DMH INFORMATION NOTICE NO.: 07-16

TO: LOCAL MENTAL HEALTH DIRECTORS
LOCAL MENTAL HEALTH PROGRAM CHIEFS
LOCAL MENTAL HEALTH ADMINISTRATORS
COUNTY ADMINISTRATIVE OFFICERS
CHAIRPERSONS, LOCAL MENTAL HEALTH BOARDS

SUBJECT: FY 07-08 COMPLIANCE PROTOCOL FOR CONSOLIDATED
SPECIALTY MENTAL HEALTH SERVICES AND OTHER FUNDED
SERVICES

SUPERCEDES: DMH Information Notice No. 06-05

REFERENCE: Retain until rescinded

This Information Notice provides the specifics of the Department of Mental Health's (DMH) compliance review of Mental Health Plans (MHPs) in fiscal year (FY) 2007-2008. Enclosed are the following:

- Review Protocol for FY 2007-2008
 - Reasons for Recoupment in FY 2007-2008 (includes non-hospital, hospital, and other)
 - Medi-Cal Oversight Review Schedule for FY 2007-2008
- 1) Review Protocol for FY 2007-2008: DMH will review about one third of the MHPs in FY 07-08. In addition to the usual MHP personnel involved in the oversight review process, the MHP must also include direct service staff in the protocol review process in order to confirm that policies match practices. No specific number of direct service staff need be present, but there should be a sufficient number present during the course of the review process to demonstrate their knowledge of MHP policies, procedures, and processes related to items on the protocol.
 - 2) Reasons for Recoupment in FY 2007-2008: DMH will review a random sample of audit beneficiary charts and recoup Federal Financial Participation (FFP) dollars per the FY 07-08 Reasons for Recoupment. The Reasons for Recoupment remain unchanged from FY 06-07.

- a. *Non- Hospital Services*: Depending on the size of your county (large or small), DMH will review the documentation of services provided to 10 or 20 adult beneficiaries. This review includes all charts associated with their care during the review period. The review period will be a floating three-month period commencing six months prior to the month of the review. MHPs will be provided the beneficiary names a week before the review.

In addition to recouping FFP, when applicable, a Plan of Correction will be required for items found out of compliance with Section K, Chart Review - Non Hospital Services, of the protocol.

- b. *Short- Doyle/ Medi-Cal Hospital Services*: DMH will review a stratified sample of adult and children's charts that number 50 percent of the psychiatric unit's bed capacity. This review includes the documentation of all services provided to these beneficiaries during the most current three-month time period that contains a threshold number of approved claims.

In addition to recouping FFP, when applicable, a Plan of Correction will be required for items found out of compliance with Sections L and M of the protocol.

- 3) Review Schedule for FY 2007-2008: The schedule includes both system and hospital reviews. The non-hospital chart review will take place in conjunction with the system review. Hospital reviews will be scheduled at a different time.

DMH will review recoument data from SD/MC hospital reviews in FY 06-07 and determine additions to the FY 07-08 schedule. Revisions to the review schedule will be posted and may be viewed by linking to the review schedule listed as an enclosure under this Information Notice at: <http://www.dmh.ca.gov/InfoAdminProv/default.asp>

MHPs will receive an "announcement" letter about 30 days in advance of its scheduled system or hospital review. This letter will identify material to assist the MHP in preparing for the review.

This protocol was developed in collaboration with the Compliance Advisory Committee, which includes representatives from the California Mental Health Directors Association, the California Mental Health Planning Council, the Association of Local Mental Health Boards and Commissions, the Consumer/ Family Task Force, Protection and Advocacy, Inc., and other stakeholders.
