Re: Structure/Function Label Claim

This letter is to notify the Food and Drug Administration that within the past 30 days our company has begun to market White Willow Bark Dietary Supplement, with the following statement of nutritional support included on the label and in labeling for the product:

Flora's premium White Willow Bark is a natural herb used traditionally to **gently soothe away tension and other minor aches and pains**. It may also be used to **help bring relief from the common symptoms associated with the menstrual cycle. For minor aches & pains.**

The dietary ingredients of the product that are the subject of the above statement are:  
**Salicin 110 mg**

It is hereby certified that the information in this notification is complete and accurate, and that our company has substantiation that the above statement(s) is truthful and not misleading.

Very truly yours,

Flora Inc.
