WHAT THE SPECIALISTS THINK:

Dr. Gonzalo Juárez

Graduate of the National Technical Institute of Mexico, specializing in Family Medicine with 27 years of experience in medicine says this about ARCOMIG:

"In my life as a doctor I have seen countless very special cases which, unfortunately, have ended in death. I refer to victims of cancer, diabetes, leukemia, arthritis, uric acid, and cholesterol, just to mention a few. Until I learned about **ARCOMIG**, there was nothing that could be done for these terrible diseases, we had to provide a great deal of medication to the victims, but I should make it clear that we were not curing them, but managing them. I learned about **ARCOMIG** from a patient whom I had not seen for more than a year, who had stomach cancer, and I say "had" because when I saw him again he told me that a relative had sent him **ARCOMIG** from Los Angeles, and after just 10 gallons his pain and discomfort had disappeared. I was skeptical, and he got me a few gallons of **ARCOMIG** for some patients with different diseases, and I am truly amazed at the great, curative wonders of this sensational product. **ARCOMIG IS THE TRUE SOLUTION OF THIS CENTURY.**

Dr. Carlos Ibarra de la Toba

Graduate of the University of Houston, TX, says this about ARCOMIG:

"Good news for the 37,000,000 Americans who suffer pain and inflammation of the joints due to **ARTHRITIS**, which is supposedly an "incurable" autoimmune disease; perhaps they say this because natural foods cannot be patented for sale as in the pharmaceuticals' magnificent business. But there are still generous minds devoted to observation and study of the origin of natural medicines made from plant extracts. So terrible diseases such as arthritis, which are a torment in the lives of thousands of young people, adults, and seniors, can finally be controlled by this exclusive naturale [sic] product called **ARCOMIG**."

Dr. José de Jesús Mondragón García

*Graduate of the National Autonomous University of Mexico (UNAM), 15 years in studies and research of patients with **DIABETES MELLITUS**. He says:*

"Before I found out about **ARCOMIG**, I was sure there was no cure for diabetes. At the clinic, I see more than 20 diabetics a day, I cannot see more because my shift is just 6 hours and the medication is very expensive and very scarce. I have many patients whose sugar does not go below 360 - at this level the patient needs insulin injections. There is no other remedy to counteract the sugar in the body and avoid diabetic coma. At first I did not believe in **ARCOMIG's** curative powers. I used it with this patient and I was surprised that with a gallon of **ARCOMIG** my patient dropped to 140. The truth is that I was surprised because no medicine I had prescribed for him had controlled it. Now I can tell all my patients that I no longer prescribe medicine for them, now they use only **ARCOMIG** and I can say that **ARCOMIG** is the solution to Diabetes Mellitus.

Return to Menu**HOW TO USE:**

It is recommended that the first gallon (one month) be taken as follows:

4 ounces (half cup) undiluted on an empty stomach at least one hour before taking any food, and 4 ounces at night.

During the first month's treatment, some symptoms of the disease might be aggravated, such as an increase in diabetics' sugar or the "curative crisis" in arthritics - they may feel a slight increase in arthritis pain; 3% of people who have an infection or kidney stones may have mild diarrhea which will disappear in a short time. This is because **ARCOMIG** has started removing all the toxins and deposit[s] of uric acid and cholesterol accumulated throughout the circulatory system; but during the second gallon and thereafter the body will be naturally eliminating those toxins and the benefits will start to be noted immediately.

The following is recommended starting with the **SECOND GALLON**:

8 ounces (half cup) [sic] undiluted on an empty stomach at least one hour before taking any food and

another 8 ounces at night an hour after your last food of the day.

The total treatment can vary from person to person, some patients with mild disease have recovered with 3 gallons, and some with very severe symptoms, up to 12 gallons, maximum.

MAINTENANCE DOSE

After completing their treatment, many people take a gallon every 3 or 6 months to keep toxins from accumulating in their body again.

ARCOMIG is a natural product, so there are practically no contraindications.

Return to Menu

While ARCOMIG has been on the market there has been thorough follow-up of its beneficial effects - effects that are, in some cases, even surprising, in hundreds of people who have taken it properly. In order to document these results, ARCOMIG INC. has collected a wide range of testimonials from these people who have, spontaneously and motivated only by the desire to express their thanks and share its benefits, told us about their experience [sic] with ARCOMIG.

BONE CANCER

"I suffered from bone cancer, the doctors had given up on me. Luckily, some neighbors who knew about my illness and my precarious financial situation got some money together and bought ARCOMIG for me. They brought it to me here at this house attached to the hospital, where the doctors were constantly examining me. After I took FOUR GALLONS OF ARCOMIG, the doctor did a routine examination and was surprised that my cancerous cells were disappearing, only I knew why. I kept taking [it] until I finished 12 gallons of ARCOMIG and my cancer totally disappeared, thanks to God and as the doctors certify. Today I can run, play soccer, and I feel fine. Hector Nuñez

LUNG CANCER

"The doctor told me I had cancer in my thyroid and right lung. They operated on my Thyroid and were going to perform a biopsy in three months for the lung. I took ARCOMIG beforehand. When the time for the biopsy for the lung operation came around, the Doctor told me that they were now clean and the operation was unnecessary. ARCOMIG had dissolved the lung tumor. I also had chronic arthritis that caused inflammation in my fingers to the point where I couldn't even knit. Now, thanks to God and ARCOMIG, I can knit again, whereas before I couldn't even close my hands. Now I'm very active and can walk a lot without pain. I RECOMMEND ARCOMIG. Eustolia Flores

ARTHRITIS AND DIABETES

"For more than 25 years I suffered from pain in my bones. They were so severe that I needed injections 4 to 5 times a week, and even then there were days when I couldn't get out of bed. I was also taking a lot of pain pills but I still felt very sick. But thank God I believed a sister of mine whose cancer got better with ARCOMIG, and she advised me to take it. I decided to believe her [cut off] she got relief and I took EIGHT GALLONS. Now, thank God,

I am free of pain, I walk normally, I can bend and stand up without eny [sic] problem. The diabetes I used to take pills for is also better, but after ARCOMIG I didn't have to take any more."
Carlos Rada (age 74)

LUPUS

"I had LUPUS in my blood and no doctor could cure me. Then it went to my bones. I heard about ARCOMIG on the radio and decided to buy it. About three weeks after I started taking it I began to feel fine, and after a month there was nothing wrong with me. I had inflamed muscles, bone pain, I had skinn [sic] ulcers, my throat was always inflamed, and I could barely walk. It took me an hour to get up in the morning, I was in so much pain. All these problems disappeared thanks to ARCOMIG, the doctors performed other examinations on me after the treatment with ARCOMIG, not knowing what I was taking, and they were surprised when they concluded that I no longer had lupus and that I was very well. My son David also had an undiagnosed illness, he couldn't run, his throat hurt, he felt as though he had worms on his skin biting his arms. The doctors prescribed lots of penicillin but he didn't improve. I decided to give him ARCOMIG since it had done me so much good and, thank God, it helped him, too. In a short time all his symptoms were gone forever."

POOR CIRCULATION

"I had a lot of pain in my legs, arms, head, I looked like a little old lady. I was living on pain pills, was nauseated, and my vision was a little blurred; I was also having a lot of hot flashes. But since I started taking ARCOMIG I no longer need pills. I even used to take them to sleep, and now I don't suffer from insomnia; I sleep peacefully. I'm healthy now thanks to ARCOMIG."

María Cruz

INDIGESTION

"When I started taking ARCOMIG I saw the improvement in TWO WEEKS. Then I could [sic] sleep, because I had a lot of stress, headache. But after SIX GALLONS of ARCOMIG, I'm perfectly fine. I think ARCOMIG is better than the medicine the traditional doctors have to offer."
Vilma López

OSTEOPOROSIS

"My severe cramping was relieved, I couldn't even get down on my knees because I couldn't stand up again. My legs, bones, and arms hurt ... everything hurt!! After taking ARCOMIG I went to the doctor for a check-up and he x-rayed my bones. He told me he didn't know how, but my osteoporosis had completely disappeared, now thanks to God and ARCOMIG there's nothing wrong with me.

Mrs. Jovita García (73)

DIABETES

"I recommend ARCOMIG because two years ago I suffered a diabetic coma since I didn't know I had diabetes and I was released from the hospital on the seventh day after being in intensive care. I was injected with 70 units of insulin; 35 in the morning and 35 in the evening, but I learned about ARCOMIG through a cousin and I took it. Now I don't use any insulin, just ARCOMIG."

Joel Moreno

DEFORMING ARTHRITIS

"I was confined to bed for two years with severe RHEUMATIC ARTHRITIS. My husband helped me move, go to the bathroom, shower, etc. After having been written off by the doctors because, according to them, there was nothing that could cure me, one day at the clinic I met a lady who had the same thing I did, but I was surprised to see that she could walk normally. She told me that she was completely cured because she had taken a product called ARCOMIG. She gave me the information about how to get it and I took A TOTAL OF 12 GALLONS and, thanks to God and ARCOMIG, I am now healthy and giving this testimonial."

Mrs. Lili Chavez

Return to Menu

POOR CIRCULATION

"I was very depressed. My legs and hands would fall asleep, I had tinnitus, tachycardia, head pain, and insomnia. I suffered from severe constipation and felt very nauseated all day long, as if I were drunk. A sister told me about a product she saw on television, so I bought it and even though it seemed a little expensive they convinced me that it would work. I took 8 GALLONS in all, and now I'm completely healthy, I feel like new, I do not regret having invested in my health. Thanks to ARCOMIG."

How much does ARCOMIG cost?

HOW MUCH DOES ARCOMIG COST?

ARCOMIG is a natural treatment very affordable for any budget.

The regular cost of each 32 Ounce bottle is \$80.00, but here you will find, in addition to all the health benefits, a promotion that will help you save more than \$50.00 on your order.

But before you decide whether this product is expensive or not, please consider these seven points and then make your decision:

- 1.- ARCOMIG is not an EXPENSIVE product, what is expensive is you or someone you love being constantly sick.
- 2.- Think a little about how much you have spent on your illness and how long you have suffered with that condition. do you think that less than \$200.00 is a lot to recover your well-being and be able to live free of discomfort again?
- 3.- ARCOMIG is not just an exotic fruit juice. ARCOMIG is a product of very serious research. This product is very expensive to make, but it is much very [sic] effective, as you can see for yourself and as demonstrated by scientific studies at prestigious Universities.
- 4.- Any medical treatment for DIABETES, CANCER, MIGRAINE, ARTHRITIS, POOR CIRCULATION, or any disease can cost THOUSANDS OF DOLLARS and MONTHS OF ILLNESS. What you invest with ARCOMIG is very minimal in comparison and you'll be surprised by the results.
- 5.- ARCOMIG is being used by very famous people such as Mr. Eric Del Castillo, Mr. Carlos Bonavides, Mrs. Sonia Del Campo (artistic representative for more than 30 years) and many more people who WOULD NOT deceive you with false testimony.
- 6.- There are natural products with which you must take MANY pills, capsules, or full glasses of liquids. ARCOMIG is taken in very small doses just twice a day.
- 7.- You invest less than \$4.00 A DAY to feel much better, protect your health, and even probably avoid fatal consequences. do you think that is very expensive?
