Dear Brenda Umberger,

Diane

We would like to request a 45-day (to May 20) extension period for comments on (G/TBT/N/USA/36) concerning Dietary Supplements Containing Ephedrine Alkaloids; Reopening of the Comment Period. Your office's consideration for this extension will allow time to have the English text document translated into Chinese and to make comments if appropriate.

At the same time we'd like to require the full text of your notification by WTO G/TBT/N/USA/36 Dietary Supplements Containing Ephedrine Alkaloids; Reopening of the Comment Period (4 pages, in English). It will be very much appreciated if you can supply us the document in electronic format.

Thank you in advance for your consideration and prompt response to this request.

Best regards,

Guo Lisheng
