**Request for Rehearing of Denial of Petition to Quash or Limit Compulsory Process
In the Matter of CVS Caremark Corp.
File No. 072-3119**

Dear Secretary Clark,

Pursuant to 16 C.F.R. § 2.7(f), CVS hereby requests a rehearing by the full Federal Trade Commission ("FTC" or "Commission") of CVS Caremark Corporation's ("CVS") Petition to Quash or Limit Compulsory Process, filed on June 20, 2008 (the "Petition"). A copy of CVS's Petition appears as Appendix "A."

CVS's Petition regarding the Civil Investigative Demand, issued on May 20, 2008 ("CID"), was denied by Commissioner Pamela Jones Harbour, by letter dated August 6, 2008, which was received by counsel for CVS by express mail on August 8, 2008. The CID and the letter denying the Petition are attached as Appendices "B" and "C," respectively.

CVS respectfully disagrees with the ruling of Commissioner Jones Harbour, and accordingly requests that the entire Commission review the Petition and all the issues presented therein. In addition, in light of the certain evidentiary concerns as to the specificity of CVS' burdensome arguments raised in the August 6, 2008 letter, CVS will provide supplemental declarations by August 18, 2008.

In addition to the requested full Commission review, CVS respectfully requests a stay of compliance with the CID until such time as the full Commission has reviewed the Petition and supporting documents, and has reached a final decision.
