RE: Label Claims/Disclaimers

Dear Sir/Madam:

This letter is to notify you that Enzymatic Therapy, Inc. at 825 Challenger Drive, Green Bay, Wisconsin 54311 is a distributor and has included statements provided for by section 403(r)(6) of the Food, Drug, and Cosmetic Act on the labels of the following product. These claims are not necessarily for a product we currently market or plan to market in the immediate future, and may be exploratory in nature.

COMPANY	PRODUCT NAME	DIETARY INGREDIENTS	STATEMENTS
Enzymatic Therapy, Inc.	Concentrate!™	DMAE, Phosphatidylserine, Taurine, N-acetylcysteine (NAC), L-Theanine	In a recent study, 50 female volunteers were divided into low stress and high stress groups. The brain activity of the volunteers was measured after the oral administration of 50-200 mg of L-theanine. Researchers specifically noted the activity of alpha-brain waves in each of the volunteers. The researchers found that within 30 minutes of the L-theanine administration, a significantly greater amount of alpha brain waves were generated in the L-theanine groups.* This study's results showed the L-theanine supported relaxation by promoting the generation of alpha brain waves.*

I certify that the information contained in this notice is complete and accurate and that Enzymatic Therapy, Inc. has substantiation that the statements are truthful and not misleading.
