2. PRODUCT FOCUS

Green Ephedra Free – key to keeping your New Year’s resolution

Burn fat faster

Are you tired of making the same resolution to lose weight each New Year only to fall off the wagon by January 2 ? Break that pattern once and for all with Thermojetics® Green Ephedra Free. This herbal dietary supplement, taken twice daily, is designed to reduce hunger pangs, boost your metabolism and increase your energy, while helping you achieve that goal to slim down and shape up.*

Helps speed up weight loss

Utilizing a carefully selected blend of herbs and botanicals, Thermojetics® Green Ephedra Free helps increase the rate at which your body burns fat and helps to curb your appetite.* In the end, it allows you to overcome obstacles to weight loss and achieve results quickly, easily and safely.*

Turn up your metabolism

Thermojetics® Green Ephedra Free has no ephedra-containing herbs. Instead, it contains a unique blend of five complex herbal extracts that can help support weight loss, including citrus aurantium (bitter orange extracts of fruit and peel), green tea, yerba maté, cocoa and Bioperine® (black pepper extract)*. These plant factors work synergistically to adjust metabolism at the cellular level so your body is able to burn stored fat more efficiently.*

Published studies have found that Advantra Z™ - also known as citrus aurantium – is effective at stimulating the burning of fat. Not only will you lose weight faster, but you will also have more energy and feel better.*
