* Information not previously available or reported

Comment #1: The total number of employees is based on report received from National Finance Center, pay period 04.

Comment #2: SBA is unable to automatically determine the total number of employees that require background investigations/NACIs.

Thus, the Agency is assuming that all employees need background investigations, and has subtracted the number of employees that have undergone background check and NACIs under the Agency's HSPD-12 implementation.

The Agency understands it may have completed more background checks and NACIs than is currently reported.

Comment #3: The total number of contractors is based on the number of contractors with email addresses.

Contractors with email accounts have undergone the NACI/background investigation, in accordance with SBA's SOP.
