Re: 21 U.S.C. Section 343(r)(6), Notification of Statements on Dietary Supplements

Dear Sir/Madam:

I hereby notify the Food and Drug Administration ("FDA") of the use of statements of nutritional support in the labeling of Super Colostrum Caps, a dietary supplement.

Statements being made in the labeling of Super Colostrum

- (1) NOW Super Colostrum combines Colostrum with herbal ingredients, Larch Arabinogalactan, Olive Leaf, and Astragalus to maximize immune system support. Colostrum is rich in immunoglobulins IgG, IgM, and IgA, which are important immunological proteins for both animals and humans. In addition, NOW has also included Eleuthero to support a healthy stress response, which is often helpful when immunity is challenged.

To the best of my knowledge, and based upon information and belief present at the time of the executing of this notice, I certify that the above information is accurate and complete. NOW Foods possesses substantiation that the statements are truthful and not misleading.
