

## Wallowa & Grande Ronde Rivers Outfitters & Guides List

A federal Special Recreation Permit (SRP) may be required of commercial guides conducting activities on the Wallowa & Grande Ronde Rivers, depending on the State in which the use occurs:

### IN OREGON

Between Minam and the OR-WA state line, a SRP is required for all commercial activities.

### IN WASHINGTON

From the OR-WA state line to the Snake River, a SRP is required for commercial activities *ONLY if use occurs on Bureau of Land Management (BLM) lands above the average high-water mark.*

**NOTE: If the trip originates in Washington, and does *not* utilize BLM lands above the high-water mark, a federal commercial use permit (SRP) is *not* required.**
