Apprenticeship Agency. Approval is by certified registration or other appropriate written credential.
Military service	The youth was on active duty any time during the 3 <sup>rd</sup> quarter after exit.
Employment	<p>The individual should be considered as employed if wage records for the quarter after exit show earnings greater than zero. Wage records are the primary data source for tracking employment after exit. If individuals are not found in the wage records, states may use supplemental data sources.</p> <p>When supplemental sources are used, individuals should be counted as employed if, in the calendar quarter after exit, they did any work at all as paid employees (i.e., received at least some earnings), worked in their own business, profession, or worked on their own farm.</p>
<b>Diploma attainment rate</b>	A youth is counted in the diploma attainment rate if s/he receives a secondary school diploma or equivalency diploma during participation or by the end of the quarter after exit. In calculating the diploma attainment rate, youth who were high school graduates at registration and those who were still attending secondary school at exit are excluded. Youth who attain a diploma by the end of the quarter after exit are not excluded, even if they were attending secondary school at exit.

Secondary school diploma	The youth attained a secondary (high school) diploma recognized by the state during enrollment or by the end of the first quarter after exit. Also includes successful completion of an Individual Education Program (IEP) for youth with disabilities.
<b>Skill attainment rate</b>	The skill attainment rate differs substantially from the official definition because it is based only on exiters and includes all goals set for the youth during the youth's period of participation. It is calculated as the total number of goals attained by the youth divided by the total number of goals set for the youth, excluding goals pending at exit for youth reported as institutionalized or deceased at exit and those who had medical conditions that precluded continued participation in WIA or entry into employment.
<b>Other Outcomes</b>	
<b>Average number of goals set</b>	One goal minimum per year is required for all in- school youth and any appropriately assessed out-of-school youth who need to attain basic skills, work readiness skills, or occupational skills. A maximum of three goals per year may be set for purposes of the youth skill-attainment measure. In calculating the number of goals set we look at all goals set during the youth's period of participation
<b>Average number of goals attained</b>	Attainment of a goal is to be based on individual assessments using widely accepted and recognized measurement/assessment techniques. In calculating the number of goals attained we look at all goals set and attained during the youth's period of participation
<b>Types of goals attained</b> Basic skills Occupational skills Work readiness skills	The type of goal attained.
<b>Attending secondary school at exit</b>	The youth exited WIA services but was still attending secondary school at exit. Youth who subsequently attain a diploma by the end of the quarter after exit are not counted as attending secondary school at exit.
<b>Youth Placement</b>	The percentage of youth entering any of the following activities within 1 quarter of exit. Entry into these activities may be determined through information obtained from the participant during case management and follow up services, administrative records (including wage records, where appropriate), surveys of participants, and other similar methods. If the youth qualifies for several of these placement outcomes, the primary outcome is recorded.

<p>Postsecondary education Advanced training</p>	<p>Postsecondary education and advanced training are recorded only if the youth started to attend classes. Postsecondary education and advanced training are defined under retention above.</p>
<p>Apprenticeships</p>	<p>The individual entered a qualified apprenticeship program, i.e., a program approved and recorded by the ETA/Bureau of Apprenticeship and Training or by a recognized State Apprenticeship Agency. Approval is by certified registration or other appropriate written credential</p>
<p>Military service</p>	<p>The youth entered military service (i.e., reported for active duty).</p>
<p>Employment</p>	<p>The youth entered full or part time unsubsidized employment. Unsubsidized employment is any employment, including self-employment, not financed by either funds provided under the Act or by direct wage subsidies provided by any type of public funds. See Item 601 for the definition of employment.</p> <p>Also includes entry into the Peace Corps, VISTA and other National Service programs funded by the Federal Corporation for National and Community Service under the National and Community Service Trust Act of 1993 (Examples are activities in the AmeriCorps and the National Civilian Community Corps programs). Do not include entry into the Armed Forces or entry into a qualified apprenticeship program</p>
