RAMBUS INCORPORATED,  
  
a corporation.

Docket No. 9302

**UNOPPOSED MOTION FOR EXTENSION OF TIME  
TO RESPOND TO RAMBUS INC.'S MOTION TO COMPEL**

Samsung Semiconductor Inc. ("Samsung"), a non-party to the above-captioned case, through undersigned counsel, file this motion for a brief extension of time for Samsung to file its response to Rambus Incorporated's ("Rambus") motion to compel Samsung to produce certain documents withheld on privilege grounds. Specifically, Rambus seeks to compel production of confidential and privileged documents relevant to the Advanced DRAM Technology ("ADT"), a multi-party group.

Rambus served Samsung with the motion on December 9, 2002. Pursuant to Federal Trade Commission Rules of Practice § 3.22(c), Samsung's response to the motion would be due on or before December 19, 2002.

Samsung is presently conferring with counsel for other ADT members concerning Rambus' motion and the treatment of various privileged documents. Due to the number of ADT members, the number of documents, and the complexity of the issues, Samsung has not completed its discussions with other ADT members at this time.

Rambus has agreed to extend the time for Samsung and others to respond to the motion to December 23, 2002. The parties have also agreed that Samsung will produce certain documents from its privilege log that Samsung and others will not litigate the privilege issues over by December 24, 2002. The extension is not sought for delay, but only to allow for the resolution of this discovery issue.

Counsel for the Federal Trade Commission do not oppose this extension.

Accordingly, Samsung requests that this motion be granted and that it and any other interested parties be given until December 23, 2002 to respond to Rambus' motion, without prejudice to seek a further extension of time.

Dated: December 18, 2002
