RE: Notification of Nutritional Support Statements

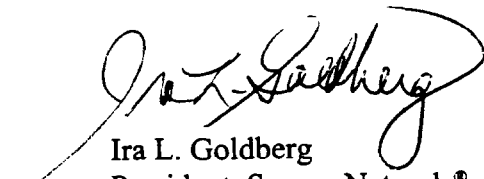

Dear Sir or Madam:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of Yaeyama Chlorella, a dietary supplement. Source Naturals® is the manufacturer of Yaeyama Chlorella.

Statements being made in the labeling of Yaeyama Chlorella:

- (1) Yaeyama Chlorella is 100% fresh-water chlorella, grown on the coral reef island of Ishigaki, Japan.
- (2) Chlorella may enhance health naturally by supporting the immune system and promoting energy, vitality, and natural cleansing.
- (3) Yaeyama Chlorella is rich in chlorella growth factor (CGF), vitamins, minerals, chlorophyll, beta-carotene, and other phytonutrients.
- (4) It is spray dried using a special process that breaks the cell wall, yet preserves the nutrients within, ensuring a highly digestible and nutrient-rich product.
- (5) Source Naturals Yaeyama Chlorella contains absolutely no added binders, fillers, or flow agents.

To the best of my knowledge, and based upon information and belief present at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.

  
Ira L. Goldberg  
President, Source Naturals®
