

*Bend over!* Is your mind in the gutter? Did you know that anything you sweep into the gutter can get washed down a storm drain, ending up in the Boise River? Please keep trash out of the gutter. Bend over — sweep it up.

*Get more* information @ [partnersforcleanwater.org](http://partnersforcleanwater.org)

*"Zip, nada, zilch down those storm drains, folks!"*

*Get your butt out of the river!* Do cigarette butts really belong in the Boise River? When we flick cigarette butts into the street, they end up right there in the Boise River.

*Grossed out?* There's more! [partnersforcleanwater.org](http://partnersforcleanwater.org)

*"Zip, nada, zilch down those storm drains, folks!"*

*What's your guess?* How many fluorescent bulbs does it take to turn off a fishery? **One!** Just one broken tube can contaminate an acre of open water making fish unsafe for us to eat.

*Check this out* The amount of mercury washed down storm drains each year can be enough to contaminate a lake the size of Lucky Peak. **Don't be a boob — recycle that tube.**

*Turned on?* There's more on the web, go to [partnersforcleanwater.org](http://partnersforcleanwater.org) for your neighborhood pickup joint.

*"Zip, nada, zilch down those storm drains, folks!"*
