1701 Sherwood Street
Clearwater, FL 33755

(ii) Text: **Super Plant Based Enzymes:** (also name of product)

Enzymes found in raw foods may be necessary for optimum digestion. However cooked and processed foods are enzyme deficient as 118 degrees of cooking temperature destroys all enzyme. Supplementing your diet with plant-based enzymes may assist your digestion, elimination and absorption of food. This may help you feel better while promoting overall health and vitality.

Our Super Plant-Based Enzymes are a unique enzyme blend. The enzymes lipase, protease, cellulase, amylase and lactase are known to break down fat, protein, plant fiber, starch and milk sugar. In this product they are also blended with Bromelain, Papain,, Ginger, Fennel and Blue Green Algae from Klamath Lake.

(ii) Text: **Essential Greens Plus:** (also name of product)

Super wholefoods from Nature

In their natural state, wholefoods may give your body balanced nutrition just like mother nature intended. Essential Greens Plus may work naturally and harmoniously for a natural means of increased energy and vitality.
