Ryan Parsons, D.C.  
RLP Enterprises  
5436 Taft Avenue  
La Jolla, California 92037

Dear Dr. Parsons:

This is in response to your letter to the Food and Drug Administration (FDA), received on April 11, 2003. It is not clear what your letter is intended to be a notification about. Although you indicate in your letter that you intended to use a particular statement on the label of a dietary supplement named "Light Force High Energy Greens," it is not clear if you intend this letter to be the notification required by 21 U.S.C. 343(r)(6) (section 403(r)(6) of the Federal Food, Drug, and Cosmetic Act (the Act) and 21 CFR 101.93(a).

21 CFR 101.93(a) sets forth the requirements for a notification being made for claims made in the labeling of a dietary supplement pursuant to 21 U.S.C. 343(r)(6). Among other things, 21 CFR 101.93(a)(3) requires that the notice submitted pursuant to 21 U.S.C. 343(r)(6) and this section be signed (emphasis added) by a responsible individual who can certify the accuracy of the information presented and contained in the notice, and that the individual certify that the information contained in the notice is complete and accurate, and that the notifying firm has substantiation that the statement is truthful and not misleading. Your submission does not meet this requirement in that the notice does not contain the signature of a responsible individual nor do they certify that the firm is in compliance with the requirements of the Act and the regulation. Therefore, your firm has not complied with the notification requirement in 21 U.S.C. 343(r)(6) and must submit a notification in accordance with the requirements in 21 CFR 101.93(a) if you intend to make claims in the labeling of a dietary supplement pursuant to 21 U.S.C. 343(r)(6).

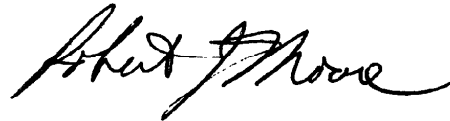

You can find copies of relevant documents on FDA's web site at <http://www.fda.gov>. You can access Title 21 of the Code of Federal Regulations (21 CFR) at <http://www.cfsan.fda.gov/~dms/reg-2.html> and can find copies of the laws that FDA enforces at <http://www.fda.gov/opacom/laws/lawtoc.htm>.

To Whom It May Concern:

I will be including the following statement on the label of our nutritional supplement Light Force High Energy Greens:

***“Light Force High Energy Greens*** are made from organically grown grasses, vegetables, herbs and sprouted grains combined with MSM to help balance the body’s pH levels and nutritional requirements. The electrical energy and biological activity are preserved in the manufacturing process and are similar to what you would find in fresh food sources.”

If you have any questions or concerns please feel to give me a call on 858.220.1446

Best wishes,

Ryan Parsons D.C.
